- E. ACTION ITEMS:

- A. PDS2013-ZAP-13-002 Aqualands Farms Inc. Minor Use Permit – Project is located at 3786 Valle Del Sol and nearest cross street is Via Puerta Del Sol. The proposal is for a green house that has a dual purpose: (1) Producing Tilapia fish and using their by product to (2) Grow vegetables. This is a closed loop process as the young fish will be brought onto the site once every 2 weeks by the owner's pick-up truck, and the grown fish will be taken live to a processor every 2 weeks by a 6 wheel bob-tail truck with a tank. Vegetables will be delivered to market once a day by the owner's pick-up or a van. There are no odors associated with this type of use as the water is clean and the fish are alive the entire time they are on site. The J Designator only allows 25 specialty animals on the property thus a Minor Use Permit is needed for approval of this project.
