**D. ACTION ITEMS**

1. I-15 Corridor Design Review Board (DRB). Farrell reported the board meets one time per month and needs a representative from our community. Discussion about the area and what it entails. Joe Bunn volunteered.
2. Community Plan. In SD County a Community Plan is part of the General Plan and TOV is part of the No. Co. Metro subregion. Farrell brought a binder of historic documentation showing the CP process started in 1995 when the community published *Twin Oaks Valley, California: A Community Plan*. In 2001 goals and policies were addressed as part of the GP2020 update. A 2002 survey of residents and non-residents resulted in the desire to keep TOV unique with its own identity and character. A template was designed in 2008 to fit in with the County GP. In 2011 a draft *Updated Community Plan* was created and sent to the County. Although the community has made repeated requests to the County to provide staff to help complete the community plan, the County has delayed taking any action and the latest communication is it will be a few more years for County to get to our plan. Discussion to include the sections of the Buena Creek area that have no representation. Buena Creek residents will get started with community input to help move this process along through the County.

**E. GROUP BUSINESS**

1. Farrell brought to attention a new development, a religious complex, however, it is in Hidden Meadows jurisdiction.
2. Dish Network adding 4 more antennas at 402 Hardell Lane in Vista.
3. 5G coming to urban San Diego areas this year
4. Farrell updated <https://tovcsg.wordpress.com/>
5. Subcommittee Buena Creek Road Report: Todd Landers stated County has list of road areas to be repaired. We may report pothole/other needed road repairs to County Planner.
6. Regular meeting on June 19, 2019. Binns will be absent.
7. Meeting adjourned at 7:50 PM

**Respectfully Submitted,**

Harris Korn
