San Diego County Medical Examiner's Office

The Department of the Medical Examiner provides medicolegal forensic death investigation services for the citizens of San Diego County, as mandated by State law.

The staff of 57 full time employees includes 21 medicolegal death investigators, 8 staff pathologists (including the Chief), 2 fellows, 7 toxicologists, and 7 autopsy assistants, as well as administrative and support staff. Of the over 25,000 deaths that occurred in the county in 2020, the department took jurisdiction to investigate 3,845 – performing 1,928 autopsies and 1,917 external examinations or medical case reviews.

Our ACGME-accredited Fellowship program trains 1–2 Fellows yearly and the department regularly hosts resident pathologists and medical students for monthly rotations.

The data the department assembles as the result of our investigations is provided to the public, researchers, medical facilities and other government agencies, aiding community understanding of health and safety risks and trends. Our staff is active in state-mandated death review teams and regularly contributes to hospital quality assurance conferences.

MISSION

Promote safe communities by certifying the cause and manner of death for all homicides, suicides, accidents and sudden/unexpected natural deaths in San Diego County. In addition, provide related forensic services, assistance and education to families of the deceased, as well as to public and private agencies, in a professional and timely manner.

VISION

We are committed to working as a team to meet the needs and expectations of our customers by fulfilling our mandated mission in a professional, compassionate, ethical and timely manner.

Medical Examiner's Office At A Glance

Budget: \$12.1 million

The San Diego County's Department of the Medical Examiner is one of eight California counties accredited by the National Association of Medical Examiners (NAME), which sets national standards in forensic medicine. It is one of three accredited in California by the American College of Graduate Medical Education (ACGME) to educate future forensic pathologists. The Medical Examiner's office provides a modern infrastructure, with innovative technology and appropriate resources. Our Forensic Toxicology Laboratory is accredited by the American Board of Forensic Toxicology (ABFT), performing all its investigations, toxicology, and forensic pathology in house.

The Position

Chief Deputy Medical Examiner

The Chief Deputy Medical Examiner is an executive management position that manages, directs, and coordinates the activities of the Pathology Division of the Medical Examiner's Office. The position also investigates and determines the manner and cause of all sudden, violent, or unusual deaths due to apparent natural causes in cases where the decedent has not been seen by a physician within 20 days prior to death, or where the attending physician is unable to determine the cause of death.

The Chief Deputy Medical Examiner is a licensed physician and board-certified Forensic Pathologist in the State of California. Under administrative direction, this class is responsible for acting as principal assistant to the Chief Medical Examiner.

As the Chief Deputy Medical Examiner, you will have overall responsibility for:

- Managing and directing the activities of the Pathology, Histology and Examination Room Divisions through subordinate supervisors
- Assigning and reviewing cases of subordinate staff and supervises the assignment of fee-for-service service and staff pathologists for purposes of autopsy consistency
- Reviewing and evaluating toxicology reports for compliance with established procedures
- Coordinating pre and post trial evaluations of medical/legal cases
- Directing the Forensic Pathology Fellow training program
- Coordinating resident pathologist and medical student rotations
- Communicating with the medical community in areas of mutual concern, such as potential health hazards
- Supervising subordinate staff
- Conducting autopsies/medical investigations as required
- Acting in the absence of the Chief Medical Examiner
