SECTOR ANNOUNCEMENTS

January 19, 2022

During the current Omicron surge, COVID-19 vaccines (primary series and boosters) are an essential way for our communities to stay healthy. We would like to share [COVID-19 vaccine resources for long-term care facilities \(LTCFs\)](#) from CDPH. This resource includes ways you can request on site vaccine and booster assistance from CDPH who will work with you to send one of their teams to your facility. Submit your request for assistance through [CDPH Survey Regarding assistance with boosters](#). The State Public Health Officer Orders make COVID-19 boosters mandatory for health care workers by February 1, 2022. Visit [COVID-19 Vaccines](#) for vaccination sites for staff or utilize local pharmacies and your staff's primary healthcare providers. We know our residents are a very vulnerable population. Please email

COVID-HealthcareStatus@sdcounty.ca.gov if these resources do not provide assistance with your immobile residents who need vaccination or boosters and one of our team members can help you.

CDPH is temporarily waiving the return-to-work criteria for HCP of SNFs, Acute Hospitals, and Psychiatric Hospitals due to the critical staffing shortages through February 1, 2022. Please reference [AFL 21-08.7](#) which was released on January 8 or this updated guidance and supersedes AFL 21-08.6.

Testing has been in high demand. If your facility is in need of testing kits please reach out to logs.testing.hhsa@sdcounty.ca.gov. If you are a SNF without an outbreak, please use commercial laboratories until further notice. Click [here](#) to view commercial lab resources. You can also order four free at-home COVID-19 tests for personal family use through <http://www.covidtests.gov>.

Lastly, please note the [Requirements for Visitors in Acute Health Care and Long-Term Care Settings](#) to require additional testing of visitors is in place until February 7, 2022. This applies to SNFs, ICFs, and all Adult and Senior Care Residential Facilities licensed by the California Department of Social Services.

Finally, all California Department of Social Services please note there is an informational Zoom call today from 1-2:30pm. Please see the PIN 22-02-ASC link below which contains all of the information you will need to join in.

Please find information below regarding the latest guidance and resources from county, state, and federal organizations, including new updates:

- [PIN 22-01-ASC](#) Update regarding the Emergency and Disaster Plan form (LIC 610D) for Adult Community Care Facilities
- [PIN 22-02-ASC](#) Informational call regarding infection prevention: upcoming COVID-19 requirements and guidance
- [PIN 22-03-ASC](#) Announces organizational changes in the Adult and Senior Care Program.
- [PIN 22-04-ASC](#) Updates Statewide visitation waiver, and testing and vaccination verification guidance for visitors related to COVID-19
- [AFL 22-02](#) Notice of Testing Supply Availability and Distribution Process

For other questions, email COVID-LTC@sdcounty.ca.gov or for more information for long-term care facilities, visit www.coronavirus-sd.com/LTC. Thank you for your continued efforts and partnership with the County of San Diego!

California Health Alert Network San Diego

Health Alert #48: Coronavirus Disease 2019 (COVID-19) Management of Healthcare Personnel with SARS-CoV-2 Infection or Exposure

The California Department of Public Health has announced temporary guidance on Quarantine and Isolation for certain Health Care Personnel (HCP) (AFL 21-08). From January 8, 2022 until February 1, 2022, HCP who test positive for SARS-CoV-2 and are asymptomatic may return to work immediately without isolation and without testing. HCP who have been exposed and are asymptomatic may return to work immediately without quarantine and without testing. These HCP must wear an N95 respirator for source control. Assigning COVID positive staff to the care of COVID positive patients is recommended when practicable. The HCP covered by AFL 21-08 is limited to General Acute Care Hospitals (GACHs), Acute Psychiatric Hospitals (APHs), Skilled Nursing Facilities (SNFs) and Emergency Medical Services (EMS) personnel. The San Diego County Health Officer Order on Quarantine issued January 3, 2022 allows asymptomatic HCP not covered by AFL 21-08 to return to work seven days after close contact with negative diagnostic test results if they remained asymptomatic throughout quarantine. [1-11-22.pdf \(sandiegocounty.gov\)](#)

Health Alert #47: Coronavirus Disease 2019 (COVID-19) Management of Healthcare Personnel with SARS-CoV-2 Infection or Exposure

Maintaining appropriate staffing in healthcare facilities is essential to providing a safe work environment for healthcare providers and for safe patient care. Given the current COVID-19 surge in cases, the Centers for Disease Control and Prevention has updated guidance on mitigation strategies of staffing shortages for healthcare facilities. Important changes in the guidance include an allowance for healthcare personnel (HCP) to have shortened isolation and removal of work restrictions following exposure depending on vaccination status (including booster), symptoms, and SARS-CoV-2 test results. [12-29-21.pdf \(sandiegocounty.gov\)](#)

California Department of Public Health

NEW! [AFL 22-02](#) to Skilled Nursing Facilities, January 14, 2022

Notifies SNFs that the state is sending roughly 330,000 Clinical Laboratory Improvement Amendments (CLIA) waived BinaxNow antigen tests to SNFs for the purposes of testing visitors seeking indoor visitation.

[AFL 21-08.7](#) to General Acute Care Hospitals, Acute Psychiatric Hospitals, and Skilled Nursing Facilities, January 8, 2022

Notifies facilities that from January 8, 2022 until February 1, 2022, HCP who test positive for SARS-CoV-2 and are asymptomatic, may return to work immediately without isolation and without testing, and HCPs who have been exposed and are asymptomatic may return to work immediately without quarantine and without testing. These HCPs must wear an N95 respirator for source control.

[AFL 22-01](#) to All Facilities, January 7, 2022

Provides the rollout schedule for centralization of the program flexibility process by district office and prioritization criteria for registering users for the online application. This AFL announces the new online application for Program Flexibility and Patient Needs Waiver and Workforce Shortage Waiver Applications and provides information on how to register as a user.

[AFL 20-35.6](#) to All Facilities, December 31, 2021

Notifies all facilities of a temporary waiver of specified statutory and regulatory requirements for CNAs due to the state of emergency related to the COVID-19 outbreak. Informs all facilities and applicants that the temporary waiver of specified regulatory requirements for initial certification, renewal, and expired certification have been extended until March 31, 2022, in compliance with Executive Order [N-21-21](#) (PDF). The waivers for tuberculosis testing, reciprocity, and report of address change will expire effective December 31, 2021. This AFL informs applicants and certificate holders how to obtain/maintain an active/employable status after the expiration of the listed waivers.

[AFL 20-40.3](#) to All Facilities and Nurse Assistant Training Programs, December 31, 2021

Notifies all facilities of a temporary waiver of specified statutory and regulatory requirements for NATPs and nursing facilities due to the state of emergency related to the COVID-19 outbreak. This revision also notifies all facilities the temporary waiver of specified regulatory requirements contained in this AFL are extended until March 31, 2022.

[AFL 20-49.4](#) to All Facilities, December 31, 2021

Notifies all facilities of a temporary waiver of specified statutory and regulatory requirements for HHAs due to the state of emergency related to the COVID-19 outbreak. This AFL also notifies all facilities that the temporary waiver of specified statutory and regulatory requirements is extended until March 31, 2022.

[AFL 20-57.3](#) to All Facilities, December 31, 2021

This AFL notifies all HHA Training Programs of a temporary waiver of specified statutory and regulatory requirements for HHA Training Programs due to the state of emergency related to the COVID-19 outbreak. This revision also notifies all facilities that the temporary waiver of specified statutory and regulatory requirements is extended until March 31, 2022.

[AFL 21-34.1](#) to All Facilities, December 27, 2021

Notifies all facilities of the December 22, 2021 [Public Health Order](#) and requires HCP to receive boosters and be up to date with vaccinations by February 1, 2022, unless exempt. This revision also updates the testing requirements to require twice weekly COVID-19 testing for unvaccinated exempt HCP and booster-eligible HCP who have not yet received their booster all HCP regardless of vaccination status in an acute care or long-term care setting and requires weekly testing COVID-19 testing for unvaccinated exempt HCP and booster-eligible HCP who have not yet received their booster in other health care settings.

View other AFLs at the [All Facilities Letter](#) webpage.

California Department of Social Services

NEW! [PIN 22-01-ASC](#) to All Adult Care Program Licensees, January 6, 2022

Announces the release of an updated Emergency and Disaster Plan form for Adult Care Facilities.

NEW! [PIN 22-02-ASC](#) to All Adult and Senior Care Program Licensees, January 14, 2022

Announces an upcoming informational call with Adult and Senior Care (ASC) licensees and their staff on January 19, 2022 regarding infection prevention in light of continuing COVID-19 requirements and guidance. The call is on Wednesday, January 19, 2022 1:00 PM – 2:30 PM. Please click the link below to join the webinar:

<https://ucsf.zoom.us/j/93700432518?pwd=dlp5T2xKSElrQkU1ZnVXZC8vVUNpQT09> Passcode: 167686 Webinar ID: 937 0043 2518

NEW! [PIN 22-03-ASC](#) to All Adult and Senior Care Program Licensees, January 18, 2022

Announces new changes in the Adult and Senior Care Program.

NEW! [PIN 22-04-ASC](#) to All Adult and Senior Care Program Licensees, January 18, 2022

Informs Adult and Senior Care (ASC) residential licensees of the Public Health Officer Order of December 31, 2021, which supersedes the August 26, 2021 Requirements for Visitors in

Acute Health Care and Long-Term Care Settings. Pursuant to the terms of this Order, this PIN updates the Visitation Waiver and processes for verifying the vaccination status and test results of all visitors, in order to have an indoor or outdoor visit. This Order took effect on January 7, 2022. Facilities must be in full compliance at that time. This Order will remain in effect until February 7, 2022, and the California Department of Public Health (CDPH) and California Department of Social Services (CDSS) will continue to assess ongoing conditions during this time to determine any further updates.

[PIN 21-53-ASC](#) to All Adult and Senior Care Program Licensees, December 28, 2021
Provides notification regarding update COVID-19 vaccination and booster requirements for all workers of ASC facilities. This PIN informs licensees that workers currently eligible for boosters who provide services or work in indoor settings where (1) care is provided to individuals, or (2) persons in care have access for any purpose, are required to be fully vaccinated and receive a booster dose for COVID-19 no later than February 1, 2022, if eligible. Workers not yet eligible for boosters must be in compliance no later than 15 days after the recommended timeframe as specified in the table below for receiving the booster dose.

[PIN 21-52-ASC](#) to All Adult and Senior Care Program Licensees, December 28, 2021
Provides a summary of and implementation information for legislation chaptered in 2021 affecting licensed Adult and Senior Care facilities. The changes to the statutes referenced in this PIN become operative January 1, 2022.

[PIN 21-51-ASC](#) to All Adult and Senior Care Program Licensees, December 15, 2021
Informs Adult and Senior Care (ASC) licensees about the availability of both the third (additional) dose and booster dose of COVID-19 vaccines.

Dashboard](#)

Federal Retail Pharmacy Program (FRPP) Update on COVID-19 Vaccines

The CDC allocates COVID-19 vaccines directly to enrolled retail and LTC pharmacies. Three LTC-specific groups (MHA, Innovatix-PharMerica, and GeriMed) receive federal doses and allocate them to member pharmacies who can then provide vaccines to LTC facilities. Not every LTC pharmacy in California is enrolled in the the Federal Retail Pharmacy Program (FRPP). To request vaccines from your contracted LTC pharmacy:

1. Enroll in the San Diego Immunization Registry: <http://www.sdiz.org/cair-sdir/enrollment.html>
2. Contact your pharmacy to determine if they are enrolled in the FRPP.
 - If the LTC pharmacy is enrolled in the FRPP, the pharmacy can subcontract with facilities to also administer the vaccine, and the facility does NOT need to enroll as a vaccine provider.
 - If the LTC pharmacy is **NOT** enrolled in the FRPP, facilities can register to be a vaccinator through <https://mycavax.cdph.ca.gov/s/>.
3. If your contracted pharmacy cannot assist, you may request assistance from other San Diego LTC pharmacies enrolled in the FRPP:
 - Guardian Pharmacy Services (MHA): cvrs@guardianpharmacy.net
 - Omnicare of San Diego: Chadd.Eno@omnicare.com
 - Pharmerica (Innovatix): ImmunizeLTC@pharmerica.com

- SNP Pharmacy LLC (MHA): vaccines@snp-rx.com

UPDATED: Please view contact information for [additional retail pharmacies](#) that offer on-site clinics:

If you have residents that are immobile or unable to leave the facility (such as those with dementia or behavioral health challenges) and the resources above are not able to accommodate your facility for an on-site vaccination clinic, please email COVID-HealthCareStatus@sdcounty.ca.gov. **Due to a high number of requests, it may take our County team a few weeks to complete incoming vaccination clinic requests.**

Updated Isolation & Quarantine Guidelines

The San Diego County Public Health Officer Orders for [Isolation](#) and [Quarantine](#) have been updated as of 1/3/22.

Updated COVID-19 Vaccine Recommendations

The CDC has [recommended](#) that individuals to receive a mRNA COVID-19 vaccine (Pfizer or Moderna) over the Johnson & Johnson vaccine, including for booster doses. For more information, visit the [Clinical Considerations for Use of COVID-19 Vaccines](#).

Oral Antiviral Treatments for COVID-19

The FDA recently authorized two oral antiviral treatments for COVID-19: [Merck's molnupiravir](#) and [Pfizer's Paxlovid](#). The two COVID-19 oral treatments will be available in San Diego in the coming days. Please visit the [County News Center](#) for information about how the California Department Public Health will distribute the first shipments in San Diego County.

Mask Mandate for Indoor Public Places

Starting on December 15, Californians must wear a mask in all indoor public settings, regardless of their vaccination status. **The indoor face covering mandate was extended at least through February 15, 2022** and then will be reevaluated. For more information, check out the [CDPH Face Coverings Q&A](#). [Masking signage](#) has also been updated.

Updated Mega Events Guidance

The [CDPH Beyond the Blue Print for Industry and Business and Sectors Guidance](#) was updated on December 31. People who cannot provide proof of full COVID-19 vaccination status at a Mega Event must get a negative COVID-19 test result within 1 day for an antigen test and 2 days for a PCR test before the event.

COVID-19 Omicron Variant

To [protect yourself from the Omicron variant](#), you can get vaccinated and get a booster if you qualify, wear a well-fitting mask, get tested if you have COVID-19 symptoms, wash your hands frequently, and practice physical distancing.

Resources: Answers to Tough Questions: [Omicron Variant](#) | [CDPH Fact Sheet: Omicron Variant](#) | [CDC: Omicron Variant: What You Need to Know](#)

COVID-19 Booster Dose

The COVID-19 booster dose is recommended for everyone ages 16 and older. No-cost booster vaccines are widely available throughout the region, including at medical providers' offices, pharmacies, health clinics, and County vaccination locations. Visit coronavirus-sd.com/vaccine for more information.

Resources: [COVID-19 Booster Vaccines](#) | [Boosters Questions & Answers](#) | [Booster Dose Messaging & Outreach Tools](#)

CDPH Toolkit: Prevent a Winter COVID-19 Surge

In response to the increase in cases and hospitalizations, and to slow the spread of Delta and the Omicron variants, CDPH created a toolkit to help [Prevent a Winter COVID-19 Surge](#). Visit the toolkit for a fact sheet and social media messages to share with your networks.

Crucial Vaccination Conversations: A Roadmap to Engage Women and Their Communities

As women make approximately 80 percent of household decisions about health care in their families, women caregivers play an important role in immunization education. The Society for Women's Health Research created [Crucial Vaccination Conversations: A Roadmap to Engage Women and Their Communities](#), which is a flexible, open-ended tool for community vaccine outreach.
