20. This Order is issued as a result of the World Health Organization’s declaration of a worldwide pandemic of COVID-19 disease, also known as “novel coronavirus.”

21. This Order is issued based on scientific evidence regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, as well as best practices as currently known and available to protect vulnerable members of the public from avoidable risk of serious illness or death resulting from exposure to COVID-19. The age, condition, and health of a significant portion of the population of the county places it at risk for serious health complications, including death, from COVID-19. Although most individuals who contract COVID-19 do not become seriously ill, persons with mild symptoms and asymptomatic persons with COVID-19 may place other vulnerable members of the public—such as older adults, and those with underlying health conditions—at significant risk.

22. The actions required by this Order are necessary to reduce the number of individuals who will be exposed to COVID-19, and will thereby slow the spread of COVID-19 in the county. By reducing the spread of COVID-19, this Order will help preserve critical and limited healthcare capacity in the county and will save lives.

23. This Order is issued in accordance with, and incorporates by reference: a) the Declaration of Local Health Emergency issued by the Health Officer on February 14, 2020; b) the Proclamation of Local Emergency issued by the County Director of Emergency Services on February 14, 2020; c) the action of the County Board of Supervisors to ratify and continue both the local health emergency and local emergency on February 19, 2020; d) the Proclamation of a State of Emergency issued by the Governor of the State of California on March 4, 2020; e) Executive Order N-25-20 issued by the Governor of the State of California on March 12, 2020 which orders that “All residents are to heed any orders and guidance of state and local health officials, including but not limited to the imposition of social distancing measures, to control COVID-19”; f) Proclamation 9984 regarding COVID-19 issued by the President of the United States on March 11, 2020; g) Executive Order N-33-20 issued by the

Governor of the State of California on March 19, 2020; h) the “Interim Additional Guidance for Infection Prevention and Control for Patients with Suspected or Confirmed COVID-19 in Nursing Homes” issued by the CDC; i) COVID-19 guidance issued by the California Department of Public Health on including, but not limited to the Face Coverings Guidance issued on April 1, 2020; and j) the State of California’s “Resilience Roadmap.”

24. This Order is issued to prevent circumstances often present in gatherings that may exacerbate the spread of COVID-19, such as: 1) the increased likelihood that gatherings will attract people from a broad geographic area; 2) the prolonged time period in which large numbers of people are in close proximity; 3) the difficulty in tracing exposure when large numbers of people attend a single event or are at a single location; and 4) the inability to ensure that such persons follow adequate hygienic practices.
25. This Order is issued to provide additional opportunities for recreational activities while also requiring additional protections from the spread of COVID-19 to the public who are taking advantage of these opportunities for recreational activities. And providing additional protections for employees of essential businesses or reopened business and their customers/clients by increasing facial covering requirements and health checks and temperature screening.
26. This Order is issued to protect the public health as businesses are allowed to reopen by requiring businesses to implement procedures necessary to ensure their employees and customers comply with social distancing, sanitation and screening practices.
27. This Order comes after the release of substantial guidance from the Health Officer, the California Department of Public Health, the CDC, and other public health officials throughout the United States and around the world.
28. Pursuant to Health and Safety Code section 120175.5 (b) all governmental entities in the county shall take necessary measures within the governmental entity’s control to ensure compliance with this Order and to disseminate this Order to venues or locations within the entity’s jurisdiction where gatherings may occur.
29. Violation of this Order is subject to fine, imprisonment, or both. (California Health and Safety Code section 120295.)
30. To the extent necessary, this Order may be enforced by the Sheriff or chiefs of police pursuant to Government Code sections 26602 and 41601 and Health and Safety Code section 101029.

31. Once this Order takes effect it shall supersede the Order of the Health Officer and Emergency Regulations dated May 21, 2020.
