eComment: I support the Appeal. Is a gas station in Crest necessary given that there are 3 stations within 3.5 miles of the top of the hill?

eComment: I would like to build the latest and most modern gas station to help the costumers to use and enjoy the best fuelling system and the best equipment made in California. The people are enjoying good fuelling system and are liking new gas pumps and new ideas and this fuelling system will be brand new and more modern than any gas fuelling system you have seen. I would like my customers to use quality gas pumps that are better to use than the older gas stations that don't have newer technologies.

If you need fuel just travel safely down la Cresta 6 minutes and you will have your choice between three!! No more fatalities !! Please put a stop to this ASAP! Thank you, L

eComment: The opposition to the gas station is all worried that the already hazardous drivers entering and exiting our communities will render the facilities and turning areas unsafe - but I for one, welcome a potential gas station along with a traffic light at the corner of Mountain View Road and La Cresta Road - to keep those poor drivers in check. The community has suffered too long with racers utilizing our roads as drag-strips, a gas station with traffic control would be very much welcomed!

eComment: I accept an expansion of a gas station in Crest would be a sublime thought. The C-store is situated in a local location. It pulls in individuals from around the area and is exceptionally helpful for us. Including gas would be the ideal touch to this territory since we will have all that we need from espresso, snacks lager and wine and pizza/store. An extraordinary spot to look for a little family as opposed to driving 15 minutes up or down for gas.

eComment: Many comments have been stating that a lot accidents occur on this road. But that is not a reason to oppose this gas station because we can not make decisions based on assumptions. An accident could happen at any gas station, so we can not stop this business from forming a gas station on "what if a driver crashes", because that could happen on any other roads.

eComment: I believe a addition of a gas station in the Crest would be a superb idea. The C-store is located in a residential area. It attracts people from around the neighborhood and is very convenient for us. Adding gas would be the perfect touch to this area because we will have everything we need from coffee, snacks, beer & wine, and pizza/deli. A great place to shop for a small family instead of driving 15 minutes up or down for gas. I oppose the appeal on adding a gas station here.

eComment: I do not believe the location of the proposed gas station is SAFE. There are far too many "near miss" accidents on that corner already, and traffic moves too swiftly around blind corners in this location. I Support an Appeal to the proposed gas station. The proposed gas station at Crest Food and Liquor Store should be considered an Unsafe and Inappropriate use of the very limited, unsafe parking lot.

eComment: I believe that a modern gas station will do no harm in the community. The nearest gas station is about 4 miles from where I live and would like a more convenient gas station where I can fill up gas and get to where I need to be sooner rather than later. A gas station in Crest is very much NEEDED!

eComment: I support the appeal. There is a real hazard having a gas station at the top of the hill, especially when you pass three gas stations come up here. Not to mention the fire hazard if a an accident should happen. It would close the entire intersection and no one could go up or down, we would be trapped up here. I SUPPORT THE APPEAL!

eComment: The average speed of 48 does not allow for cars to safely enter&exit driveway. Not enough sight line. The existing driveway is wide and allows cars to veer quickly into the parking lot. Dividing it requires cars to stop to exit the road. This is the only way in and out of Crest and the only way out for us in a wildfire. Fuel between us and escaping is terrifying. Light and sign will be visible from my home. This will hinder my family's enjoyment of our property and also decreases it's value

eComment: I would love to have a gas station in this neighborhood because it is very convenient to fill up my gas before I take my kids to school. Especially before I hit traffic. The owner is very caring and very clean. Has a well business and did a great job taking over the business. No one has done done a better job than this owner.

New eComment for Planning Commission Hearing

Eric Erickson submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 5. La Cresta Gas Station Site Plan Appeal; PDS2018-STP-18-023; PDS2018-ER-18-14-013 To speak on this item call (619) 343-2539 and use ID 858070969#

eComment: There is no need for a gas station in crest. I have lived here over 55 years and have gotten along very well without a gas station, what would the purpose be of having a gas station here where you are only within 3 miles of the closest next station.

eComment: Crest is an island up in the hills. We need no gas station. This location does not work. Safely navigating this area is essential. A station here would create congestion, be an eye sore, disrupt flow and would alter the residents life severely including the mayhem in the building process .It's a bad idea... I will never use it. Crest is a nice place. I urge you not to destroy it's charm...

eComment: The location is unsafe for a gas station, a fuel delivery truck and a Budweiser delivery truck in at the same time let alone customers parking at the store. I can imagine the traffic nightmare with a semi-truck trying to pull in to a full lot. I don't know how the owners plan on taking care of it when they are unable or unwilling to fix the large pot holes in the existing lot. There are at least two gas stations a mere 3 miles away that sell the same stuff. Keep Crest Rural.

eComment: I support the appeal. The proposed site for a new gas station in Crest is not in the best interest of the small community of Crest. La Cresta Road has many horrible accidents each year and adding to the regular traffic will only add to the dangers. This is a seriously fire prone area and adding gasoline storage to that area so close to the main route out of Crest seems extremely high risk and unnecessary. Every Crest resident should be informed of this to give them an opportunity to respond.

eComment: I have been living here for a long time now and there has never been a accident on this corner. Therefore there has been but they have all been done the hill. I support this idea of adding a gas station and it is very NEEDED!! I also had a conversation with the highway patrol and guaranteed that there has never been any accidents or deaths near this stop sign so a gas station will be very helpful !!

eComment: We have lived in the Crest community since 1973. This is a rural community and we wish to keep it that way. ABSOLUTELY NO reason to develop a gas station in our community. We have already had a number of collisions on La Cresta road, many fatalities. We do not welcome the additional traffic this business will create. Please value the opinion and wishes of our rural community that WE pay the taxes on. We have access to a number of gas services within a few short miles. DO NOT need anymore!

eComment: I have been living in this area since 1988 and nothing sounds better than inserting gas pumps near out community. The new owner is responsible and knows how to manage a business. Leaving it in his hands everything will run smoothly and will workout well. Accidents happen from drivers not gas pumps!!

eComment: God help us if this nightmare is approved. We barely survived the Cedar fire in Crest - this proposed gas station site is right beside the road which is our ONLY WAY out of town - Another thought- if we ever have gas shortages - GOOD LUCK getting up the hill past lines waiting for gas. La Cresta road is a very very dangerous road, we CAN NOT add to that danger

eComment: *****I SUPPORT AN APPEAL ***** I purchased my first home in Crest last August. I drive this road 5 days a week during the most busiest times. La Cresta Rd has had at least 7 serious accidents since last August, I believe 3 were with fatalities and each occurrence shuts our road down to the residents. If you drive on La Cresta Rd- there are more than 10 memorials remembering those who have died on this road.Adding a gas station WILL increase the death counts on our only road home.

eComment: Already g Too much traffic on the roads, especially since Sycuan opened, and too many deaths on La Cresta. There are existing gas stations at the bottom of both sides of Crest. This is an old-town community and the addition of a modern gas station would change the feel of why we love it here, and would be an eyesore. I do not need nor want a Gas Station up here

eComment: A gas station in Crest is a great idea. I mean who wouldn't want a gas station near us. It's such an extraordinary thought for the individuals who are deprived for incredible quality gas, food, and substantially more at a reasonable cost! Neatness and benevolence is awesome at Crest Foods and I'm certain their gas would be far better! This gas station better be happening.

eComment: A convenience store, or corner store is a small retail business that stocks a range of everyday items such as coffee, groceries, snack foods, soft drinks, tobacco products, over-the-counter drugs, toiletries, newspapers, and magazines. In some jurisdictions, convenience stores are licensed to sell alcohol, although many such limit such beverages to those with relatively low alcoholic content such as beer and wine. And since my first job was at a corner store they all sell lottery tickets !

Meeting: Planning Commission Hearing

Item: 5. La Cresta Gas Station Site Plan Appeal; PDS2018-STP-18-023; PDS2018-ER-18-14-013 To speak on this item call (619) 343-2539 and use ID 858070969#

eComment: I am opposed to the gas station. We already have gas stations close enough to us. We have a small community and don't need a large commercial gas station coming up here.

eComment: I support the appeal. No gas station is needed in Crest. Our voices should be considered since we are the ones that live in the neighborhood. There are 3 stations to get gas before heading up to Crest so we do not need one in a very small community.

eComment: I support the appeal. We don't need a gas station in Crest. I live within 300 feet from the propose location. Pulling out of my driveway is already a challenge because of the curve. Cars speeding all the time. It is very dangerous site.

eComment: Too much going on at this intersection as it is on a highway on a hill with a curve where this is proposed. Gas stations are in the city on a flat road with nearby stoplights that are much safer. There is not enough sight line around the curve leaving south Crest to see around large trucks entering or exiting. Accidents will include driving into the side of a mountain or plunging off the road that has no nearby guardrail.

eComment: Install a gas station! How is a gas station going to cause more accidents?!?! There is no way the gas station would be at fault. It's the people who are driving who are causing the accidents who may be distracted from cell phone usage or something. So there are no valid reasons on how a gas station can cause more accidents than these people cause themselves. These people need to stop being selfish and creating made up scenarios that they think will because it is invalid.

eComment: Gas station would be great! Accidents happen wherever and whenever. It does not depend on whether you have a gas station or not. It's the people that are driving on the streets. The gas station does not depend on people's safety it's the way the community drives. A gas station will be beneficial and will introduce more people to our community!

eComment: Crest is a historic small town that has zero need for a modern neon glowing gas facility - this place will not fit in with our community and the business owners are going to greatly reduce their local support if this goes thorough. Crestonians stick together and every single person I have spoken with that lives on the hill HATES this idea and will no longer support your store/pizza/what ever else you decide to do with your greedy business
