6. Mt. Woodson Parking Issue – The committee will review a letter drafted from questions formulated to ask the County about their plans to develop the Mt. Woodson parking lot and surrounding area now that the purchase of the property to place the parking lot is final.

There was a variety of issues brought up with the letter. Mike Fry wanted to include that traffic circulation and access are critical to the project. It was brought up we should ask if there will be RV parking spaces and EV parking spaces. The Archie Moore access request was taken off of the letter because it was not doable in that location. There was discussion of a parking fee being charged. Mr. Fry said the Iron Mountain parking lot is on private property and there is no charge to park there. Mr. Powell said he did not feel the buildings were in good shape. The question came up of what are the City of San Diego responsibilities going to be? If the trailhead is a dedicated trailhead, Caltrans will become involved.
