F. ACTION ITEMS.

F1. Report by Ad Hoc committee regarding evacuation in case of wildfire. (Nehring). Ad Hoc committee chairman Ron Nehring distributed a draft interim report of the Crest-Dehesa-Granite Hills-Harbison Canyon Community Planning Group Ad Hoc Committee on Wildfire Evacuation; he encouraged everyone to read, consider, and provide their input about the committee's findings, recommendations and matters requiring further investigation; and he explained that the Committee plans to get input from the Fire Districts about this draft report, before drafting proposed changes for the Community Plan.

Chairman Riggs reminded everyone that the timeline for making changes to the Community Plan will be many months long. The Group discussed sharing the draft report with others; evaluating the pros and cons of issues such as gated versus open roads on private property; and preparing an updated Community Plan that retains all appropriate information for the Subregion's unique areas and needs, while incorporating as much as possible to improve fire safety.

F2. Traffic issues in Harbison Canyon (Eutha Scholl) (County Staff). Chairman Riggs welcomed and introduced Ernie Bartley, Department of Public Works, who has been working with Eutha Scholl on the community's concerns about traffic issues in Harbison Canyon, and invited them to discuss the current status of these issues with the Group. Mr. Bartley described the data collected along Harbison Canyon Road, from Dehesa Road to Arnold Way, presented to the Traffic Advisory Committee, 1) that support setting certain speed limits, including a 40 mph zone through the Harbison

Canyon residential area, 2) but do not support any intersections with all-way stops. Discussion of these issues included questions and ideas about requirements for cross walks for school bus stops, potential community grass-roots actions promoting setting low speed limits, and possible changes (other than the speed limit) that could improve safety. The proposed 40 mph zone from south of Collier Way to north of Patrick Drive could become enforceable by California Highway Patrol in May 2022.

G. GROUP BUSINESS.
