1. Open Forum. Opportunity for members of the public to speak to the Planning Group on any subject matter within the Group's jurisdiction but not on today's agenda. Three minute limitation. Non-discussion and Non-voting item.
 - a. **Chairman Wood reported that there will be a public meeting to discuss a new Fallbrook park destined for East Fallbrook St., the site of a former housing development of 18/19 homes that was subsequently withdrawn by the developer and purchased by the County (between Golden/Morro sts.). The public will be asked for input on facilities at the park. The planner will be invited to attend the June meeting to discuss the project and receive community input.**
 - b. **He also reported on the proposed Vehicle Miles Travelled study and future enactment of provisions under SB 743, which contains provisions that are not applicable to low-density communities like Fallbrook in the unincorporated area of the county. He is working with Eric Lardy at the County to participate either remotely or in person at the June meeting to hear Planning Group/Community input on the act. He said the intent of SB 743 is for residents to reduce the number of vehicle miles travelled in/around the community. SB 743 revised existing studies pertaining the Fallbrook area originally done by DPW a few years back with counters. The law is to be enacted July 1, with the provisions to the Board of Supervisors on June 20, 2020.**
 - c. **Chair Wood also reported that Peppertree Park phases 9 and 10 are now at the grading plan stage. The project applicant, Duane Urquart, has removed provisions for a small hotel on the site and is concentrating the site plan on multiple-unit and single family housing.**
 - d. **He noted that the filing period for those seeking a seat/or to be re-elected (odd-numbered seats) begins July 13 and runs through August 7, 2020. Applicants will need to attach a current Form 700 with the nominating papers.**
