useful contact information for County resources. He passed out Planning and Sponsor Group Information and boundary information. See VII. a. for more.

h. Earthquake Preparedness was discussed. Gary Drake suggested the group focus on general preparedness for emergencies. Trying to prepare for all emergencies might require large book like the one FEMA has. Call for the formation of a committee resulted in interested members. Committee to be formalized at next meeting.

VII. New Business

- a. County General Plan concerning scope of Rainbow Jurisdiction and Boundary change to include "Southern Rainbow" A discussion about the pros and cons of trying to extend boundaries to include area just north of the 76. The material that Mark DiVecchio passed out was used to study the existing boundaries. Mark DiVecchio pointed out that most of Rice Canyon is in "Southern Rainbow" Gregory Canyon affects Rainbow more than it affects Fallbrook. Ron Trotter said this idea was tried before and it met with stiff opposition. It was suggested we invite Joe Farace to address the Group. Moved by Frederick Rasp and Seconded by Jon Barratt that we call Joe Farace. Unanimous.
- b. Request for Rainbow Water District Rep to address group. See VI c.
- c. Change meeting venue. Ron Trotter moved and Frederick Rasp seconded that the group move to the Vallecitos Board Room graciously offered by the School Principal. Unanimous.
- d. Planning Group Member Business. Mark DiVecchio commented on the agenda about something I did not write down.
