E. Action Items

1. PLDO Funds

Munshi reported that she had explored the possibility of using PLDO funds to put in artificial turf at Jess Martin Park but that it appeared not to be a feasible alternative to watering the Park. She had also talked with the Elementary School about a possible project but nothing materialized, and she asked Jim Hubbell about creating a park below Julian but he was overstretched already. After some discussion it was agreed that the JCPG should begin discussing PLDO funds and how they might best be used beginning in February. **This item should be on the Agenda for February 2019.**

2. Bike Trails in Julian Planning Area

County Staff presented an alternative plan to that in the ATF for Bike Lanes around Julian. These would be Class II lanes along Highways 78 and 79 and through town. The group was grateful that Staff had listened to local concerns but still believed that bike lanes would be problematical, given the nature of the countryside and constraints in town. Munshi moved that a letter to this effect to the County be drafted, Barnes seconded and the motion was carried unanimously. It was also agreed that Dianne Jacob be sent a copy of the letter.

3. County Housing & Community Development Services

Rebecca Morales from the audience pointed out that money in this area could be used for a variety of things supporting the community and affordable housing. It was agreed that beginning in January the JCPG would map out a strategy for use of this resource for the coming year. **This item should be on the agenda for January 2019.**
