Also she said there was possibility of getting County funds, general funds for various projects; possibly we could work with the County to do an application from the Supervisor for the roads but there might be other things as well that we could apply for. Morales state that the group might begin thinking about what we might want funding for.

Lynn Jarman reported of the Julian Dark Sky Network meeting . Experts met with staff at PDS who said they will be engaging with all stakeholders. Not heard anything yet.

E. Action Items

2. Forest Management -- Barnes put together a proposed policy on forest management and Brown passed it out. The group discussed the policy and what to do with it. Brown said Descanso would be interested in seeing it. Munshi suggested that we might want to talk to some local environmental people. Jones suggested we tighten the focus to indicate these were measures that could be used in San Diego County.

Moretti moved we contact other planning groups and in meantime get some feedback and tighten focus to San Diego County. Redding seconded the motion. It passed unanimously. This item should be put on the next agenda
