      ii. Notice is hereby given that the County of San Diego is recirculating for public review a Draft Supplemental Environmental Impact Report (SEIR) for the Forest Conservation Initiative (FCI) Lands General Plan Amendment (GPA) in accordance with the California Environmental Quality Act (CEQA). The Forest Conservation Initiative (FCI) was a voter-approved initiative in 1993 that required a minimum lot size of 40 acres for these lands. The FCI expired on December 31, 2010. With its expiration, the former FCI lands reverted to the land use designations of the previous General Plan (1978) in effect before the FCI was enacted. As a result, the land use designations associated with the FCI lands are not consistent with the 2011 General Plan land use designsations. Review Period: January 14 through February 29, 2016
