Dear LIHP/CMS Providers:

RE: UPDATE on LIHP/CMS pharmacy network

This notice is to remind you that the Low Income Health Program (LIHP) and County Medical Service's (CMS) new pharmacy network will go into effect Monday, April 22, 2013. LIHP and CMS enrollees will now be required to fill their prescriptions at a network pharmacy (see accompanying UPDATED list of network pharmacies). Your cooperation to assist patients in a smooth transition to the newly created LIHP and CMS pharmacy network is appreciated.

Please start directing your patients to the listed pharmacies now, as these pharmacies already contract with LIHP and CMS. Prescriptions filled at a non-network pharmacy will NOT be covered by the LIHP or CMS programs starting April 22, 2013.

Please consider the following steps to assist your LIHP and CMS patients with this change:

1. Forward this UPDATED notification and pharmacy listing to appropriate clinic staff and providers within your organization.
2. Remind patients that they may need to contact their current pharmacy to transfer prescriptions to in-network pharmacies prior to April 22th. This applies to mailed and delivered medications as well. Refills should be requested by the patient with enough time to allow for this transfer.
3. Plan for additional patient and pharmacy calls regarding this change. Be aware of the various phone lines available at LIHP/CMS to answer questions, including Customer Service at 1-800-587-8118 (for enrollees) and the Provider line at 1-858-658-8650 (for providers).
4. Regularly check the following websites for pharmacy network updates and newly posted FAQs for pharmacies.

We appreciate your assistance with this transition and the care you provide to our enrollees.
