**E. ACTION ITEMS:**

**1. County of San Diego Traffic Engineering - 2020 Special Events Update Presentation**

**Description:** Traffic Engineering is bringing an updated Special Event program to the County. Last year, we were very appreciative to receive invaluable feedback and input to our planned update through workshops, emails, and community group meetings. Here are the highlights for communities and event organizers:

- Submittal Deadlines: 30 day submittal deadline for events that can self-certify no impacts via environmental questionnaire.
- Signed Plans: previously approved plans can continue to be used without requiring a new stamp from an engineer.
- Event Promotion: we will not impose any limitation of event promotion timing.
- Trained Staff: we will not require that each event staff require traffic control training; just one supervisory member of the event team.
- Costs: We will present the analysis of staff costs to the Board of Supervisors for final decision on fees and funding for applicants.

Attached please find the revised draft ordinance, the environmental questionnaire, and frequently asked questions (FAQ) we received from the community during the update process. Please send review comments to [DPWSpecialEvent.Permit@sdcounty.ca.gov](mailto:DPWSpecialEvent.Permit@sdcounty.ca.gov). **Discussion/Action.**

**2. Deer Springs Fire Master Plan Update:** Deer Springs Fire Protection District is discussing the 10 year Master Plan for the District (2020-30). The Deer Springs Fire Protection District (DSFPD) is inviting community members to provide input on a "Community Wildfire Protection Plan," which is a document evaluating the local wildfire threat and recommending strategies to mitigate that threat. The district and the Deer Springs Fire Safe Council are collaborating on this document and are seeking input from public agencies and community members regarding potential wildfire risks in the district. For further details, please contact Deer Springs Fire District Headquarters at (760) 749-8001.
