**4. NEW BUSINESS:**

**a. Community workshop with San Diego County staff to present and obtain input on the Camp Lockett Master Plan zoning overlay project.** The purpose of this public workshop is to develop a shared community vision for the Camp Lockett area and identify opportunities and constraints that are appropriate for consideration under the Master Plan. The workshop will follow an interactive format where community members will learn more about the project, review the existing conditions, opportunities and constraints of the site, and provide feedback on desired land uses. Following a brief presentation to provide background information, participants will be asked to break into small groups and work together to establish their ideal future Camp Lockett scenario. Based on the input received at the workshop, a “wish list” of desired uses will be developed to help inform the Master Plan. Land recipients under this plan include CLEEF, Southwest Railway Museum, Mountain Health and Community Services and MEUSD.

**All members of the public are invited to participate in this important community planning effort. With this master plan in place, the non-profits who are receiving land from the county will be able to proceed with “by right” projects.**
