Thomas Coleman, MD, MS, Medical Director, Public Health Services Healthy Families and Communities Division, Health and Human Services Agency

August 4, 2026

COUNTY OF SAN DIEGO
HEALTH AND HUMAN SERVICES AGENCY

LIVE WELL SAN DIEGO

Maternal, Child, and Adolescent Health Background

Historically:

- Received Maternal, Child, and Adolescent Health Division Title V Block Grant funding since 1997

Goal:

- Improve health of women of reproductive age, infants, children, adolescents, and their families

Five Health Domains:

- Women/Maternal
- Perinatal/Infant
- Child
- Children and Youth with Special Health Care Needs
- Adolescent

Maternal, Child, and Adolescent Health Services and Outcomes

Service Outcomes	• Linked **99.7% (394/395)** of eligible callers to Medi-Cal and Medi-Cal Dental • Linked **75.6% (343/453)** of callers to a provider within 30 days • Connected **95% (19/20)** of families experiencing loss due to Sudden Infant Death Syndrome (SIDS) to a Public Health Nurse within 3 business days
Policy, Systems, and Environmental Outcomes	• Collaborated with **112** organizations to strengthen referral pathways and improve service access • Trained **207** health professionals and community partners on SIDS reduction • Provided health education/community resources to **240** high school students • Supported **9 school districts** in adopting Local School Wellness Policies • Initiated **3** long-term coordination improvement projects with **25** organizations for Children and Youth with Special Health Care Needs

California Home Visiting Program Background

Historically:

- Implemented California Home Visiting Program (CHVP) since 2012

Goal:

- Help families build a safe, healthy start for their babies by providing support, education, and resources

Innovation 3.0 Funding Award:

- Received competitive award from California Department of Public Health to enhance CHVP services
- Provide ancillary support to improve health outcomes for birthing people and infants eligible for, but not enrolled, in home visiting

Proposed Services and Anticipated Outcomes

Proposed Services

- Provide follow-up to ensure linkage to services and reinforce health messages
- Offer community engagement sessions that help families connect and receive education and support
- Facilitate enrollment and re-engagement in home visiting services

Anticipated Outcomes

- Increase in access and utilization of health care services
- Increase social connections through community sessions
- Increase enrollment and engagement in home visiting services

Recommendations

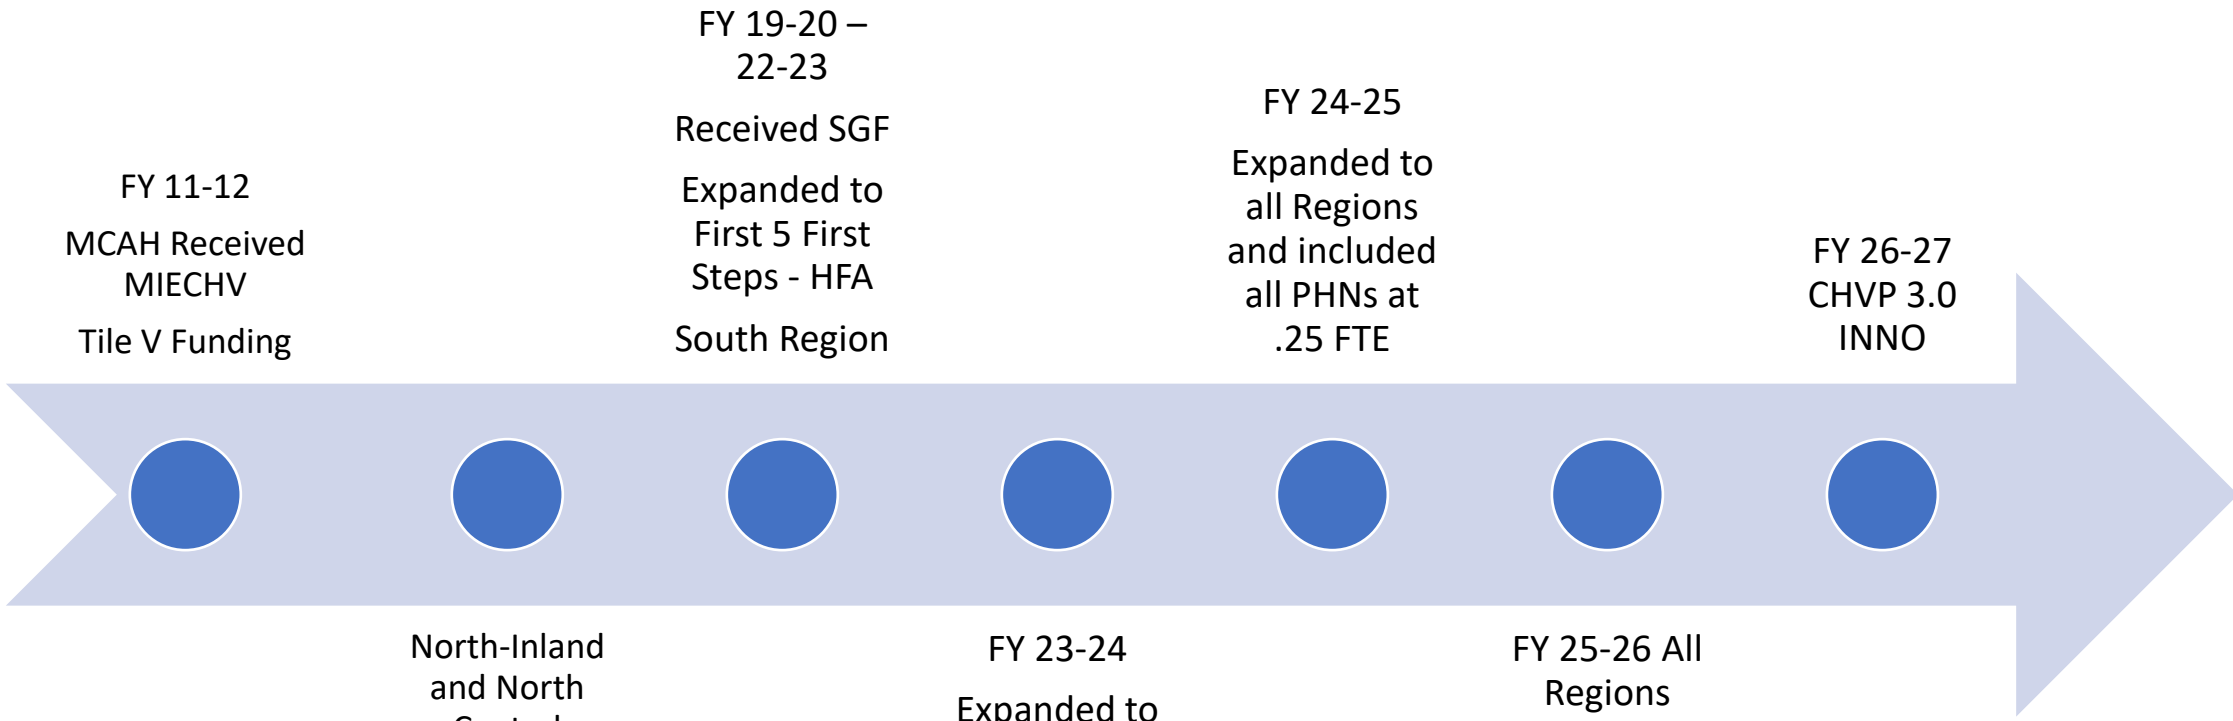

1. Waive Board Policy B-29, Fees, Grants, and Revenue Contracts-Department Responsibility for Cost Recovery, which requires prior approval of grant applications and full-cost recovery of grants.

2. Authorize the acceptance of Title V MCH Block Grant funding from the California Department of Public Health, Maternal, Child, and Adolescent Health Division for $320,491 for July 1, 2026 through June 30, 2027, and subsequent annual allocations of $320,491 for the period of July 1, 2027, through June 30, 2029; and authorize the Chief Administrative Officer or designee, to execute all required grant documents, including any annual extensions, amendments, and/or revisions thereto that do not materially impact or alter the services or funding level.

3. Authorize the acceptance of CHVP SGF Innovation 3.0 funding from the California Department of Public Health, Maternal, Child, and Adolescent Health Division for a California Home Visiting Program Innovation grant for CDPH for $600,000 for the period of July 1, 2026, through June 30, 2027, and subsequent annual allocations of $600,000 for the period of July 1, 2027, through June 30, 2029, and authorize the Chief Administrative Officer or designee, to execute all required grant documents, upon receipt, including any annual extensions, amendments, or revisions that do not materially impact or alter the services or funding level.

4. Authorize the Chief Administrative Officer or designee to apply for additional funding opportunities, if available, to improve health equity for San Diego County residents, with a focus on addressing the health of women of child-bearing age, pregnant and expecting parents, children, adolescents, and families in San Diego County.
