WHEN SHOULD YOU GET THE UPDATED BOOSTER?

Obtain the updated booster at least 2 months after a COVID-19 primary series or one or more original boosters.

WHO SHOULD GET THE UPDATED BOOSTER?

- Individuals aged 6 months and up* are eligible for the updated Pfizer booster.
 - Children aged 6 months to 4 years who received 2 doses of the Pfizer monovalent vaccine should complete their 3-dose series with Pfizer bivalent vaccine. Children in this group are not eligible for an updated booster at this time.
- Individuals aged 6 months and up are eligible for the updated Moderna booster.

*CDC recommendation as of March 16, 2023.
