

Minutes from the July 7th Transportation and Trails Meeting

1. Meeting started at 7PM
2. Attending: Carl Hickman, Bob Hailey, Scotty Ensign, Dawn Perfect, Jim Cooper, Cheryl Wegner
3. Non-Agendized items: Joe Minervini expressed concerns regarding the Historic Designation being sought for the Colonade on Main St (SR67). He is worried that the designation could eliminate any future opportunities to widen SR67. The committee shared his concerns.

Action Items:

4. Kahoots design exception to the County Road Standard: The proponents discussed that their project has been approved at the County and that there are some changes to the original Drainage Design. The proponents said that the project was approved at prior meetings, but they did not have any plans that depicted the new drainage proposals. Mr. Hailey motioned to deny the exception request because the committee had no plans to look at. The motion was seconded by Mr. Cooper and passed 5 to 1, with Mr. Ensign voting no.
5. Zenovic Subdivision: Proponent discussed his proposal and explained to the committee with a hand drawn depiction of what he wanted to do. After committee discussion, Mrs. Perfect motioned that the project be approved as presented with conformance to all applicable pathway and sidewalk standards. The motion was seconded by Mr. Hailey and passed unanimously.
6. Meeting adjourned at 7:45pm.
