Data are preliminary and subject to change.

\*Rates are calculated using 2019 population estimates from the San Diego Association of Governments. Rates are not calculated for counts under 5 tests or populations under 10,000.

\*\*Other includes tests with patient addresses outside of San Diego County. Confirmed cases with addresses outside of San Diego County are not included in case counts.

\*\*\*Unknown includes tests with incomplete patient addresses.

Zip code is zip code of residence or congregate facility, which may not be location of specimen collection. The number of positive tests is not equivalent to the number of confirmed cases due to multiple positive tests per confirmed case.

The number of positive tests and cases by zip code may also vary due to address changes reflected in case data, but not testing data.

Rates based on small test counts may vary considerably and should be interpreted with caution.

Percent Positive may omit tests with unknown patient addresses and should be interpreted with caution.
