1. Meeting called to order at 9:31 by Chair, Vino Pajanor.
2. The June 10, 2026 meeting minutes were approved, with all Members present voting yes.
3. **Public Comments:**
 - No public comment
4. **Discussion Item:** SSAB Member Sharing, Comments, and Topics of Interest: All Social Services Advisory Board Members. The board members discussed and clarified quorum requirements and the current vacant positions.

5. **Presentation Item:** County Medical Services Update: Shelly Tregembo, Chief, Department of Strategy and Community Engagement, Health and Human Services Agency (HHSA). Ms. Tregembo provided an update on County Medical Services (CMS), noting that about 314,000 individuals will face new work requirements, with roughly 93,500 unable to meet them. She explained that CMS, a County-funded program, covers certain medical care for uninsured low-income adults who are denied Medi-Cal and must repay medical costs. She also highlighted differences between Medi-Cal and CMS and shared feedback gathered from recent CMS listening sessions. Key recommendations included removing lien and U.S. citizenship requirements and expanding age eligibility. CMS covers emergency medical & dental care, it doesn't cover preventive, behavioral care, family planning, transplants or non-emergency dental care. Something being investigated is where people fall out of the process & identify barriers.

Public comment – Lindsay Wade expressed concern that the feedback being conveyed lacked nuance, particularly for SSAB. During the community session, participants were not allowed to speak, which may have resulted in missing important nuances in the summary. She stated that the lien should be removed and raised additional concerns, describing CMS as an antiquated program in need of significant updates. She also questioned whether the County is considering allowing CMS eligibility for undocumented individuals.

6. **Presentation Item:** IHSS Budget Impacts: Julie Lara, Program Specialist II, Aging and Independence Services, Health and Human Services Agency (HHSA) Ms. Lara provided an overview of IHSS, a statewide program administered by the County to help eligible, low-income and Medi-Cal-qualified Californians remain safely in their homes & receive care. IHSS covers personal care and domestic services, with reassessments every 12 months. As of May 2026, over 50,000 people use the program. Recipients must secure their own caregivers, though the Backup Provider System has helped those without one and is awaiting funding. If a recipient loses Medi-Cal, they may shift into Residual IHSS to allow time to resolve their eligibility.
7. **Information Item:** House Resolution 1 (H.R. 1) Policy Impacts: Claudia Gurrola, Chief, Self-Sufficiency Services, Health and Human Services Agency (HHSA). Ms. Gurrola shared budget highlights, Medi-Cal's planned monthly premiums and dental coverage changes for individuals with unsatisfactory immigration status have both been delayed to July 2027, with premium amounts to be set during the 2027 May Revision. The proposed reduction of the asset limit was rejected. Funding will continue to depend on an individual's citizenship status, with eligibility for either federal or state funding. She also reported that CalWORKs will exclude children's savings account funds from being counted as income or property calculations, and that CalFresh cost-sharing changes will shift the federal share from 50 percent to 25 percent, increasing the state's share to 75 percent and the county's share from 15 percent to 22.5 percent; however, a waiver approved through June 2029 will maintain the county's contribution at 15 percent.

ADJOURNMENT/SET NEXT MEETING:

The meeting was adjourned at 11:29 a.m. Next regular meeting will be held on August 12, 2026 at 5055 Ruffin Road, 2nd Floor Conference Room, San Diego, CA 92123.

Refugee Support Services Program

- ✓ Helps refugees and other Office of Refugee Resettlement (ORR)-eligible individuals achieve economic independence.
- ✓ Provides Refugee Employment Services (RES) to support job search, placement, and employment retention.
- ✓ Federally funded by ORR.

Refugees and ORR-eligible individuals may receive RSS for up to 5 years from the date of entry into the U.S. or from the date they were granted asylum.

Refugee Support Services Overview Cont.

Eligible Populations

- Refugees
- Asylees
- Amerasians
- Cuban and Haitian Entrants
- Afghan and Iraqi Special Immigrants
- Certain Afghan and Ukrainian Humanitarian Parolees
- Certified Human Trafficking Victims

Program Focus

- Employability assessment
- Training and job development
- Vocational training and skills recertification
- Job placement
- Job maintenance

Employment Barriers Addressed

- English language instruction
- Day care for children
- Transportation
- Social Adjustment
- Interpretation and translation
- Citizenship and naturalization

Refugee Services Plan

- ✓ Counties receiving federal funding through the RSS program are required to submit a three-year County Refugee Services Plan. 2027-2029.
- ✓ The new RSS Plan covers Federal Fiscal Years 2027-2029.

- ✓ The plan guides how the County will use the RSS funding to provide services to assist refugees and other ORR-eligible populations in becoming economically self-sufficient as quickly as possible.

Refugee Services Plan Components

The plan must be developed through a process that includes:

- ✓ Refugee participation
 - ✓ 40 RSS participants
 - ✓ 28 RSS providers
- ✓ Community input
- ✓ Board of Supervisors' approval

The plan must identify the services that will be provided and how they will be delivered.

- ✓ RSS funding must be used primarily for employability services.

How happy are you with the **EMPLOYMENT** services you receive(d)?

Overview & Purpose

Board Approves Food Distribution Program to Support Residents Facing CalFresh Reduction

By [Fernanda Lopez Halvorson](#), County of San Diego Communications Office
Jun. 25, 2026 | 3:42 PM

- Safety Net Bridge Program: Food Component
- Federal policy changes (H.R. 1) create new work-reporting requirements, risking access to CalFresh and Medi-Cal for San Diego County residents.
- An estimated 93,500 residents in San Diego County may face reduction or elimination of CalFresh benefits.
- 6/25/26: The Board of Supervisors unanimously approved a board letter to expand food distribution and benefit enrollment support in high-need areas for one year.

MONTHLY UPDATES

Legend Approved/Chaptered Advocacy Support Support Support, if Amended or Watch	Self-Sufficiency Services Legislative Tracking Log
Revised: 09/01/2026	

Bill Number and Name	Date Introduced	Description	Affected Programs	Support/Oppose/Watch/Concerns	Status
AB 588: CalWORKS Unrelated Adult Male (Now called State Fire Marshal: Lithium Battery Working Group Membership funding)	2/12/2025	The bill is no longer called CalWORKS Unrelated Adult Male. It has been changed to State Fire Marshal: Lithium battery working group: Membership funding. It does not impact CalWORKS program.	None	Support	1/31/2026: Inactive - Died
AB 363: Community Colleges: CalWORKS Recipients Education Program	3/20/2025	The bill would expand participation in the CalWORKS Recipients Education Program at California Community Colleges. Under this program, community college districts are required to provide educational and special services to CalWORKS recipients attending community colleges. The new provision would include students who have exceeded the 60-month time limit on CalWORKS but still have one or more dependents receiving aid under the CalWORKS program. The funding provided will be based on the number of CalWORKS participants who are enrolled in the college and the scope and number of programs that are offered to CalWORKS recipients to assist them in obtaining employment. Additionally, the proposed amendment changes the work study payments to the community colleges to 75% and employers to pay at least 25% of the wages for the work study positions. However, the program may waive the 25% employer contribution provided the employer does not decrease the work study positions.	CalWORKs	Support	1/31/2026: Inactive Bill - Died.
AB 1161: Public Social Services: State of Emergency or Health Emergency	2/20/2025	This bill would provide continuous eligibility for CalWORKS, CalFresh, and MediCal recipients who are victims of a state of emergency or a health emergency. The continuous eligibility would maintain the recipient's current benefits for a least 90 calendar days starting from the proclamation/declaration and extending through at least the conclusion of the emergency proclamation/declaration. The bill also requires: The continuous eligibility to be automated in the programming of the eligibility systems. The immediate restoration of eligibility for any recipient whose program eligibility was discontinued, who has been impacted. A determination of good cause for failing to submit the information needed for SAR 7 or Redetermination.	CalWORKS, CalFresh, Medi-Cal and CAPI	Support	1/31/2026: Inactive Bill - Died.
AB 1211: CalFresh Maintenance of Benefit Level	2/21/2025	This bill would require the State Department of Social Services to ensure that the level of CalFresh benefits remain at least at the level that was in effect on January 20, 2025, under the Thrifty Food Plan, which is a food plan designed by the United States Department of Agriculture to determine Supplemental Nutrition Assistance Program (SNAP) benefit amounts. The benefit maintenance requirement would be triggered if the federal government makes reductions to SNAP benefits that would result in the level of CalFresh benefits being lower than the threshold. In addition, the bill would require the department to conduct a feasibility study on increasing the eligibility and benefits of the CalFresh Program.	CalFresh	Support	1/31/2026: Inactive Bill - Died.
SB 560 CalWORKS: Public Social Services	2/20/2025	Current workload and operation impacts are unknown, as they would depend on how CDSS establishes the process/policy. The bill provisions will add workload activities to the workers to evaluate on whether the overpayment/over issuance is collectable or not, or if the customer has committed fraud. However, once it has been determined that the overpayment/over issuance is not to be collected, it will relieve workers of the time required to pursue overpayments/over issuance, or relieve of the time to charge the customer with civil/criminal penalties. This bill would introduce changes to existing county policies. Guidance would need to be provided to staff.	CalWORKs	Support	2/2/2026: Inactive Bill - Died
AB 1402: Fresh Start Grants: Personal Income Tax Law: credits	4/23/2025	The bill would require eligibility staff to determine eligibility to the following refundable tax credits for each CalFresh recipient the California Earned Income Tax Credit, the Young Child Tax Credit, and the Foster Youth Tax Credit. If eligible to a refundable tax credit, the eligibility worker would then calculate the value of the credit and issue it in the form of a Fresh Start Grant instead of the recipient receiving the tax credit.	CalFresh	Support, if Amended	1/31/2026: Inactive Bill - Died.
SB 430	2/18/2025	This bill would impose restrictions on using an automated decision system by local agencies to determine eligibility for supportive services such as social services programs and issuing permits or licenses. The bill would require for the local agency to verify that the system's outputs are correct and promote nondiscrimination in its use. The bill would also require that the local agency's governing board complete audits and quality control of the outputs to ensure accuracy. This bill would also authorize GovOps, a state agency, to develop, adopt, and issue public guidance for the agency's use of automated decision systems. GovOps would be required to provide technical assistance to local agencies upon request.	CalWORKS, CalFresh, Medi-Cal, General Relief, Kin-GAP, AAP and CAPI	Support, if Amended	1/8/2026: Inactive Bill- Died
AB 1012: Medi-Cal: Immigration Status	2/20/2025	This bill would repeal W&I Code Section 14007.8 making an individual who does not meet satisfactory immigration status ineligible for full scope Medi-Cal benefits and only eligible for care and services that are necessary for the treatment of an emergency medical condition and medical care directly related to that emergency, as defined by federal law. The bill would create the Serving Our Seniors Fund and would transfer funds previously used for Medi-Cal benefits for non-citizens without satisfactory immigration status to that fund. The State Department of Health Care Services would oversee the funds and utilize them to restore and maintain payments for Medicare Part B premiums for eligible individuals.	Medi-Cal	Oppose, unless Amended	2/2/2026: Inactive Bill -Died at desk
SB 225: School Nutrition: Guardian Meal Reimbursement	2/27/2025	SB 225 would require the department to distribute information about the federal Summer Electronic Benefits Transfer for Children Program to guardians whose children are eligible for specified summer food programs. This bill would allow for state reimbursement on meals served to guardians of eligible students who receive meals from a summer meal program. The bill would require a guardian of an eligible student to be present at the summer meal program site for the summer meal. program operator to receive state-funded reimbursement for that meal, unless non-congregate rules are in place. SB 739: Disaster CalFresh: County Resources Status	2/21/2025	This bill would create new duties for counties to provide Disaster CalFresh related information to the State Department of Social Services on the ability of each county office in the impacted area to provide timely and adequate service to CalFresh applicants and recipients. AB 1357: Guaranteed Income Payments: Consideration as Income or Resources	3/24/2025	This bill, to the extent not in conflict with federal law, would require guaranteed income payments be exempt from income or resource consideration for purposes of determining eligibility for benefits, or the amount of benefits, in means-tested programs, and vice versa. Means-tested programs include, but is not limited to, CalWORKs, CalFresh, General Assistance, Medi-Cal, Kinship Guardianship Assistance Payment Programs (Kin-GAP), Adoption Assistance Program (AAP) and Cash Program for Immigrants (CAPI). he bill would benefit the specified customers as the provisions would allow for less income to be counted against them when determining eligibility and grant amounts for the above programs. As a result, the specified customers who would otherwise be ineligible, receive a lower benefit amount, or less beneficial program, would become and/or remain eligible to the above programs and associated supportive programs, or would not have a reduction in their benefits. Training would be needed for eligibility staff as the bill would require staff to learn and implement the new exemption when processing case evaluations. Current policies/program material would need to be updated to implement changes for previously countable income. More customers would become and/or remain eligible to the above programs which could lead to increased caseloads for the county. The Statewide Automated Welfare System (SAWS) is not designed to evaluate the provisions of the bill. Therefore, automated system updates would be needed to meet these provisions. AB 1655 - CalWORKS Temporary Absence - Immigration Detention	1/29/2026	The current law states that someone detained would be considered absent from the home, and therefore is not part of the household receiving aid, which results in decreased aid payments. This bill states that if a household member states they reported to the California Attorney State General that a member of their household receiving aid was unlawfully detained by a federal agent, this would then change the status of that household member to temporary absent from the home, which means they would fall under the regulations of a temporary absent household member, and could potentially result in no decrease of aid payment. Impact to workload would consist of updating policy related to the household members that are counted and the members that are considered temporarily out of the home. Additionally, initial training and information sharing of this changes. Staff will also need to know how to assist a family in reporting someone being unlawfully detained by a federal agent to the California Attorney General. SB 1030 - CalWORKS - Unrelated Adult Male	2/10/2026	Currently, when a customer reports to eligibility staff someone in their household that is not related to them (other than a bona fide lodger, roomer or boarder) is residing with the family that is on CalWORKs, that unrelated adult is required to make a financial contribution to the family on CalWORKS not less than what it would cost to provide themselves with an "independent living arrangement" (ILA). The eligibility worker is required to obtain a signed CW 71 Statement of Cash Aid Adult and Unrelated Adult form from the customer and unrelated adult in order to comply with eligibility requirements. This bill repeals the provision requiring the unrelated adult to make a financial contribution to the CalWORKS family, therefore removing the eligibility requirement altogether. Removing the provision for unrelated adult will simplify eligibility requirements, remove barriers otherwise imposed, and expand OW eligibility for customers. Eligibility workers also will not be required to obtain information related from the unrelated adult and therefore simplify the eligibility determination process. AB 1755 - CalWORKS	2/9/2026	This bill would eliminate the existing 100-hour standard deprivation rule for purpose of determining a child's deprivation of parental support or care. The bill would benefit customers because they may easily qualify for CalWORKS Program since the total hours worked in the previous four-week period (28 days prior to the application date) will not be taken into consideration for eligibility determination. The bill would help streamline and simplify the process for customers and staff by having less eligibility criteria to evaluate. This bill would expand CalWORKS eligibility which could impact staff workload as more customers would become eligible to receive the benefits. This bill would introduce changes to existing county policies. The new guidance on the elimination of the existing 100-hour standard deprivation rule would need to be provided to staff. The Statewide Automated Welfare System (SAWS) is not currently designed to evaluate the provision of this bill. Therefore, automated system updates would be needed to meet these provisions. Additionally, the bill would waive the requirement for employers to pay 25% of the wages for work-study positions, currently mandated by existing law. There would be no impact to the County of San Diego as this funding is issued directly to the California community colleges. SB 1054 Unemployment Insurance Reporting Requirements	2/12/2026	This bill would change the following: a - Starting July 1, 2027, Employers with 10 or more employees would have to report more detailed information to the EDD, including monthly wages, hours works, and occupation codes. - EDD would share this new information with the state-wide eligibility data system (CalSAWS) with the goal of making it easier and faster to determine if someone qualifies for public assistance programs like CalWORKs, CalFresh, and Medi-Cal - It is not clear how much this bill will affect staff workload because implementation details still need to be established by the California Department of Social Services and Department of Health Care Services (DHCS) for public assistance programs, however it may reduce eligibility staff workload and the duration of the eligibility determination process. Eligibility staff would need new training and guidance on the new verification process. - Programs that require someone to work a certain number of hours can automatically check if the person is meeting that requirement by using new information reported by employers. This means that staff will not have to manually verify employment as often, which could reduce their workload and make it easier and faster for people to receive the benefits they need. - For the public, this bill appears likely to assist with faster processing of applications, shorter wait times for benefits, less paperwork to complete, and fewer requests to submit pay stubs or proof of work hours due to the automated verification process. SB 1099 - State and local benefits	2/13/2026	The County of San Diego already provides certain services using local and state funds under existing authority. The bill does not create new public benefits. There will be no change to current practices. Federal benefit eligibility rules remain the same. It provides clarification on current law so cities, counties and hospitals districts can, if they choose, provide benefits to individuals who might not be eligible for federally funded benefits under federal immigration-related rules. There will be minimal impact on staff as San Diego County is already implementing some of these state funded programs. AB 1746 - Child Care Forms	2/9/2026	Current law requires 'written notice' to CalWORKs (CW) applicants and recipients that child care is available to them. Current law requires this written notice is provided at application, and at the time of signing a WTW plan or amending a plan. Our current business practice is to use the form CCP7 Child Care Request and provide it to CW customers at application/recertification, WTW orientation/appraisal, whenever clients sign a WTW plan, or have a change of activity or ask for child care. This provisions of the bill requiring the use of the CCP7 have little or no impact as this is our current practice. Current law requires that the county approve child care 10 days from the date of receiving the required client and child care provider information. This bill would require child care to be approved or denied within 10 days of receiving the signed CCP7 form where they request child care. This could be detrimental to customers as requiring them to comply to program requirements within a short-period of time. It is not accounting for the time that the customer will needs to find the child care provider, and get them vetted and approved to be able to bill for being a child care provider. Not all customers who expressed their child care request have secured a child care provider. In addition, the customer and the child care provider are to complete intake and the child Care provider is to submit the necessary documentation to make sure that payments can be issued to them. Child care cannot be approved until all of this can be completed. Additionally, The Statewide Automated Welfare System (SAWS) is not currently designed to include the child care request form on all of the events mentioned in this bill. Therefore, automated system updates would need to meet these provisions. AB 2510 CalWORKs (Amended 06/15/26)	2/20/2026	San Diego County currently provides Family Reunification services to families whose children have been removed from the home by Child and Family Well Being. It follows their Family Reunification plan in collaboration with Employment Services. This bill will expand provisions related to parents whose children have been removed from their home, allowing them to continue receiving CalWORKs aid and child care services for up to six months. It also exempts families participating in a reunification case plan from certain immunization requirements and allows their child welfare services case plan to serve as their welfare-to-work plan, exempting them from mandatory welfare-to-work activities while they focus on reunification. Additionally, the bill will exempt them from assigning support rights and prevents child support payments from being counted as income for eligibility purposes. This bill will create more work for staff as new flexibilities would be applied and more reunification cases will be approved and create a higher caseload for staff that process Family Reunification cases. Pros to this bill will be more flexibilities for parents to receive Family Reunification services and removes barriers that prevent them getting reunified with their children. Some cons to this bill will be that when parents are reunified with children and they transition back to CalWORKs it would be confusing to them that now they would have to comply with CalWORKs requirements. AB 2567 CalWORKs: Immediate Need	3/17/2026	Current law requires at the time of CalWORKs application, county must determine whether the customer needs immediate need assistance. Immediate Need assistance is available to customers who have apparent eligibility to CalWORKs, have an emergency, and have insufficient funds to meet the need. Current law also requires that the customer comply with the technical conditions of CalWORKs in order to receive Immediate Need payment. One of the technical conditions of CalWORKs is for the customer to apply for any unconditionally available income that they currently do not receive. This bill would eliminate the requirement that requires the customer to apply for any unconditionally available income in order to receive Immediate Need payment and homeless assistance. The bill would benefit the customers and county staff because the bill would simplify the application process for customers and staff, by having less eligibility criteria to evaluate. This bill would introduce changes to existing policies. Therefore, guidance on the elimination of the requirements to apply for any conditional available income to receive Immediate Need payment would need to be provided to staff. This bill would impose a state-mandated local program as this bill would expand counties' duties relating to apparent eligibility determinations. AB 2764 Extended Foster Care	2/20/2026	The California Fostering Connections to Success Act allows young adults to remain in foster care up to age 21 if they meet certain educational or employment criteria, such as being enrolled in school or working a minimum number of hours. This bill prohibits the discontinuance of benefits for the above described individuals for failure to meet established education or employment participation requirements. This bill will ensure the continuation of benefits for former foster care youths up to age 21. AB 2765 CalFresh and CalWORKs: Childhood Hunger and Foster Youth	2/20/2026	Recent federal legislation limits Able-Bodied Adults Without Dependents (ABAWDs) to receiving CalFresh food benefits for 3-months out of a 36-month period unless they are working 20 hours a week or meet an exemption. Currently, former foster youth under the age of 25 would be exempt from the 3-month limit, however, recent federal legislation removed the former foster youth exemption. Additionally, CalWORKs recipients are currently entitled to receive additional monthly funds for special needs such as food, utilities, or transportation. The maximum amount of these special needs payments must be equal to or less than \$10 multiplied by the number of CalWORKs recipients in the household. This bill defines ABAWD participants as a parent or household member that cares for a dependent child 14 or older. This bill requires the California Department of Social Services (CDSS) to apply for a federal waiver to exempt former foster youth from the 3-month limit. This bill specifies that if the federal waiver is approved, guidance must be provided to the counties within 3 months. For CalWORKs, this bill requires the maximum amount of special needs payments to be increased to \$15 multiplied by the number of CalWORKs recipients in the household. Additionally, this bill allows the state to choose whether this benefit will be issued as a cash benefit or a food benefit and establishes that any individual eligible for CalWORKs may receive this special need payment in order to reduce childhood hunger. This bill will add an additional ABAWD time limit exemption for screening. Pros to this bill include: Reduce food insecurity, supports youth stability in a high cost of living county, CalFresh participation rates and aligns with Health	CalWORKs, CalFresh	Active Support	09/03/2026: Enrolled and presented to the Governor at 4 p.m. 08/13/26: Read second time and amended. AB 2470 Public Social Services Domestic Violence Services (Amended 03/19/26)	3/19/2026	San Diego county issues CalWORKs benefits to qualified low-income families, some of these families are domestic violence victims. Benefits they receive include temporary and permanent temporary homeless assistance. This bill would benefit domestic violence victims currently receiving CalWORKs homeless assistance who do not use all their temporary shelter assistance days for which they are eligible for because they found permanent housing. They will instead receive the value of the remaining days that they did not use in temporary shelter assistance towards permanent housing assistance. This bill also introduces a new reentry program designed to help domestic violence victims receive assistance obtaining important documents such as copies of vital records, credit reports, financial account information, and to assist them with issues like identity theft and establishing new financial accounts. The bill will create initial workload related to training eligibility staff on policy changes when dealing with domestic violence victims, and the county will need to decide if they will have a separate unit to handle the reentry component, which could end up being case management, as the participants may need follow-up assistance and support. Collaborations with different agencies such as local registrars, credit bureaus, and financial institutions will need to be established. Counties will also need to keep track of customers unused temporary housing days to convert into permanent housing payments, and the automated system may need to be updated to issue proper benefits. The bill will benefit domestic violence victims by assisting with more permanent housing benefits and with other barriers they face in becoming self-sufficient. AB 1746 CalWORKs - Child Care Request Forms (Amended 03-26-26)	3/26/2026	Current law requires CalWORKs applicants and recipients to be informed of the availability of paid child care services. Current law requires written notice to be provided to customers at application/redetermination, when signing an original or amended Welfare-to-Work (WTW) plan, or when the customer expresses a need for child care. In addition to the current requirement of when the written notice is to be provided, the bill would require counties to include the written notice during the semiannual report period. The provisions on this bill have minimal impact, considering that our current business practice is to notify customers using the form CCP7 Child Care Request and provide it at application/redetermination, WTW orientation/appraisal, when signing or amending a WTW plan, and when requesting child care. Additionally, the current law requires the county to approve child care within 10 working days from the date of receiving the required customer and child care provider documentation. Current law also requires the county to deny the child care request if the county has not received the required information from the customer and/or the child provider within 30 calendar days. This bill would require the county to approve, deny, or request additional information within 10 working days of receiving a child care request form. Considering not all customers who expressed their child care request have selected a child provider, this bill could have a negative impact on the customers, as it requires them to comply with program requirements within a shorter period-of-time. Also, this bill does not account for the time that the child care provider will need to submit the necessary documentation to get the provider vetted to be able to bill for the child care services. Child care cannot be approved until all of this can be completed. The California Statewide Automated Welfare System (CalSAWS) is not currently designed to include the child care request form on all of the events mentioned in this bill. Therefore, automated system updates would need to meet these provisions. The bill provision would increase counties' administrative duties by requiring the counties to deny within 10 working days. This would also increase denials, as customers having to meet shorter deadlines to turn in documents are already faced with several other barriers as they are working towards becoming self-sufficient. Rates may increase because the specified timeline is not enough time for the customer/child care provider to provide the necessary documentation. SB-1202 Medi-Cal: Dashboard and Outreach	2/19/2026	Existing law requires the Department of Health Care Services (DHCS) to contact Medi-Cal recipients and help them complete their renewal. It also requires DHCS to work with managed care plans so counties receive updated contact information for people on Medi-Cal. This bill would require DHCS to create a data dashboard showing information on applications, enrollment, renewals, disenrollment, and discontinuances. The dashboard would also report data related to work or community engagement requirements and any corresponding exemptions. Medi-Cal managed care plans must develop and carry out an outreach and education program to inform recipients about federal work or community engagement guidelines. Counties would need to make a good faith effort to work with community based organizations. The bill would remove the requirement for managed care plans to get permission from a Medi-Cal recipient before sharing their contact information with the county. Each county would be required to share Medi-Cal recipient's renewal data with managed care plans to help them support recipients in keeping their coverage. Due to these data sharing requirements creating new responsibilities for counties, the bill would result in a state mandated local program. *Note: Robo Calls have been temporarily suspended in all circumstances except for CalWORKS and CalFresh Balderas call notifications. In lieu of this, all former Robo Call recipients were reprogrammed to receive text message notifications to alert them of any upcoming case actions.

*Note: PR Text Message Summary methodology updated to count CW/CF Household once. These houseold's are sent one text message. CW/CF households are included in CW Text Message Count.

Effective 12/2020, Access is no longer doing the Monthly Consent Text Messaging RRR Campaign, nor mailing CF Packets.
