SOCIAL SERVICES ADVISORY BOARD (SSAB) ADVOCACY LETTER

The Social Services Advisory Board (SSAB) met on May 14, 2025, and discussed the importance of proactive budget advocacy for the 2025/2026 Fiscal Year (FY) and County Operational Plan to preserve and maintain staffing and service levels for Public Assistance programs.

The SSAB voted to take action on the same day, to advocate with the Board of Supervisors to maintain the current staffing levels for Self-Sufficiency Services.

I have reviewed and support the attached advocacy letter for the Office of Economic Development and Government Affairs' review and consideration.

Respectfully,

RICK WANNE,

Director, Self-Sufficiency Services

Supervisor Terra Lawson-Remer, Vice Chair County Board of Supervisors 1600 Pacific Highway San Diego, CA 92101

Dear Vice Chair Lawson-Remer,

I am writing to you on behalf of the Social Services Advisory Board (SSAB). The Social Services Advisory Board (SSAB) requests that the Board reject proposed staffing reductions (104 FTE) to Self-Sufficiency Services (SSS) in the FY 2025-2026 budget.

Self-Sufficiency Services is the access point for all critical Public Assistance programs and the services they support in the region. Reducing staffing at a time when we anticipate additional eligibility rules and barriers to be imposed by both State and Federal governments will cause significant harm to both beneficiaries and those that serve them.

Even with no cuts, Self-Sufficiency Services will be expected to make more frequent and extensive eligibility determinations for all programs:

- The remaining State and Federal eligibility Covid flexibilities are already slated to expire in June 2025 adding additional eligibility verification requirements
- The Federal government is seeking to make brutal cuts to Medicaid (Medi-Cal), many of which require additional eligibility tests; it is assumed that some, if not all, of these new rules will make it through the process
- The State is seeking to return to eligibility rules that make the application and renewal process more arduous for beneficiaries and eligibility workers (e.g., asset tests, mid-year renewals, shortened "cure" time frames, etc)
- We are already seeing the signs that unemployment will be rising as large employers announce sizable layoffs which, in turn, will result in a greater demand for public program assistance

Delays in eligibility processes will place barriers on the path to health care, food assistance, cash assistance and housing assistance to a third of all San Diegans; many eligible individuals will not be able to overcome these barriers without help:

 Already beleaguered health care providers and services, including those provided by the County of San Diego, rely on Self-Sufficiency Services to provide efficient, supportive, and timely eligibility processing so that they, in turn, may provide timely and continuous care to the most vulnerable in our region A growing population of residents with food insecurities rely on CalFresh to help meet their
most fundamental need for food; we need only look to the increase in applications and
enrollment to see that these needs are great and the County holds the key to the refrigerator

Medi-Cal represents over \$13 billion in spending, comprised of State and Federal dollars, and \$23.3 billion in economic impact to San Diego County, supporting not just providers, but all of the vendors that support them. CalFresh provides over \$900 million annually in spending and over \$1.3 billion annually in economic impact to San Diego.

Reducing Self-Sufficiency Services resources that provide the gateway to Public Assistance programs knowing that the needs are growing seems unwise and unkind. Cutting eligibility staff now is like laying off half the firefighters just before wildfire season. We know the disaster is coming, we need to be building up capacity, not dismantling it.

We ask that the Board reject these cuts to Self-Sufficiency Services; thereby avoiding inevitable and devastating impacts to individuals, providers and services in the region.

Respectfully.

Vino Pajanor

CalFresh, Medi-Cal, CalWORKs, General Relief	Support	05/27/2025: Active Bill - In Floor Process. Read second time. Ordered to third reading.
AB 1211: CalFresh Maintenance of Benefit Level	2/21/2025	This bill would require the State Department of Social Services to ensure that the level of CalFresh benefits remain at least at the level that was in effect on January 20, 2025, under the Thrifty Food Plan, which is a food plan designed by the United States Department of Agriculture to determine Supplemental Nutrition Assistance Program (SNAP) benefit amounts. The benefit maintenance requirement would be triggered if the federal government makes reductions to SNAP benefits that would result in the level of CalFresh benefits being lower than the threshold. In addition, the bill would require the department to conduct a feasibility study on increasing the eligibility and benefits of the CalFresh Program.	CalFresh	Support	05/23/2025: Active Bill - In Committee Process. In Committee: Held under submission.
SB 739: Disaster CalFresh: County Resources Status	2/21/2025	This bill would create new duties for counties to provide Disaster CalFresh related information to the State Department of Social Services on the ability of each county office in the impacted area to provide timely and adequate service to CalFresh applicants and recipients.	CalFresh	Support	05/29/2025: Active Bill - Pending Referral. In Assembly. Read first time. Held at Desk.
AB 461 Truancy: CalWORKs School Attendance	3/24/2025	The bill would benefit customers as they would no longer incur a reduction in grant due to school attendance penalty if a child in the assistance unit who is age 16 or older is not attending school or participating in Employment Services. As a result, the specified customers who would otherwise be ineligible or receive a lower benefit amount, would become and/or remain eligible to CalWORKs and associated supportive programs. Current workload regarding CalWORKs school attendance may be reduced, depending on CDSS instructions regarding implementation of this bill. But they may include staff would have to inform families of how to enroll in school and screen for eligibility to Family Stabilization services. More customers would become and/or remain eligible to CalWORKs which could lead to additional caseloads for the county. This bill would introduce changes to existing county policies. Current policies/program material would need to be updated to implement the changes. Guidance/training would need to be provided to staff. The Statewide Automated Welfare System (SAWS) is not designed to evaluate the provisions of the bill. Therefore, automated system updates would be needed to meet these provisions.	CalWORKs	Support	05/27/2025: Active Bill - In Floor Process. Read second time. Ordered to third reading.
AB 1357: Guaranteed Income Payments: Consideration as Income or Resources	3/24/2025	This bill, to the extent not in conflict with federal law, would require guaranteed income payments be exempt from income or resource consideration for purposes of determining eligibility for benefits, or the amount of benefits, in means-tested programs, and vice versa. Meanstested programs include, but is not limited to, CalWORKs, CalFresh, General Assistance, Medi-Cal, Kinship Guardianship Assistance Payment Programs (Kin-GAP), Adoption Assistance Program (AAP) and Cash Program for Immigrants (CAPI). he bill would benefit the specified customers as the provisions would allow for less income to be counted against them when determining eligibility and grant amounts for the above programs. As a result, the specified customers who would otherwise be ineligible, receive a lower benefit amount, or less beneficial program, would become and/or remain eligible to the above programs and associated supportive programs, or would not have a reduction in their benefits. Training would be needed for eligibility staff as the bill would require staff to learn and implement the new exemption when processing case evaluations. Current policies/program material would need to be updated to implement changes for previously countable income. More customers would become and/or remain eligible to the above programs which could lead to increased caseloads for the county. The Statewide Automated Welfare System (SAWS) is not designed to evaluate the provisions of the bill. Therefore, automated system updates would be needed to meet these provisions.	CalWORKs, CalFresh, Medi- Cal, General Relief, Kin-GAP, AAP and CAPI	Support	05/27/2025: Active Bill - In Floor Process. Read Second time and amended.

AB 790: Housing and Homelessness Programs: Single Women with Children	3/28/2025	The bill would require qualifying state housing finance or homelessness programs to dedicate 10% of total available funds to provide housing and services for single women with children who are homeless or at risk of homelessness or who are currently experiencing, have previously experienced, are at substantial risk of experiencing, are fleeing, or are attempting to flee domestic violence, and do not have a safe and stable housing alternative. Current operation impacts are unknown, as they would depend on how the California Department of Social Services establishes the process/policy. However, no changes to current work processes or eligibility determination system anticipated. Current workforce/staffing impacts are unknown. It appears these impacts would be minor, if any.	CalWORKs	Support	05/27/2025: Active Bill - In Floor Process. Read second time. Ordered to third reading.
SB 560 CalWORKs: Public Social Services	2/20/2025	Current workload and operation impacts are unknown, as they would depend on how CDSS establishes the process/policy. The bill provisions will add workload activities to the workers to evaluate on whether the overpayment/over issuance is collectable or not; or if the customer has committed fraud. However, once it has been determined that the overpayment/over issuance is not to be collected, it will relieve workers of the time required to pursue overpayments//over issuance; or relieve of the time to charge the customer with civil/criminal penalties. This bill would introduce changes to existing county policies. Guidance would need to be provided to staff.	CalWORKs	Support	05/23/2025: Active Bill - In Committee Process. May 23 hearing: Held in committee and under submission.
AB 1402: Fresh Start Grants: Personal Income Tax Law: credits	4/23/2025	The bill would require eligibility staff to determine eligibility to the following refundable tax credits for each CalFresh recipient the California Earned Income Tax Credit, the Young Child Tax Credit, and the Foster Youth Tax Credit. If eligible to a refundable tax credit, the eligibility worker would then calculate the value of the credit and issue it in the form of a Fresh Start Grant instead of the recipient receiving the tax credit.	CalFresh	Support, if Amended	04/24/2025: Active Bill - In Committee Process. Re-referred to Committee on Human Services.
AB 1049: California Food Assistance Program: Sponsor Deeming Rules	2/20/2025	Federal deeming rules and exemptions would not apply to customers approved for California Food Assistance Program (CFAP) if AB 1049 is passed. By creating new duties for counties relating to CFAP eligibility, the bill would impose a state-mandated local program.	CalFresh	Support, if Amended	05/23/2025: Active Bill - In Committee Process. In Committee: Hearing postponed by committee.
AB 1012: Medi-Cal: Immigration Status	2/20/2025	This bill would repeal W&I Code Section 14007.8 making an individual who does not meet satisfactory immigration status ineligible for full scope Medi-Cal benefits and only eligible for care and services that are necessary for the treatment of an emergency medical condition and medical care directly related to that emergency, as defined by federal law. The bill would create the Serving Our Seniors Fund and would transfer funds previously used for Medi-Cal benefits for non-citizens without satisfactory immigration status to that fund. The State Department of Health Care Services would oversee the funds and utilize them to restore and maintain payments for Medicare Part B premiums for eligible individuals.	Medi-Cal	Oppose, unless Amended	02/21/2025: Active Bill - Pending referral. From printer. May be heard in committee March 23.
