4. Hearing of the public:

No members of the public attended.
5. Group Business
 - A. Consideration and selection of applicants for seat #4
No applicants have come forward
 - B. Correspondence
None received

Action Items

1. Verizon Wireless Major Use Permit Modification #3301-90-001-02 update
The CSG recommended that San Diego County Department of Planning and Land Use (DPLU) deny Major Use Permit Modification #3301-90-001-02 at this time based on the following rationale:
 - Completeness of Application – Verizon did not provide previously requested information regarding the frequency and strength of the new equipment.
 - Noise of the backup generator is not compatible with the quiet of this rural neighborhood. Verizon declined to include enclosure to dampen noise. Noise mitigation is requested before the CSG can recommend approval.
 - Compliance with zoning requirements – The CSG believes that based on its location on the summit of North Peak, which is within a scenic view shed, this telecommunication facility requires visual screening to comply with San Diego County's Wireless Ordinance requirements. Existing landscaping is not being properly maintained by Verizon. M-Kathy S-Betty C 4-0

Adjourn 7:30 PM
