

Ramona Community Planning Group

Transportation & Trails Minutes

September 26, 2023: 7 pm

434 Aqua Lane, Ramona CA

1. Call to Order & Pledge of Allegiance 7:01 pm
2. Present: Dawn Perfect, Joe Cahak, Ken Brenneke. Absent: Lynn Hopewell, Cheryl Wegner
3. **Approval of previous meeting minutes Joe/Ken. Unanimous.**
4. Public comment on items not on the agenda: Erica Wolski, community member, stated that stop signs at intersection of Ramona Street & Montecito Rd should be considered for traffic safety. The intersection is dark, there is a speed limit change, pedestrians, and parked cars block visibility.
5. Traffic safety item on San Vicente Rd, between Gunn Stage and Ramona Oaks Rd. Presentation by County Traffic Engineering (Discussion/Possible Action): Heather Mc Gee, representing San Diego Country Estates Association in attendance with presentation materials provided at previous T&T meeting. No county representative in attendance. **Motion to table: Ken/Joe. Unanimous. ***
6. TPM 21445, Tentative Parcel Map for a 4 lot subdivision. Total project acreage 19.53 acres. Smallest proposed lot 4 acres. Whispering Sage Lane. (Discussion/Possible Action): Whispering Sage is already paved, with utilities underground. Plan has been submitted to fire department; no response or concerns expressed at this time. The road is private and does not have curb, gutter, or sidewalk but is sufficiently wide for vehicles and non-motorized use. **Motion to accept the Tentative Parcel Map as provided: Joe/Ken. Unanimous.**
- *Mike Kenney, county traffic engineer, arrived late, to speak on Item 5. Was informed that item had been tabled due to no new information to warrant reconsideration, and that SDCE Association representative had already left the meeting. Mr. Kenney will arrange to be on a future agenda.
7. Membership consideration of Rochelle Laws. No objection to adding Ms. Laws to the subcommittee.
- 8 Items for consideration on future agendas: Joe would like to have San Vicente Road drainage near the sewer treatment plant to be considered for a future agenda. Erica Wolski would like to have the Wellfield Park Master Plan added to a future agenda, and consideration of stop signs on Montecito Road & Ramona Street intersection (see above public comment).
9. Adjournment 7:45 pm
