

GUEST CERTIFICATION FOR HOTELS AND LODGING ESTABLISHMENTS

Under Executive Order N-33-20 issued by the Governor of the State of California, and by Order of the State Health Officer (“Stay-at-Home Order”), all individuals in the State of California are to stay at home or in their place of residence except as needed to maintain the continuity of operations of the federal critical infrastructure sectors. Hotels that are used for COVID-19 mitigation and containment measures, treatment measures, providing accommodation for essential workers, or providing housing solutions, including measures to protect homeless populations are essential under the State orders.

The State Health Officer has set out California’s path forward from this Stay-at-Home Order in California’s Pandemic Roadmap. That Roadmap identifies four stages of the pandemic: safety and preparation (Stage 1), reopening of lower-risk workplaces and other spaces (Stage 2), reopening of higher-risk workplaces and other spaces (Stage 3), and finally an easing of final restrictions leading to the end of the stay at home order (Stage 4). Hotels are higher-risk workplaces and may not be open for non-essential purposes until Stage 3.

By Order of the San Diego County Public Health Officer all hotels and lodging establishments must require guests to certify that they are staying in the hotel in compliance with the “Stay-at-Home Order.”

I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that I meet one of the following categories:
