STATE OF CALIFORNIA BENEFITS – DISABILITY INSURANCE AND PAID FAMILY LEAVE**STATE DISABILITY INSURANCE (SDI) – YOUR CLASSIFICATION PAYS INTO SDI**

The State Disability Insurance (SDI) program is managed by the State of California, Employee Development Department (EDD), which is responsible for program eligibility requirements, benefit determinations and disability payments. If you become disabled, you may be eligible for benefits. SDI, a worker-funded program, provides benefits up to a maximum of 52 weeks to workers who are unable to work due to non-work-related illness, injury, or pregnancy. Your weekly benefit amount is approximately 60 to 70 percent of your wages, up to the maximum benefit allowance. The first seven days of your SDI claim are a non-payable waiting period.

The State of California, EDD, prohibits a combination of the use of sick leave balances and SDI when it exceeds 100% of an employee's weekly salary. For this reason, employees must integrate these benefits to comply with the SDI regulations. Failure to
Updated 8/21/2021 Effective 1/1/2022 - 12/31/2022

integrate these benefits will jeopardize an employee's SDI eligibility and may create overpayment issues. Integration of SDI benefits and sick leave balance usage is required by the State Unemployment Insurance Code, and it has the effect of extending employees' County paid status. This can have a positive impact on leave accruals, health insurance status and other benefits. See DHR's State Disability Insurance [Policy Number 504](#) for more information.

Employees covered by SDI pay premiums through payroll taxes (which include PFL premiums). SDI/PFL premiums are deducted from your paycheck on a bi-weekly basis.

For general information regarding State Disability Insurance, contact EDD at (858) 689-6700 or (800) 480-3287 or at www.edd.ca.gov/disability.

PAID FAMILY LEAVE (PFL)

Paid Family Leave is a component of SDI. Premiums for PFL are included with SDI premiums, deducted from your paycheck bi-weekly. The State of California Paid Family Leave provides up to 8 weeks of partial pay to employees who take time off from work to care for a seriously ill family member (child, parent, parent-in-law, grandparent, grandchild, sibling, spouse, or registered domestic partner) or to bond with a new child entering the family through birth, adoption, or foster care placement.

Your weekly benefit amount is approximately 60 to 70 percent (depending on income) of wages up to the maximum weekly benefit amount. You may receive up to 8 weeks of Paid Family Leave (PFL) benefits in a 12-month period. Your weekly benefit payment amount may vary if you receive other income (such as sick leave pay, paid time off, etc.) while receiving PFL benefits from EDD.

If you have questions regarding PFL please call, EDD at (877) 238-4373 or visit the website www.edd.ca.gov/disability.
