According to Chase, this is what stopped the progress on the community plans. Farrell noted that between 2011 when the General plan was adopted and 2020 the sponsor group had repeatedly requested the County to help complete the Twin Oaks Valley Community Plan and the County did not make any effort. They cited lack of funds and lack of staff. Bunn, noted the historic lack of maintained infrastructure in the area makes growth a challenge. Bunn said the County will try to develop certain areas based on the outcome of the Design Feasibility Analysis (DFA) and the Community Based Transportation (CVT).
