open space and fuel-modification zones. The Project is designed to cluster development in the northern portion of the Project site in order to allow for the development of residential uses while providing biological open space in the southern portion of the site. The Project also includes 0.09-acre of off-site clearing within an existing right-of-way. The Project proposes seven affordable housing units as part of the Density Bonus application. Zoning Use Regulations for the site is Rural Residential (RR) and Open Space (S80). The General Plan Designations for the Site are Semi-Rural (SR-1 and SR-10) and the General Plan Regional Categories for the site are Semi-Rural and No Jurisdiction. The Project is located in unincorporated San Diego County within the San Dieguito Community Plan Area on approximately 89.23 acres, immediately south and west of the City of San Marcos and east of the City of Carlsbad. Access to the site would be from San Elijo Road to the north. An online/phone-in public scoping meeting/teleconference will be held to solicit comments on the NOP. This meeting will be held virtually on Tuesday, September 20, 2022, at 6:00 p.m. and will end by 7:30 p.m.
