GRADING AND IMPROVEMENT PLAN PRE-SCREENING CHECKLIST

Grading and Improvement plans are subject to pre-screening by Planning & Development Services (PDS) Land Development Division prior to initial submittal. Plans must meet the following format requirements at a minimum. If plans do not meet any of the following, the submittal is subject to rejection. The pre-screened submittal will be returned within ten (10) business days. To schedule your submittal appointment go online to https://www.sandiegocounty.gov/content/sdc/pds/LandDevelopment.html

Application and plans shall be submitted to the Land Development Counter at:
5510 Overland Ave Suite 110 San Diego, CA 92123.

</table>

*schedules are subject to change
If any of the following boxes are checked, an extra set of the project plan set with supporting documentation, studies, and/or other information will be sent to the respective specialist.

**PDS Environmental:** All discretionary projects/applications require PDS Environmental review. (Except for Agricultural Grading plans and Grading plans for restoration which will be reviewed by PDS Project Planning)

- Project has previous Discretionary approval:
  - [ ] If Yes, please provide project name and permit number(s): ________________
  - [ ] If No, (PDS Environmental will determine environmental status upon initial review)

- Project received a Site Plan Waiver?  [ ] Yes  [ ] No
  - If Yes, please provide Site Plan Record ID#: ____________________________

**Planning & Development Services (PDS):**

- [ ] Project is for agricultural grading
- [ ] Grading Plans required as restoration for grading violation as determined by the PDS Code Compliance Division or the DPW Watercourse Enforcement Division.
- [ ] Project proposes grading into an open space easement

**DPW Private Development Construction Inspection (PDCI):**

- [ ] Project proposes grading under an L-Grading Permit Application
- [ ] Project is the result of a Watercourse Violation under the County Grading Ordinance

**DPW Capital Improvement Program (CIP):**

- [ ] Project is located within, along, or adjacent to a listed Public Road on the current County five (5) year CIP Plan
- [ ] Sidewalk and pedestrian ramp improvements deviate from ADA requirements
- [ ] Project proposes public pathways

**DPW Flood Control:**

- [ ] Project is subject with National Flood Insurance Program (NFIP)
- [ ] Project is subject with County Flood Protection Ordinance, Resource Protection ordinance
- [ ] Project subject to County Flood Plain mapping
- [ ] Project impacts or required to construct master planned drainage facility
- [ ] Project is subject with County Hydrology Manual, Drainage Design Manual for major drainage course or master facility
- [ ] Easement dedication to San Diego County Flood Control District (SDCFCD)
DPW Field Operations:

- Project will violate the County 3-year Pavement Cut Policy
- Project will make improvements to existing or future publicly maintained road for the purpose of acceptance into the County Maintained road system
- Project connects or intersects a private road to a County publicly maintained road
- Project proposes modifications or eliminates pedestrian access to curb ramps or sidewalks
- Project proposes raised medians (landscaped and/or hardscaped) within a County maintained road
- Project proposes landscaping within or along a County maintained road
- Project proposes connection to an existing or proposed County drainage system
- Project proposes improvement or installation of drainage facilities to be County maintained
- Project proposes improvements that do not meet minimum County Drainage Standards within the County maintained road system
- Project proposes permanent stormwater BMPs to be publicly maintained by the County of San Diego
- Project proposes a publicly maintained detention or retention basin and/or those which will drain directly into a County maintained drainage system or roadway
- Project proposes a Regional Standard Drawing D-25, Curb Outlet, or RSD D-27, sidewalk under drain within the County maintained road system (note: copy of the drainage study required to verify runoff will be contained within the gutter).

DPW Materials Lab:

- Project proposes paving under the Private or Public Road Standards, conditions of approval, or permit requirements
- Project has Geotechnical/Geology issues (seismic, slope stability, potential rock fall, etc.) including specialized retaining or slope stability structures
- Project requires “Geologic Hazard” memo
- Project proposes designs employing non-standard methods and materials

Note: If a geotechnical report is available, for the project, a copy of the report should be routed with the plans. A copy of conditions of approval or permit requirements must be provided with plans.

DPW Special Districts:

- Project is in a Permanent Road Division, PRD Number __________________________
- Project proposes improvements that will connect or intersect a PRD road.
  PRD Number __________________________
DPW Traffic Engineering:
- Striping and pavement markings
- Traffic signs
- Traffic signals and flashers
- Guardrail installations
- Traffic Control Plans
- Traffic calming
- Will the project require 1000 c.y. or more of import or export of material? If Yes, an encroachment permit and traffic control permit will be required for projects that require 1000 c.y. or more of import or export of material.

DPW Wastewater Engineering:
- Project is located in a County Sanitation District

Department of Environmental Health (DEH):
- Project site has existing water wells on the property
- Water wells are shown on the grading plan
- Water wells located within the area of proposed grading
- Water wells located on adjacent property near proposed grading
- Project site has existing monitoring wells on the property
- Properties adjacent to the project are currently using, or will use on-site sewage disposal systems
- 5:1 grading setbacks are shown from the top of cut to primary and/or reserve area disposal fields to adjacent properties that have or are approved for onsite sewage disposal systems
- Grading plan shows existing or proposed on-site sewage disposal system for project site
- Proposed earthen fill located over or near components of on-site sewage disposal systems

Department of Parks and Recreation:
- Project is located adjacent to existing or proposed County park or preserve
- Project is conditioned to construct a public or private park
- Project is conditioned to construct public or private trails and/or pathways
- Project proposes an LLD/CFD which requires operations and/or management by DPR

Note: A copy of conditions of approval or permit requirements must be provided with plans under Park and Recreation review.
**Please sign below acknowledging the project scope, schedule and budget, if provided by county staff.**

*Return signed with the provided Pre-Screen Plan Check Review Summary with application submittal package.*
