Principles for PSRA Decision-Making process	Criteria for PSRA Decision-Making process
Principles Guiding Decision Making (Priorities should reflect the Principles) <ol style="list-style-type: none">1. Decisions are made in an open, transparent process2. Decisions are based on documented needs (Needs assessment, etc.)3. Decisions are based on overall needs within the service area, not narrow single focus concerns4. Decisions include reports from the Needs Assessment committee of the HIV Planning Group.5. Services should be responsive to epidemiology of HIV in San Diego, including demographics and region6. Services must be culturally and linguistically appropriate and responsive7. Services should focus on needs of low-income, underserved and disproportionately impacted populations8. Services should minimize disparities in the availability and quality of treatment for HIV/AIDS9.
