A brief history of the Fry-Koegel trail was provided by Cheryl. It is a county dedicated trail and was a requirement of development of the Mt. Woodson housing development and includes valuable connections to Archie Moore Road.  
**Motion: Ensure that the Fry-Koegel Trail, and its connection to Archie Moore Rd remains accessible, particularly with the development of the planned parking lot, and new interested trail users. Cheryl/Paul. Unanimous.**
7. ~~Rancho de Canada~~: Canada de San Vicente Ecological Reserve; public access:  
Glenn Morgan (Ramona Trails Assoc) provided a brief history of the property, formerly known as Monte Vista Ranch. It features 20+ miles of trails traversing the 5000 ac ranch (near Barnett Ranch). Many years ago, there was a 36 lot housing development planned, along with public access trails and a conference center. The county did not approve the plan, and the ranch was sold a couple of times. It is now owned by CA Fish & Wildlife. There is interest in regaining public access to the existing trails, however the state has refused, and has refused to provide any information about the ranch, including budget documents, even after formal public records request was made. Ramona Trails Association is contacting public officials to discuss the issues. Anyone interested in helping should contact Glenn Morgan/Ramona Trails Assoc.
8. Mussey Grade Road/Hwy 67 alignment. Very brief discussion of some options for improvement, including Dye Street as an option. The RCOG reported there will be a meeting to discuss early 2025.
9. Bridge naming policy: County & Caltrans. (Information). Dawn reviewed the county policy with the subcommittee. The new 13th Street bridge was mentioned as a possible naming opportunity.

10. Standing Rules/Policy I-1 as it relates to subcommittees. (Discussion/Possible Action) No action taken by the subcommittee; they will defer to the RCPG.

9. Items for consideration on a future agenda: None at this time.
