Broadband	Broadband	Distance Learning, Telemedicine, And Broadband Program: Broadband Loans	Department of Agriculture	\$74,000,000	Rural Utilities Service	Open: May 19 2022 Closed: July 8 2022	Loans to finance construction, improvement, or acquisition of facilities and equipment for high speed broadband service in eligible rural areas Available until expended	Combined	Not applying	Not applicable to counties.
Broadband	Broadband	Broadband Deployment Locations Map	Federal Communications Commission	\$10,000,000	Federal Communications Commission	TBD	Establish an online mapping tool to provide a locations overview of broadband projects. Available Until Expended	TBD	Not applying	Not applicable to counties.
Broadband	Broadband	Denali Commission Broadband Funding	Denali Commission	\$250,000	Denali Commission	March 2022	Program to assist rural Alaskan communities in planning and build out of modern broadband capabilities,	Combined	Not applying	County is not in a qualifying region.
Broadband	Broadband	Affordable Connectivity Program	Federal Communications Commission	\$14,200,000,000	Wireline Competition Bureau	Open	BIL Rural Playbook: Provides lower-income households discount of up to \$30/month towards internet services as well as one-time credit towards laptop or tablet. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Battery Materials Processing Grants	Department of Energy	\$3,000,000,000	Energy Programs	Open: May 2 2022 Closed: July 1 2022	For battery materials processing. Available: \$600,000,000 appropriated annually for 2022-2026	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Battery Manufacturing and Recycling Grants	Department of Energy	\$3,000,000,000	Energy Programs	Open: May 2 2022 Closed: July 1 2022	To ensure viable domestic manufacturing and recycling capability. Available: \$600,000,000 appropriated annually for fiscal years 2022-2026	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Smart Grid Investment Matching Grant Program	Department of Energy	\$3,000,000,000	Energy Programs	NOI 2nd Quarter 2022	For eligible activities under the Smart Grid Investment Matching Grant Program (2007). Available: \$600,000,000 appropriated annually for 2022-2026	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Energy and Mineral Research Facility	Department of Interior	\$167,000,000	United States Geological Survey	Open: May 2021 Closed: May 2022	For the construction of a facility to support energy and minerals research. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Industrial Research and Assessment Center Implementation Grants	Department of Energy	\$150,000,000	Energy Programs	Open	For higher education-based industrial centers to research energy efficiency opportunities at industrial facilities. Available Until Expended	Combined	Not applying	Not applicable to County
Climate, Energy and the Environment	Clean Energy and Power	Long Duration Energy Storage Demonstration Initiative and Joint Program	Department of Energy	\$150,000,000	Energy Programs	Applications Open 4th Quarter 2022	Establish projects focused on the development of long-duration energy storage technologies. Available Until Expended	Combined	Not applying	Not applicable to counties.

Sector	Subsector	Program Name	Agency Name	Funding Amount	Department/Agency	Guideline Release Date	About Grant Program	Type of Funding Competitive/Formula/ Combined	Application Status	Reason County is not applying at this time.
Climate, Energy and the Environment	Clean Energy and Power	Wind Energy Technology Program	Department of Energy	\$60,000,000	Energy Programs	FOA 4th Quarter 2022	R&D demonstration, and commercialization activities to improve wind energy technologies. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Solar Energy Research and Development	Department of Energy	\$40,000,000	Energy Programs	FOA July 2022	R&D demonstration, and commercialization activities to improve solar energy technologies. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Wind Energy Tech Recycling Research and Development	Department of Energy	\$40,000,000	Energy Programs	NOFO 3rd Quarter 2022	Create innovative and practical approaches to increase the reuse and recycling of wind energy technologies. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Solar Recycling Research & Development	Department of Energy	\$20,000,000	Energy Programs	FOA July 2022	Create innovative and practical approaches to increase the reuse and recycling of solar energy technologies. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	New Solar Research & Development	Department of Energy	\$20,000,000	Energy Programs	FOA 4th Quarter 2022	R&D demonstration to advance new solar energy manufacturing technologies and techniques. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Power Marketing Administration Transmission Borrowing Authority	Department of Energy	\$10,000,000,000	Power Marketing Administration	Fiscal Year 2022 (i.e., September 30, 2022	Borrowing authority in financing of the construction, acquisition, and replacement of Columbia River Power System. Available Until 2028	Combined	Not applying	County is not in a qualifying region.
Climate, Energy and the Environment	Clean Energy and Power	Civil Nuclear Credit Program	Department of Energy	\$6,000,000,000	Energy Programs	May 2022	Credit allocations to prevent premature retirements of existing commercial nuclear reactors due to economic factors. Available 2022-2026	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Preventing Outages and Enhancing the Resilience of the Electric Grid / Hazard Hardening	Department of Energy	\$5,000,000,000	Energy Programs	4th Quarter 2022	Prevent outages and enhance the resilience of the electric grid. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Carbon Capture Demonstration Projects Program	Department of Energy	\$2,537,000,000	Energy Programs	Q1 2023	To establish a carbon capture technology program for the development of 6 facilities. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Transmission Facilitation Program	Department of Energy	\$2,500,000,000	Energy Programs	Q2 2022	More information about the program expected in early 2023. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Advanced Reactor Demonstration Program	Department of Energy	\$2,477,000,000	Energy Programs	2/21 & 5/21, Licensing TBD	To fund two large demonstrations of advanced nuclear reactors for electricity generation. Available Until Expended	Combined	Not applying	Not applicable to counties.

Sector	Subsector	Program Name	Agency Name	Funding Amount	Department/Agency	Guideline Release Date	About Grant Program	Type of Funding Competitive/Formula/ Combined	Application Status	Reason County is not applying at this time.
Climate, Energy and the Environment	Clean Energy and Power	Advanced Energy Manufacturing and Recycling Grants	Department of Energy	\$750,000,000	Energy Programs	3rd Quarter 2022	Grants for manufacturers' facilities to produce or recycle advanced energy products where coal plants have closed. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Critical Material Innovation Efficiency and Alternatives	Department of Energy	\$600,000,000	Energy Programs	Q21 2023	To develop alternatives to critical materials. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Rehabilitation of High Hazard Potential Dams	Department of Homeland Security	\$585,000,000	Federal Emergency Management Agency	May 2022	For dams that fail to meet dam safety standards and pose risk to life and property. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Maintaining and Enhancing Hydroelectric Incentives	Department of Energy	\$553,600,000	Energy Programs	TBD	Incentive payments to operator of qualified hydroelectric facilities for capital improvements. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Purchase of Power and Transmission Services	Department of Energy	\$500,000,000	Power Marketing Administration	Open	For the Western Area Power Administration to purchase power and transmission services. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	State Energy Program	Department of Energy	\$500,000,000	Energy Programs	NOFO 3rd Quarter 2022	To support electric transmission and distribution planning and programs for overall reduction in carbon emissions. Available Until Expended	Formula	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Industrial Research and Assessment Center Implementation Grants	Department of Energy	\$400,000,000	Energy Programs	4th Quarter 2022	Upgrades for qualified manufacturers. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Earth Mapping Resources Initiative	Department of Interior	\$320,000,000	United States Geological Survey	TBD	To accelerate the U.S. Geological Survey mapping mission. Available 3 years. Funding will be received over a period of four years, with \$8.668 million in 2022 and \$5 million in 2023-2025	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Energy Efficiency Revolving Loan Fund Capitalization Grant Program	Department of Energy	\$250,000,000	Energy Programs	Q4 2022	To establish a revolving loan fund for States for energy efficiency audits, upgrades, and retrofits. Available Until Expended	Formula	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	National Dam Safety Program	Department of Homeland Security	\$215,000,000	Federal Emergency Management Agency	May 2022	To encourage States to establish programs for dam safety. Available Until Expended (148,000,000), Available Until Sept 20 2026 (67,000,000)	Combined	Not applying	No County projects are eligible.
Climate, Energy and the Environment	Clean Energy and Power	Rare Earth Elements Demonstration Facility	Department of Energy	\$140,000,000	Energy Programs	4th Quarter 2022	Demonstrate the feasibility of a full-scale integrated rare earth element extraction and separation facility and refinery. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Rare Earth Security Activities	Department of Energy	\$127,000,000	Energy Programs	1st Quarter 2023	Research and development to improve the security of rare earth elements Available Until Expended	Combined	Not applying	Not applicable to counties.

Sector	Subsector	Program Name	Agency Name	Funding Amount	Department/Agency	Guideline Release Date	About Grant Program	Type of Funding Competitive/Formula/ Combined	Application Status	Reason County is not applying at this time.
Climate, Energy and the Environment	Clean Energy and Power	Hydroelectric Production Incentives	Department of Energy	\$125,000,000	Energy Programs	2022	Incentive payments for electric energy generated facility. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Front End Engineering and Design Program Out Activities Under Carbon Capture Tech	Department of Energy	\$100,000,000	Energy Programs	2nd Quarter 2022	Expands Carbon Capture Technology program to include a program for CO2 transport infrastructure. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Commercial Direct Air Capture Technology Prize Competition	Department of Energy	\$100,000,000	Energy Programs	4th Quarter 2022	Support large-scale pilot projects and demonstration projects and test carbon capture technologies. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Enhanced Geothermal Systems and Pilot Demonstrations	Department of Energy	\$84,000,000	Energy Programs	2nd Quarter 2022	Research, development, demonstration, and commercial application for enhanced geothermal systems. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Section 243 Hydroelectric Efficiency Improvement Incentives	Department of Energy	\$75,000,000	Energy Programs	Q4 2022	To incentivize upgrades to hydroelectric facilities to increase their efficiency. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Critical Material Supply Chain Research Facility	Department of Energy	\$75,000,000	Energy Programs	4th Quarter 2022	Support construction of a Critical Materials Supply Chain Research Facility. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Energy Efficiency Materials Pilot Program	Department of Energy	\$50,000,000	Energy Programs	1st Quarter 2023	Provide grants to eligible States to train individuals to conduct energy audits or surveys of buildings. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Energy Auditor Training Grant Program	Department of Energy	\$40,000,000	Energy Programs	Open	To provide grants to supply nonprofit buildings with energy-efficiency materials. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Pre-Commercial Direct Air Capture Prize Competitions	Department of Energy	\$15,000,000	Energy Programs	Q4 2022	Advance research, development, demonstration, and commercial application of carbon capture technologies. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Extended Product System Rebates	Department of Energy	\$10,000,000	Energy Programs	2nd Quarter 2022	To provide rebates for qualified extended product systems (EV). Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Energy Efficient Transformer Rebates	Department of Energy	\$10,000,000	Energy Programs	2nd Quarter 2022	To provide rebates to industrial owners for the replacement of a qualified energy inefficient transformer. Available Until Expended	Combined	Not applying	Not applicable to counties.

Sector	Subsector	Program Name	Agency Name	Funding Amount	Department/Agency	Guideline Release Date	About Grant Program	Type of Funding Competitive/Formula/ Combined	Application Status	Reason County is not applying at this time.
Climate, Energy and the Environment	Clean Energy and Power	Lithium Ion Recycling Prize	Department of Energy	\$10,000,000	Energy Programs	Q2 2022	To provide a prize for recycling of lithium ion batteries and convene a task force on battery producer requirements. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Career Skills Training	Department of Energy	\$10,000,000	Energy Programs	1st Quarter 2023	Provide grants to pay the Federal share of career skills training program. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Capital Improvement and Maintenance for Dams	Department of Agriculture	\$10,000,000	Forest Service	3rd Quarter 2022	Administers an extensive transportation network to sustain the health, diversity, and productivity of land Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Program Upgrading Electric Grid and Ensuring Reliability and Resiliency	Department of Energy	\$5,000,000,000	Energy Programs	RFI 3rd Quarter 2022	Funds to harden and enhance resilience and reliability. Available: \$1,000,000,000 appropriated annually for fiscal years 2022-2026	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Four Regional Clean Direct Air Capture Hubs	Department of Energy	\$3,500,000,000	Energy Programs	NOI May 2022	For eligible projects that contribute to the development of 4 regional direct air capture hubs. Available: \$700,000,000 annually from 2022-2026	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Carbon Storage Validation and Testing	Department of Energy	\$2,500,000,000	Energy Programs	NOI 2nd Quarter 2022	To establish a research and testing program for carbon storage. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Carbon Dioxide Transportation Infrastructure Finance and Innovation	Department of Energy	\$2,100,000,000	Energy Programs	NOFO 4th Quarter 2022	To create a carbon dioxide transportation infrastructure finance and innovation program. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Clean Hydrogen Electrolysis Program	Department of Energy	\$1,000,000,000	Energy Programs	NOI 3rd Quarter 2022	To improve the efficiency of producing clean hydrogen using electrolyzers for future commercialization. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Carbon Capture Large Scale Pilots Programs	Department of Energy	\$937,000,000	Energy Programs	FOA 1st Quarter 2023	To create a carbon capture technology program. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.

Sector	Subsector	Program Name	Agency Name	Funding Amount	Department/Agency	Guideline Release Date	About Grant Program	Type of Funding Competitive/Formula/ Combined	Application Status	Reason County is not applying at this time.
Climate, Energy and the Environment	Clean Energy and Power	Clean Hydrogen Manufacturing Recycling Research, Development, and Demonstration Program	Department of Energy	\$500,000,000	Energy Programs	NOI 3rd Quarter 2022	To advance new clean hydrogen handling and use equipment manufacturing. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Industrial Emission Demonstration Projects	Department of Energy	\$500,000,000	Energy Programs	NOFO 4th Quarter 2022	For demonstration projects for technologies that reduce industrial emissions. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Grants for Energy Efficiency and Renewable Energy Improvements at Public	Department of Energy	\$500,000,000	Energy Programs	FOA 3rd Quarter 2022	Improvements for renewable energy, energy efficiency, and vehicles at public schools. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Energy Storage Demonstration Pilot Grant Program	Department of Energy	\$355,000,000	Energy Programs	FOA 3rd Quarter 2022	To enter into agreements for 3 energy storage system demonstration projects. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Assisting Federal Facilities with Conservation Technologies	Department of Energy	\$250,000,000	Energy Programs	NOFO 4th Quarter 2022	Grants for Federal agencies to leverage with private capital for efficiency upgrades to Federal buildings. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Cost-effective Building Codes Implementation for Efficiency and Resilience	Department of Energy	\$225,000,000	Energy Programs	NOFO 2nd Quarter 2022	For the efficient implementation of updated building energy codes. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Clean Energy and Power	Battery and Critical Mineral Recycling	Department of Energy	\$125,000,000	Energy Programs	NOFO 3rd Quarter 2022	Create innovative and practical approaches to increase the reuse and recycling of batteries. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Watershed Rehabilitation Program	Department of Agriculture	\$118,000,000	Natural Resources Conservation Service	1st Quarter 2022	Extend dam service life and meet current safety requirements. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Marine Energy Research, Development and Demonstration	Department of Energy	\$70,400,000	Energy Programs	NOFO 4th Quarter 2022	R&D, and demonstration activities to improve marine energy technologies. Available Until Expended	TBD	Not applying	Not applicable to services provided by the County.

Sector	Subsector	Program Name	Agency Name	Funding Amount	Department/Agency	Guideline Release Date	About Grant Program	Type of Funding Competitive/Formula/ Combined	Application Status	Reason County is not applying at this time.
Climate, Energy and the Environment	Clean Energy and Power	National Marine Energy Centers	Department of Energy	\$40,000,000	Energy Programs	NOFO 4th Quarter 2022	Establishment of new National Marine Energy Centers and R&D Available Until Expended	TBD	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Hydropower Research Development and Demonstration	Department of Energy	\$36,000,000	Energy Programs	NOFO 3rd Quarter 2022	To fund R&D and demonstration activities to improve hydropower technologies. Available Until Expended	TBD	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Pumped Storage Hydropower Wind and Solar Integration and System Reliability Initiative	Department of Energy	\$10,000,000	Energy Programs	Open	Carry out project design, transmission studies, power market assessments, and permitting for hydropower Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Building , Training, and Assessment Centers	Department of Energy	\$10,000,000	Energy Programs	FOA 4th Quarter 2022	To provide grants to institutions of higher education to establish building training. Available Until Expended	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Clean Energy and Power	Weatherization Assistance Program	Department of Energy	\$3,500,000,000	Energy Programs	1st Quarter 2022	Reduce energy expenditures and improve efficiency. Available Until Expended	Formula	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Environmental Remediation	Abandoned Mine Reclamation Fund	Department of Interior	\$11,293,000,000	Office of Surface Mining Reclamation and Enforcement	NOFO Summer 2022	Provides grants to States and Tribes to clean up abandoned coal mine sites and related problems. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Environmental Remediation	Orphaned Well Site Plugging, Remediation and Restoration	Department of Interior	\$4,677,000,000	Department-Wide Program	Open: August 2021 Closed: August 2022	Funding for plugging wells on Federal land and issuing grants to States and Tribes on State, private, and Tribal lands. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Environmental Remediation	Brownfields State & Tribal Response Programs	EPA	\$300,000,000	Environmental Protection Agency	Open: March 30, 2022 Closed: June 3, 2022	Funds to prevent, inventory, assess, clean up, and reuse brownfield sites. Biden Administration awarded \$254.5m in grants in May 2022. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Environmental Remediation	Funding to Support Orphan Well Plugging	Department of Energy	\$30,000,000	Energy Program	TBD	Funding to support the Department of Interior’s effort to establish a program to plug, remediate, and reclaim orphaned wells located on Federal land. Available Until Expended	TBD	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Environmental Remediation	Superfund (Remedial)	EPA	\$3,500,000,000	Environmental Protection Agency	Open: Q1 2021 Closed: Q1 2022	Cleaning up contaminated land. Available Until Expended	Combined	Not applying	County is not in a qualifying recipient.

**Grant Programs within the Bipartisan Infrastructure Law (BIL) the County is Not Currently Pursuing\***

Sector	Subsector	Program Name	Agency Name	Funding Amount	Department/Agency	Guideline Release Date	About Grant Program	Type of Funding Competitive/Formula/ Combined	Application Status	Reason County is not applying at this time.
Climate, Energy and the Environment	Environmental Remediation	Brownfields Projects	EPA	\$1,200,000,000	Environmental Protection Agency	Open: May 2021 Closed: May 2022	Provides funds to empower States, communities, Tribes, and nonprofit organizations to prevent, inventory, assess, clean up, and reuse brownfield sites. Available Until Expended	Combined	Not applying	County is not in a qualifying recipient.
Climate, Energy and the Environment	Environmental Remediation	Clean Energy Demonstrations on Current and Former Mine Land	Department of Energy	\$500,000,000	Energy Programs	Open: Q1 2023	Funds to demonstrate the technical and economic viability of carrying out clean energy projects on current and former mine land. Available Until 2026	Combined	Not applying	Not applicable to services provided by the County.
Climate, Energy and the Environment	Environmental Remediation	Direct Federal Spending for Revegetation of Mined Lands	Department of Interior	\$100,000,000	Office of the Secretary	Direct Federal Spending	Funding to restore native vegetation and mitigate environmental hazards on mined public or private lands. Funding available until expended for total amount across entire Program (\$905 million), but portions of the total are allocated to specific fiscal years, each with a different period of availability	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Resilience	Emergency Watershed Protection Program	Department of Agriculture	\$300,000,000	Natural Resources Conservation Service	TBD	Provides for design and construction of measures to help repair damages from a recent disaster.Avaliable Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Resilience	Hazardous Materials and Emergency Preparedness Grants	Department of Transportation	\$234,125,000	Pipeline and Hazardous Materials Safety Administration	Open: Summer 2021 Closed: Summer 2022	Example grants: Assistance for Local Emergency Response Training; Hazardous Materials Instructor Training. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Resilience	Wildfire Management - Fuels Management	Department of Interior	\$878,000,000	Departmental Offices	Closed	Protect vulnerable communities from wildfire and preparing for a changing climates. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Resilience	Rural and Municipal Utility Advances Cybersecurity Grant and Technical Assistance Program	Department of Energy	\$250,000,000	Energy Programs	NOFO 3rd Quarter 2022	Enter into cooperative agreements to protect against, detect, respond to, and recover from cybersecurity threats. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Resilience	Department of Interior Wildfire Management Preparedness	Department of Interior	\$245,000,000	Departmental Offices	Open: June 2021 Closed: June 2022	Helps the Federal government prepare to respond to wildland fire. Available Until Expended	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Resilience	Forest Health Management on Federal Lands Program and Forest Health Management on Cooperative Lands Program	Department of Agriculture	\$100,000,000	Forest Service	TBD	Suppress forest insects and diseases; create more fire-adapted communities Each annual \$20 million tranche has a 4 year availability	Combined	Not applying	Not applicable to counties.
Climate, Energy and the Environment	Resilience	Volunteer Fire Assistance	Department of Agriculture	\$20,000,000	Forest Service	Open: 3rd Quarter 2021 Closed: 3rd Quarter 2022	Increasing the capacity of local fire departments to provide initial attack on wildfires. Each annual \$4 million tranche has a 4-yr period of availability	Combined	Not applying	Not applicable to counties.
