# THE POSITION

The County of San Diego Department of Environmental Health and Quality is seeking a dynamic, highly motivated, and team-oriented leader to fill an immediate opening for a **Chief, Departmental Operations** in our Hazardous Materials Division.

Under the administrative direction of the Deputy Director, Environmental Health and Quality, this unclassified management position will be responsible for providing leadership and oversight over all administrative functions of the County's Hazardous Materials Division of the Department of Environmental Health and Quality. This position will be responsible for the following key areas: Certified Unified Program Agency (CUPA), Hazardous Waste/Tiered Permitting, CA Accidental Release Prevention Program, Underground and Above Ground Storage Tanks, Hazardous Incident Response Team (HIRT), and Border Inspections/Enforcement.

# THE IDEAL CANDIDATE

The ideal candidate will be a dynamic, independent, innovative, and visionary leader who manages the six programs listed above, and who values collaboration and thrives in a fast-paced environment of multiple stakeholder priorities. The ideal candidate will also have a high degree of technical experience in hazardous materials-related environmental health programs; a strong ability to understand multiple perspectives, agendas, and goals; and proven experience and success in leading others and performing program and project management.

The ideal candidate will have operational experience within a public and/or private sector hazardous materials management program responsible for managing inspection, investigation, and compliance activities over varying establishments. The ideal candidate will also have managerial or full supervisory level experience within a related environmental or public health regulatory program.

Possession of the following three current certifications are desirable, but not required: State of California Registered Environmental Health Specialist (REHS), ICC California UST Inspector, and APSA or Aboveground Petroleum Storage Act.

The ideal candidate will possess a professional history that demonstrates the following leadership competencies and attributes:

- Maintains a global perspective in all activities – understands the big picture
- Forges and establishes positive working relationships through effective communication
- Anticipates problems, roadblocks, as well as future consequences of action and trends
- Builds and supports mutually beneficial working relationships with staff, other organizations, associations, and community partners
- Demonstrates strong supervisory skills, holds others accountable, sets high standards, makes self available to others, and takes personal interest in staff
- Stimulates and actively initiates change in the organization
- Mentors and coaches managers, peers, and leaders
- Relates to a wide range of styles and personalities
- Carefully considers implications and impact of decisions across time and on others; and demonstrates an understanding of multiple stakeholder needs
- Demonstrates strong teamwork and collaboration skills

# MINIMUM QUALIFICATIONS

## Applicants must possess the following:

A bachelor's degree from an accredited U.S. college or university or a certified foreign studies equivalency AND five (5) years of experience which demonstrate the ability to perform the essential functions of the classification which must include two years of management or supervision, OR a combination of education and/or experience as stated above.

Note: A master's degree or higher may substitute for a total of one (1) year. For education to substitute for work experience as stated above, college level coursework must demonstrate progress toward a degree and may be substituted on a year-for-year basis.

Possession of the following three current certifications are desirable, but not required: State of California Registered Environmental Health Specialist (REHS), ICC California UST Inspector, and APSA or Aboveground Petroleum Storage Act.

A degree in environmental health, public administration, or related fields is highly desirable.

# SALARY & BENEFITS

## COMPENSATION

The anticipated hiring range is **\$115,000 to \$125,000 Annually**
