[Payable at the time when the initial registration form is filed and every 6 months thereafter while one type of testing is to be conducted at a single location.]

Semiannual filing fee for each additional type of Program: \$27.00

[Payable at the time when the semiannual general filing fee and registration form are submitted and every 6 months thereafter for each location where an additional type of test is to be conducted.]

Semiannual filing fee for each additional location: \$78.00

[Payable at the time when the semiannual general filing fee and registration form are submitted and every 6 months thereafter while an assessment program is conducted at an additional location.]

Maximum filing fee per 12-month period: \$1,020.00

Consultation, per hour or fraction thereof \$33.00

"Type of test" definition: the substance in the blood that is being measured. Includes glucose, cholesterol (total cholesterol and/or HDL and or LDL and/or triglycerides), hemoglobin A1c, and ALT/AST.

"Assessment program" definition: A health assessment program in which a specimen collected from each human subject is tested for one or more substances using a single type of analyzer (e.g. blood cholesterol and blood glucose both tested on a model A6 analyzer manufactured by XYZ Company).

"Location" definition: the physical area with a specific mailing address where a health assessment program is being conducted (e.g. a company benefits program health fair).

Checks are payable to: County of San Diego – HHSA

Further details on regulation for fee is in NDGHA Implementation manual
