1. Road Maintenance, 2nd St.

Rebecca Morales, citizen member of the Roads Committee, outlined the various steps that had been taken to get the County to address the problems caused by a non-maintained County road portion of 2nd St., all to no avail. She suggested she might gather signatures on a petition. The JCPG said the while it couldn't engage, as far as it knew, directly we could write a general letter indicating that we supported solving the problems currently posed by 2nd St. It was agreed that this item should be on the next agenda.

2. Julian Dark Skies—Discuss adding a lighting amendment to the Julian Community Plan.

Doug Sollosy provided an update on his interaction with the County Planning and Development offices concerning making Julian a Dark Skies Community. He said that the Borrego Community Plan had a section on the subject and agreed to send it to Munshi with adaptations for Julian so it could be considered as a possible basis for adding a section to the Julian Community Plan. Sollosy indicated it would be helpful to have a letter from the JCPG supporting his effort.
