    Location: Southeastern Live Well Center, 5101 Market Street, San Diego, CA 92114 (Meeting Rooms B and C)
11. Adjournment

Principles for PSRA Decision-Making Process	**Criteria for the PSRA Decision-Making Process**
Principles Guiding Decision Making (Priorities should reflect the Principles) 1. Decisions are made in an open, transparent process 2. Decisions are based on documented needs (Needs assessment, etc.) 3. Decisions are based on overall needs within the service area, not narrow single focus concerns 4. Decisions include reports from the Needs Assessment committee of the HIV Planning Group 5. Services should be responsive to the epidemiology of HIV in San Diego, including demographics and region 6. Services must be culturally and linguistically appropriate and responsive 7. Services should focus on the needs of low-income, underserved, and disproportionately impacted populations 8. Services should minimize disparities in the availability and quality of treatment for HIV/AIDS 9. Equitable access to services should be provided across subpopulations and regions	**Criteria for Priority Setting** 1. Documented need based on: a. Epidemiology of San Diego epidemic (Epi data) b. Needs and unmet needs expressed in needs assessment, including the needs expressed by consumers, not in care and/or from historically underserved communities (Needs assessment data) 2. Minimize disparities in the availability and quality of treatment for HIV/AIDS (Demographic service utilization data compared to HIV/AIDS demographic) 3. Quality, outcome effectiveness, and cost-effectiveness of services (Measured by service category outcomes, CQM, and client satisfaction data by service category) 4. Consumer preferences or priorities for interventions or services, particularly for populations with severe need, historically underserved communities, or those who know their status but are not in care 5. Consistency with the continuum of care
