1. Representatives from CalTrans will make a presentation to the group and the community on its Eastbound I-8 Pine Valley Pavement Project. The project covers 10 miles from Viejas Creek Road to just west of Pine Valley Creek Bridge. Work on Viejas Creek Road to SR-79 will replace the right lane and outside shoulder with Continuously Reinforced Concrete Pavement (CRCP), the left shoulder with hot mixed Asphalt, and install drainage improvements. The project commenced in September and work is scheduled through the end of December. **Presentation, Discussion & Action**

2. The San Diego County Sanitation District is currently evaluating a range of proposed annual rate increases and capital improvements. County staff will make a presentation to the group and the community about the proposals and will be available to answer questions. **Presentation, Discussion & Action**

3. The County of San Diego Planning & Development Services is developing a program that would remove graffiti on private properties in the unincorporated County for free. Currently, private property owners are responsible for graffiti removal and even subject to code enforcement action such as citations if they do not remove graffiti on their property. The new program would utilize a contractor to respond to reports of graffiti and to remove graffiti on private property at no charge, with the property owner's consent. The county will hold 2 public virtual meetings in November to talk about the program; they are scheduled for Monday, November 7 and Wednesday, November 9 at 6pm. For more information: <https://www.sandiegocounty.gov/content/sdc/pds/ce5/home/Community-Needs-Assessment.html> **Presentation, Discussion & Action**

4. The County of San Diego Board of Supervisors is assessing the demand for expanding the regionwide Community Identification Signs program. This program includes community signs ranging from small

white-on-green roadside signs up to larger ground mounted or street-spanning signs. The county is soliciting feedback from stakeholders on demand for signs, community funding interest, and implementation and/or funding priorities for underserved communities. The group will review a brief presentation on this topic and may consider recommendations at this meeting. **Presentation, Discussion & Action**

5. The owner/applicant of a property located at 3547 "C" East Victoria Drive, Alpine, CA has applied for a discretionary permit for a major use permit to install a wireless cell tower and new ground equipment (PDS2021-MUP-21-004). The cell tower will be a mono-tree type facility and will replace an existing 30' tower with a 60' tower. The Group may make a recommendation on this application. **Presentation, Discussion & Action**

6. The San Diego County Department of Public Works (DPW) has requested the ACPG's participation in identifying a prioritized list of transportation improvement projects on the county-maintained road network in Alpine. Project types include the following:
