

DIFAAC BEERTAADA IYO XOOLAHAAGA

Durayga Avian (hargabka shinbaraha) ayaa si degdeg ah u faahi karta oo dili kara shinbiro badan oo ku jira xanaadadaada.

Hargabka shinbiraha ayaa sidoo kale cudur ku ridi kara xoolaha kale, iyo xataa dadka. Waa muhiim inaad xadido la kulanta dooradaadu la samayso xayawaannada kale, xayawaanka rabaayada ah, iyo dadka.

Dabool
saqafkaaga iyo
xayndaabkaaga.

Ka saar biyaha
fadhiya iyo cuntada
aan la cunin.

Xir oo ka saar qashin
qaadeyaasha si
amaan ah.

Adeegso humaago si aad
u cayriso shinbiraha
duurjoogta ah.

Ha soo daynsan ama
la wadaagin qalab.

Yaree booqashada
xeradaada
xayawaannada.

Adeegso Qalabka Kahortaga
Shaqsiga (PPE) marka aad
maaraynayso xayawaannada
jiran ama dhintay,
xayndaabyada, qashinka,
ama caanaha ceeriin.

HADDII AAD JIRATO:

Wac dhakhtarkaaga una sheeg haddii aad taabatay shinbiro xanuunsan ama xayawaanno kale oo xanuunsan.

SIDA LOOSOO SHEEGO:

Hargabka shinbiraha ayaa sababi kara in shinbirahaagu isla markaba xanuunsadaan oo dhintaan. Haddii aad ku aragto tiro qayru caadi ah oo ah shinbiro jiran ama bakhtiyay oo yaala xerada doradaada, Ka wac **Waaxda Cuntada iyo Beeraha ee California (California Department of Food and Agriculture)** lambarka **1-866-922-BIRD (2473)** isla markaba. Xayawaannada kale ee beerta ee jiran, wac **(909) 947-5932**.

Haddii shinbiro dhintay aad hesho, xaqiiji inaad u sheegto shinbirahaas **Waaxda Kaluunka iyo Duurjoogtada ee California (California Department of Fish and Wildlife)** adoo raacaaya koodhka QR ee hoose.

Iskaanka mari koodhka
QR si aad u hesho
xo dheeri ah oo ku
saabsan hargabka
shinbiraha.
