

RAMONA COMMUNITY PLANNING GROUP
TRANSPORTATION AND TRAILS SUB-COMMITTEE
DRAFT MEETING MINUTES

MAY 24, 2016

The meeting was held at the Ramona Community Center and was called to order at 6:32 PM.

Attendees: David Stone, Jim Cooper, Ken Brennecke, Lynn Hopewell, Dan Scherer, Rick Terrazas.

Absent: Cheryl Wegner, Dawn Perfect.

After the pledge of allegiance it was determined that a quorum was present and the meeting proceeded.

Previous Meeting Minutes Approval: There was not a copy of the previous meeting minutes on hand to be referred to and so a motion to table the approval of the previous meeting (April 26th, 2016) was made by Dan Scherer and seconded by Rick Terrazas. The motion carried unanimously.

Announcements: The proposal to do any work at Country Villa Road and San Vicente Road needed County and both HOA review.

Presentation from the Public on non-agenda items: There were none.

Action items:

7. San Diego Country Villas 2 request for street modifications at San Vicente and the Green Haven Lane loop:

The San Diego Country Villas 2 advocates Jim Mansell, et al were not in attendance. They were making a presentation to the San Diego Country Estates Board at the same time as this T&T meeting. A motion to table this item until the next meeting was made by Dan Scherer and seconded by Rick Terrazas. It passed unanimously.

8. The proposal for an all way stop at Seventh and E:

East and West traffic are currently controlled on E. The proposal is to make the intersection a 4 way stop. Both principals at the nearby schools support the proposal. There have been no accidents yet (Cooper). Apparently, the proposal is to reinforce pedestrian safety (Stone). Traffic has a tendency to

gain speed going down the hill and the intersection of D and 7th is a 4 way stop (Hopewell). Additional crosswalks should be painted yellow (Cooper). A 25 MPH sign is currently present on 7th (Hopewell, Stone). School leadership thinks it is a good idea (Cooper). Lots of kids play in the schools after hours (Stone) and lots of kids are walking in the area (Cooper). David Stone moved to accept the proposal to add stop signs to all corners of the intersection at 7th and E Street and to standardize to yellow crosswalks across all 4 roads at the intersection. Lynn Hopewell seconded. The motion passed unanimously.

Concerns of Members:

Shrubs were cut down at Country Villa Road and San Vicente but due to their width they still obscured the view of oncoming traffic. There was another accident at San Vicente and Green Haven. More parking was rejected by the builders of San Diego Country Villas 2 originally because they would have not been able to build 4 units if they had accommodated more parking.

Warnock and Dye pathways have been cleaned up by the County.

Request for Agenda Items:

At Warnock and San Vicente there is a pot hole going North that needs to be attended to. It is thought that this will be resolved during the final phases of the San Vicente road improvements but this needs to be watched until solved or be brought up again.

IMPORTANT NOTE: The Chairperson will be out of state until the 3rd of July so, with the members agreement, the next meeting of the T&T subcmte will be held on July 5th, 2016 at 6:30 PM at the Ramona Community Center.

A motion to Adjourn was made by Dan Scherer and seconded by Lynn Hopewell. It passed unanimously at 6:52 PM.
