Public Health Officer's Report

I. Communicable Disease Issues

A. Infectious Disease Issues

1. Influenza

- **Overall reported influenza cases declined in San Diego County, however elevated activity may be expected at least for several more weeks.**
- **As of 1/25/2020, there have been 11,778 reported cases of Influenza since July 1, 2019**
- **As of 1/25/2020, there have been 39 reported Influenza associated deaths since July 1, 2019**
- **A new milestone has been reached related to influenza vaccinations. For the first time ever as of 1/18/2020, we have achieved over 1 million flu vaccinations registered in the San Diego Immunization Registry (SDIR). These reflect vaccinations administered and reported by many types of providers, hospitals, pharmacies, and County staff.**
- The annual Kick the Flu Summit took place on September 18, 2019 at the San Diego City Library from 9am to 12:30pm. This annual event brings together medical and health partners in order to provide season updates, empower and inform participants to promote flu vaccinations throughout San Diego County.

2. Measles

- **No new cases reported in recent months.**
- **For calendar year 2019 to date, there have been two reported confirmed measles cases.**
- Ongoing measles hot spots around the world continue to require extra vigilance by San Diego County.
- Numerous suspect measles reports have been received and require immediate attention. So far, no local confirmed cases have been reported.
- Five CAHAN alerts have been sent out in 2019.
- Six press releases have occurred in 2019.
- Weekly Situational Reports (SitReps) are being produced.

3. Mumps

- **From January 1 to December 6, 2019, there have been 3,252 mumps infections reported to the CDC.**
- **There have been 229 cases reported in California in 2019 so far.**
- **As of December 23, there have been 65 cases of confirmed or probable mumps reported in San Diego County during 2019.**
- **The median age is 28 and the age range is from 9 months to 79 years of age.**
- **For the 65 San Diego cases, 8 have been associated with an outbreak at the Otay Mesa detention facility.**
- **Note: The incidence of mumps in Baja, California Mexico has seen significant increases in 2018 and 2019. We are aware that at least 6 of the 45 San Diego cases have Tijuana connections.**

4. 2019 Novel Coronavirus

- **Since early December 2019, a new strain of coronavirus was identified as the cause of an outbreak of respiratory illness first detected in Wuhan, China. This virus is now known as Novel Coronavirus (2019-nCoV). Confirmed cases of this virus have now been identified in many places in China and in the world. Currently, it's unclear how easily this virus is spreading between people.**
- **There have been no confirmed cases of 2019-nCoV identified in San Diego. The County of San Diego is on high alert for the identification of a 2019 Novel Coronavirus (2019-nCoV) case here in San Diego County.**
- **The goal is to rapidly detect a case of this virus and prevent the spread of this virus within San Diego County**

- The County of San Diego has developed a 2019 Novel Coronavirus (2019-nCoV) Emerging Disease Response Plan (Plan) to address the County of San Diego’s response to the current potential of a 2019-nCoV case or outbreak within San Diego County.
- The key features of the Plan will be: 1) public health surveillance and investigation; 2) public health laboratory specimen collection, transport, and testing; 3) guidance to healthcare community; 4) communication to the public; 5) planning, preparedness, and response; and 6) collaboration with state health department and the Centers for Disease Control and Prevention (CDC).

II. Board Actions

- Hepatitis C Elimination Initiative:** November 20, 2018. BOS approved the initiative with authority to return in November 19, 2019 with nine recommendations. A presentation to the HSAB took place on November 5, 2019.
- Tuberculosis Elimination Initiative:** July 23, 2019. BOS approved the initiative, with authority for TB Control to return to the BOS with recommendations in 12 months. The Planning Committee is in place and meeting. The Medical Advisory Meeting is on January 16, 2020.
- BHS and PHS Opioid Response Plan:** July 23, 2019. BHS strategic plan approved. BOS authorized quarterly updates and an annual report.

III. Public Health Issues
