E. Action Items

1. PLDO Funds

Brown said BOS approved \$100,000 on the park project. Krawiec added they had to have our support to continue with the process. Munshi noted that they could access Palomar funds as well. NO action taken.

2. Forest Management - Letter

Jones said he would vote negative because he thinks it's an important issue but he doesn't have the knowledge to vote on these particular recommendations. Barnes said it was indeed an important issue and that without our being a squeaky wheel money wouldn't come in to this area. If we don't do something on fuel management we're going to have an endless cycle of fire. Money is controlled by Fish and Wildlife, CDF, State Parks and the National Forest. All of them have a bias towards spending the money up north and not down here, so it is important to put forward a policy that indicates we need funds and do things we know work. Keith noted that he had talked to the County Fire Department and they said they'd support it.

Redding moved to adopt the letter as presented for group policy
Barnes seconded.

8 ayes, 1 nay, motion carried

Munshi moved the letter be sent to CalFire, the County Board of Supervisors and other interested parties in the County, other Planning Groups, CDF County Chief Mecham, to Porter, head of CDF, Fish and Wildlife at the state level, to State Parks (Cuyamaca and HQ) and Cleveland National Forest and other potentially interested parties. (Jones and Anderson were suggested)

Redding seconded the motion
8 ayes, one nay, motion carried

3. Road Maintenance

Mushet is working on this but was absent.

Morales is getting more names on the petition to repair 2nd St. Pat Brown said he'd inquire about it with the County. No action taken.

4. J Designator Site Plan Review – ARB & JCPG review required?

County now wants site plans for building in the Historical District and have asked the Planning Group to approve comments coming from the Architectural Review Board. It is specifically said in the CEQA that J designations are exempt from PG approval. We haven't been involved in the past.

Redding moved that we keep the responsibilities of the Planning Group and the ARB separate and that the ARB retain responsibility when the J Designator pertains to single family dwellings.

Krawiec seconded the motion. It was carried unanimously.
