VI. Old Business and Reports

- a. Roads and traffic. Dr. Kurland Study of peak traffic conditions is avoided by the the County routinely. Desirable that county study Friday traffic. Ms. Heilbron expressed her dissatisfaction with the County for their incomplete installation of the new stop at Vallecitos school. No flashing lights. Lack of school zone signs.

The group discussed traffic calming in Rainbow. Some suggested reduction of speed limits. Others recited the efforts made by RCPG to get the count to implement these ideas. Rice Canyon is a mobility access road designated by the county. This make any action to slow traffic pretty much impossible. Mark DevVechio reminded us we are not a legislative body.

- b. Mike Darnley. High tension lines. No report
