## **County Medical Services**

The County of San Diego Health and Human Services Agency operates the County Medical Services (CMS) Program and AmeriChoice manages the day-to-day business. CMS assists uninsured adult County residents who have been denied Medi-Cal obtain medical care. CMS uses a network of community health centers, private physicians, and local hospitals in providing services.

CMS is not health insurance; it is a program of last resort for eligible adults and only covers necessary medical services.

CMS covers the cost of your immediate and on-going medical care. Conditions such as pregnancy, routine physicals, and mental health are never covered by CMS; and some services may have only limited coverage.

The County reserves the right to impose a lien against your property for services covered by CMS. The County further reserves the right to require a Reimbursement Agreement, signed by you, as a condition of eligibility. The Reimbursement Agreement permits the County to bill you directly for repayment of CMS services that you were provided.

This handbook tells you where and how to receive CMS medical services, and the type of medical care available.

## Eligibility

Whether you have an unexpected health problem like an infection, an accident, or a long-term medical problem, such as diabetes or high blood pressure, CMS may cover medical expenses for you if you qualify. CMS does not cover bills for services received before the date of your CMS application. You must apply for Medi-Cal and receive a denial prior to scheduling a CMS eligibility appointment. You must schedule an interview, complete an application, and be approved for CMS to be considered covered by CMS. Call (800) 587-8118 to make your application appointment. Eligibility locations are listed on page 12.

If you qualify for CMS, you:

- Will be initially certified for up to six months
- Will be asked to choose one of the community health centers as your primary care provider
- Will receive a CMS card and a Notice of Action. When you receive any medical service, you must show your card or your Notice of Action to the medical provider

### Share of Cost

Share of cost is the amount that you must pay, or be obligated to pay, toward the cost of CMS covered health care services. In any month that you receive CMS services, you will be billed by the County for your share of cost or the amount of CMS services, whichever is less. You will not be billed for months when you did not receive CMS services.

### When Your Card Expires

If you have an ongoing medical/dental need and will require CMS coverage past your certification period, you will need to attend an interview to be evaluated for ongoing CMS eligibility. To request an appointment for the interview, you must: **Call (800) 587-8118 at least 30 days before your certification period ends.**

If you have certain chronic health condition(s) covered by CMS, your eligibility period may be renewed for up to 12 months.

If you are admitted to the hospital through the emergency room and your CMS card has expired, the hospital may arrange for you to complete an application while you are in the hospital.

# County of San Diego CMS Patient Handbook

Each time you apply for CMS you will be asked to provide:

- Proof of identity
- Proof of county residence
- Proof of immigration status, if applicable
- Proof of your current income and resources

If you are found to be eligible, CMS will be approved starting your month of application. If you received care between the date of your application and the date your application is approved, CMS will only pay for unpaid CMS covered services. Information about CMS covered services begins on page 2 of this handbook.

## **What to Do When You Have Been Injured By Another Person**

If another person causes your injury, that person may be responsible for paying for your medical care. CMS has the right to seek repayment from that person. You must report to CMS whenever you have been injured in an accident, including on-the-job injury. You must call the Third-Party Liability section of CMS at (800) 587-8118 to report the accident.

## **Selecting a Primary Care Provider**

After your eligibility has been approved, you will be asked to select one of the community health centers as your primary care provider. The primary care provider you select will be listed on the front of your CMS card.

Your primary care provider will coordinate your medical care, as appropriate, either by providing treatment or by sending a Treatment Authorization Request (TAR) to CMS for treatment that needs to be approved by CMS in advance.

## **Changing Your Primary Care Provider**

You may change your primary care provider if:

- You have moved to a new area in the county
- You need medical care that cannot be provided by your current primary care provider
- There are differences between you and your primary care provider that cannot be resolved through the complaint process

Call CMS Patient Information at **(800) 587-8118** to request a change and tell the representative the reason for the change. You are an important partner in your medical care, and you can help doctors and nurses in providing you with the best care possible.

## How to Receive CMS Services

When you become eligible for CMS, be sure to follow these instructions so your medical care will be covered:

### Dental Services

CMS covers dental care ONLY at a CMS dental clinic. This includes emergency dental needs as well. When you need emergency dental care, call the CMS dental clinic in your area, and schedule an appointment. CMS does not provide complete dental care such as routine check-ups, preventive care, or prophylaxis cleaning. All non-emergency services must be approved by CMS before they are provided. In addition, other dental services (for example: endodontics and dental prosthesis) must be medically necessary and require prior authorization. See page 13 for locations.

### Emergency Room Services

Emergency room services are ONLY covered if the medical problem requires immediate attention. An emergency is a medical problem that:

- Happens suddenly and has very serious symptoms
- Could cause serious injury or damage to your body if you do not see a doctor right away

Some of these medical problems are:

- Broken bones
- Severe pain
- Chest pain
- Severe burns
- Breathing problems
- Poisoning

Emergency room visits for psychological diagnoses or mental health conditions are not covered by CMS.

### Inpatient Services

CMS covers all inpatient services costs if:

- You are admitted for a covered condition
- You are admitted because of an emergency
- Your doctor obtains authorization before you are admitted to the hospital

If you are admitted through the emergency room, show your CMS card to the hospital admitting staff.

### Out-of-County Services

CMS pays for medical care only when it is provided in San Diego County. If you are admitted to a hospital in another county or state, identify yourself as a San Diego County CMS patient and ask the hospital staff to call CMS at (800) 587-8118 to arrange for your follow-up care in San Diego County.

# County of San Diego CMS Patient Handbook

## **Outpatient Services**

Except for emergencies, always contact your primary care provider for your care. The community health center you selected is your primary care provider. Your primary care provider will provide or arrange for all the care that you need.

## **Pharmacy Services**

CMS provides covered prescription medicine listed in the CMS Formulary, which can be found at:

[http://www.sdcounty.ca.gov/hhsa/programs/ssp/county\\_medical\\_services/index.html](http://www.sdcounty.ca.gov/hhsa/programs/ssp/county_medical_services/index.html)

All prescriptions funded by CMS must be approved by the Food & Drug Administration (FDA).

If your physician prescribes a medicine that is not covered by CMS, the pharmacist or your physician must request authorization from CMS before filling your prescription. If CMS does not authorize the medicine, you may choose to pay for it yourself.

All prescriptions must be filled by a pharmacy serving CMS (listed on pages 19-29) or by your primary care provider. Your provider will need to verify that you are eligible for CMS through the CMS Provider On-Line Verification website ([www.sdcmspov.com](http://www.sdcmspov.com)). If your eligibility cannot be verified, you may be asked to pay for your prescription.

If you fill your prescription at a pharmacy that does not serve CMS or you fill a prescription for medicine that CMS did not authorize, you are responsible for paying for the medicine yourself. CMS will not reimburse you.

## **Specialty Physician Referrals**

Medical care that cannot be provided by your primary care provider must be approved in advance by CMS medical staff. Your primary care provider will tell you if the service has been approved and may help you to make your appointment with the specialist before the approval expires. If the service is not approved, you will receive a written denial from CMS.

## Substance Abuse and Mental Health Services

CMS ONLY provides physical health care services, and the County of San Diego Health and Human Services Agency provides treatment for alcohol, drug, and mental health problems. For more information, please call:

## Medi-Cal Program

Medi-Cal is California's primary medical coverage program for low-income people. If you have been disabled or expect to be disabled for more than 1 year, you are required to apply for Medi-Cal coverage.

CMS staff can help you go through the Medi-Cal application process. Ask your CMS worker about a referral to Medi-Cal or call Access toll free within San Diego County at (866) 262-9881 and ask for a Medi-Cal application. You can also call 211 to start your Medi-Cal application.

## Complaints

When you:

- Have a CMS related question
- Have a problem with the CMS program or provider
- Are unable to get an appointment for CMS related care
- Are denied by CMS for a medical service and you disagree with the denial

Call the CMS Patient Service Line at (800) 587-8118 Monday through Friday between 8:00 a.m. and 5:00 p.m. The CMS Patient Services Representative can assist with your questions and tell you what you need to do next.

If you need more help, the Consumer Center for Health Education and Advocacy, also known as “The Consumer Center,” can also assist you. The Consumer Center offers health education and patient advocacy to CMS and Medi-Cal patients. They can help you resolve barriers in qualifying for eligibility as well as problems in getting appropriate medical treatment. Their toll-free number is (877) 734-3258.

### **What to Do When Providers Bill You**

Do not ignore bills that you receive from health care providers for services that have been approved by CMS. Do not forward your bills to CMS. Please call the provider who billed you, inform them that you are CMS eligible, and give the provider your Member ID on the front of your CMS card. Your provider can verify your eligibility through the CMS Provider On-Line Verification website ([www.sdcmspov.com](http://www.sdcmspov.com)) using your Member ID number. If the provider has additional questions, ask them to call CMS at (800) 587-8118. If you fail to notify your provider that you are CMS eligible, you will be responsible for payment of the provider’s bill.

**CMS does not guarantee payment of all medical services.** CMS guidelines and requirements must be met for payment to occur. You will be notified if payment for your medical bill is denied.

# County of San Diego CMS Patient Handbook

## Treatment Authorization Request (TAR) Denial Process

### **TAR Administrative Denial**

When your primary care provider or specialist submits a TAR to CMS, it must be reviewed, and program guidelines must be met to approve the request. However, there are instances when a request is denied. Administrative denials are issued when the TAR was submitted without any medical documentation to support the specific request. The health care provider must submit the required medical documentation to reconsider the TAR.

### **TAR Medical Reconsideration and Appeal**

Always talk with your primary care provider or the specialist about other treatments available to you if you have been denied a medical service. You may call the CMS customer service staff and have the denial reconsidered if you still have concerns that are not resolved after speaking with your provider.

1. Reconsideration Process: You must send a signed statement asking for a reconsideration within 30 calendar days of the date of the service denial notice to:

**CMS Claims Operations Manager  
P.O. Box 927110  
San Diego, CA 92192**

Please explain the reason your letter is late if your letter is sent after 30 days. CMS will review and send the decision to you by certified mail within 45 calendar days of receiving your statement.

2. Appeal Process: You may request an appeal if you are not satisfied with the reconsideration decision. Send your written appeal within 30 calendar days of the date of the reconsideration decision notice to:

**CMS Claims Operations Manager  
ATTN: Medical Appeal  
P.O. Box 927110  
San Diego, CA 92192**

You have certain rights in an appeal. The customer service supervisor will explain your rights and tell you what steps you need to follow. You and/or your representative may present your reason for appeal to the independent panel who hears your case. CMS will send you a written decision by certified mail within 20 County business days after your hearing. This appeal is the final step.
