

Public Correspondence-Support Item 1- 1 of 2

From: [Adriana Holguin](#)
To: [Jimenez, Ann](#)
Subject: Liberty Charter High School
Date: Tuesday, August 25, 2020 2:03:05 PM

Dear San Diego Planning Commission,

I am writing in support of Liberty Charter High School's new site in El Cajon. The Literacy First Charter Schools have a local reputation of excellence in the East County for students in K-12. Many families in K-8 are waitlisted year after year. It wasn't until the high school level that we were able to get our student enrolled, despite our repeated efforts. Liberty Charter High School is a much-needed alternative to traditional high schools with thousands of students. Their small teacher-to-student ratio and vibrant student activities are the perfect high school alternative for our family. Their teachers and staff show the highest commitment to helping students succeed and the administration actively communicates proficiently with families. A new high school campus that is closer to its existing K-8 sites would be a great way to retain families and continue its tradition of excellence in East County.

Thank you for your time,
Adriana Holguin

Dear Planning Commission Members:

We are writing today in favor and support of building a new high school for Liberty Charter students. Our family has been part of this charter since 2009. We can attest to the quality of education Literacy First Charter schools has provided, with consistency, over the years. We are a collection of families, teachers, staff and administrators who all work together to raise great kids!

We have been looking forward to the building of this high school for many years. We hope that you will consider all of the measures our leadership has taken in meeting the requirements for building the school. It's so very exciting to think about the school coming to fruition!

Thank you for the opportunity to write on behalf of our charter family.

Sincerely,
Alesha Miller,
Nathan Miller (9th) & Micah Miller (11th)

Subject: Please approve Liberty High School
Date: Sunday, August 23, 2020 10:23:05 AM

Hi my name is Angelique Vibbard and my daughter goes to Liberty High School for the last three years, and I have two more daughters that will hopefully be attending LHS soon (I have an 8th grader and a 6th grader). I'm asking you to please approve the building of Liberty High School. I just wanted you to know what a blessing this school has been on my daughter and my family. Katrina has excelled at this school (she has a 3.9), and has grown into such a wonderful young adult. When she had to participate in her work study internship, she was able to get hands on experience in her desired field of sports management by interning with San Diego Sockers.

So please approve the new plan for LHS. Thank you for all your hard work and attention you are using for our school.

Hello there!

I am writing in support of Liberty Charter High School. I am aware that change is not always easy. However, appropriate change is what creates ideas, fresh perspective, and life in a city. Allowing a school to begin that breeds joy, commitment, and perseverance matters! This school stands for and believes in helping students in our community strive for their very best and BE their very best. It would be wonderful to allow a school like this to thrive.

Please consider supporting this vision. Thank you for what you do and your work in this area—it does not go unnoticed!

Thanks you for listening and please consider approving Liberty Charter High School and this amazing community!

—Anna Garcia

Subject: Liberty Charter High School support
Date: Sunday, August 23, 2020 9:25:01 AM

Good Morning Ms. Jimenez,

I'm writing to you in support of Liberty Charter High School in El Cajon and ask the planning commission to approve the High School project. I am a mother of 3, with my youngest in preschool, my middle in 3rd grade and my eldest in 4th grade. I know it's going to be some time before they go to high school so it would seem as if I shouldn't give too much concern to this, but I love Literacy First Charter School and plan to have all of my kids at that school for their entire k-12 education.

I know firsthand the importance of charter schools as I first attended one myself in 10th grade (helix charter) when my 9th grade experience was less than ideal at my local high school. I was quickly exposed to drugs, alcohol and suicide by my close group of "friends". I was able to move to Helix Charter and was able to make a new set of friends that were wonderful influences on my life (even to this day). The opportunity for me to be able to choose my high school was a defining moment in my life and I believe it could be for others too.

I know that the staff and administration at LCHS and LFCS care deeply about the community and the children that attend their schools. Experiencing how they handled distance learning back in March during the pandemic shutdown was incredible and was a testimony to how much they care for the well-being of their students as well as their education.

I don't want to take too much of your time and I thank you for listening to my story as well as your attention to this matter, as I believe Liberty Charter High School will be a positive asset to the community of El Cajon.

To whom it may concern,

I want to email and have my voice heard in favor for LFCS High School to be built.

We love that our 2 children go to this school not only for the amazing education and the best staff in East County but because my kids feel loved. We have gone to LFCS since kindergarten and now we have an 8th grader and 5th grader. We are excited to continue their education with this school.

Thank you for your time and we hope to be thanking you for your vested interests when we break ground on the High School.

Thanks,
Becky Byrd

Subject: Approval for Liberty Charter High School
Date: Saturday, August 22, 2020 9:48:22 AM

Good Morning! I'm writing to you, as not only a parent but a teacher at Literacy First Charter Schools. I have been a teacher since 1995 and have worked for private, public and public charter schools in my many years of teaching. I left public school teaching, to teach in a Charter school, because I was very unhappy and wanted to be part of a school that truly values educating the whole child. I have been with LFCS since 2015. Upon moving to LFCS, I saw the value of bringing my own children to Charter School.

LFCS has done their due diligence. We are a community that thrives on working and serving our community and creating a partnership. We are providing an exceptional educational experience for students that might not otherwise receive it in the school near their home. We strive to work with parents to raise responsible, service-oriented citizens who will give back to their families and communities.

I currently have a daughter attending LCHS this Fall. We live in El Cajon, CA. and we drive her to Lemon Grove, instead of our local high school. I do this because I know my daughter will be "known" at LCHS. Class sizes are smaller, students are taught and encouraged to exhibit good character, the rigor and expectations are higher and I know my daughter will succeed.

I thank you for taking the time to read my email, and understand that LCHS is not your typical high school! We respectfully request that you **approve Liberty Charter H.S.** The service that school provides to our families and community has been a blessing and will continue to be a blessing to this new community.

Thank you very much,

Blake Woods

Subject: Constructing a New Liberty Charter High School in El Cajon
Date: Monday, August 24, 2020 9:15:01 AM

Hello,

I am writing because I support the construction of a new Liberty Charter High School in El Cajon.

I fully believe in the mission and values of LCHS and the school's ability to fulfill them with integrity. I also believe that LCHS would be a great asset within any community as a result of its emphasis on character development and strong academic program that meets the needs of a variety of students.

The new location specifically would provide all current LFCS students greater access to attend the high school--providing them greater opportunity to continue to grow academically within the mission and vision of LFCS, which in turn would strengthen the community of El Cajon.

Thank you for your time,

Brandy LeBlanc

I am asking you to please APPROVE Liberty Charter High School.

It is the best education available in the East County.

It is a great location for the facility.

It gives the poor population in El Cajon, and surrounding areas, a chance (not otherwise available) to deliver quality education and hope.

Thanks for your consideration.

Brendan

Subject: Support for the New Liberty Charter High School location
Date: Friday, August 21, 2020 5:20:00 PM

Commissioners,

I am writing in support of the new location for the LCHS in El Cajon. Our son currently attends LCHS in Lemon Grove, our home is located in El Cajon, and our younger son Marcos will be attending the sister middle this upcoming year in El Cajon. Besides the advantage of the new location in proximity to our home, the site in general is in a much safer neighborhood than the current location.

Relocating the High School to El Cajon will serve to keep more students moving from the middle school up to the high school. It's a challenge when your child moves to a new school in a different area where there are no children they know from the previous school. Having the high school in closer proximity to the elementary and middle schools creates a family environment where they can build relationships that last a lifetime.

Thank you for your attention and work regarding the new school, it is much appreciated.

Much Thanks,
Bryan Heers and family

Hello our family is writing to ask you to consider approving Liberty Charter High School's new building location. Our son, other friends and family members have been so impressed with the school, staff and learning potential this school offers the community.

Please give approval for Liberty Charter to move forward in this next step to bring even more talented young people into the folds of our local community through the extraordinary opportunity they have at this school.

Thank you for your time and consideration.

Greetings Commissioners,

As a Mom of three school age boys I can not express enough our love for the LFCS schools and the need for our Liberty Charter High School campus to be in our home city of El Cajon. We have been members of the LFCS family since the kindergarten year of my now sophomore student. It is a choice to remain in the LFCS family, and it is a proud choice we make every year despite the drives and downsides in transportation.

We as an LFCS community take pride in our schools and behave in such a manner on all campuses and surrounding neighborhoods. We value good neighbors, we are and will continue to be good neighbors at all our campuses as we take pride in our LFCS schools of choice. Please don't take our choice away to have a beautiful, public campus to meet the needs of our students in the only school they've even known. We have lived in El Cajon over 15 years and deserve our campus of choice as residents of this city and state. El Cajon will not suffer as a result of a beautiful, new campus offering a quality, free public education to the youth of this city. The lack of such a school choice for the youth will hurt El Cajon.

Thank you for keeping us moving forward!

Good morning! I am writing you this morning to ask for your support for the liberty charter high school project. We have attended lfcs for 13 years and 8 more to go. We have 4 children who have and are attending and we want them to be able to complete the entire program. This school has made an amazing impact on our family, especially our two students who leave for college in a week. The character development, attention to each individual, and the over all care of the staff is unique to lfcs.

Thank you for your support in this matter!

Claudette Morales.

Dear Planning Commission,

I am writing to you as a resident of the neighborhood where the school is to be built and as a parent of two children who attend Liberty Charter High School and it's feeder junior high school. Please approve the building permit.

We switched to liberty primarily because my older son has a learning disability and liberty offered more and better support than the local non charter school. At the time we switched, my son was 2 years below grade level in reading and 1 year behind in math. With LFCS's and LCHS's support he is now at grade level in college prep classes in all subjects except math where he is now one year AHEAD of grade level.

One criticism leveled against the proposed site is a concern for increased traffic. Currently, like most parents, my wife or I have to drive 14 miles round trip twice per day to LCHS's current Lemon Grove location, adding to traffic on the 8 and 125 or the 94. We pass through the Chase/Jamacha intersection 4 times per day on this trip so putting the school there would not increase traffic. On the contrary, moving the school closer to it's feeder schools and the homes of it's students will reduce aggregate traffic congestion on county roads and highways, cutting our daily miles from 28 to 2. Extrapolating that to 400 parents and 180 school days, that's 1.8 million fewer rush hour car miles driven per year in East County including through some of our busiest East County freeway chokepoints.

Thank you,
Devin P. Espindle, CFA
Resident and parent

eComment: I urge you to do what is best for our children. They are our future. This school has a proven track record of producing fine, respectful, patriotic citizens. The students are passing advanced placement tests for college credit. The studies have been done. This is a small school that will not have a lot of traffic impact and many parents carpool. Also there will be less traffic on the roads because the new school will be closer to most of the students.

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: Our daughters attend the Literacy First Charter Schools. One daughter is a senior at the Lemon Grove High School campus and the other is at the Junior Academy in Santee. Our family lives between the two schools. However, many of the families that attend the Literacy Elementary and Middle Schools live in the Santee and El Cajon area where the schools are located. Having the new high school at the proposed location off of Chase would greatly reduce the commute time for many of these families.

eComment: I absolutely support Liberty HS at this location. We live at Jamacha and Chase and my 3 children have attended the other Literacy campuses. They come up with a very well thought out plan for the entrance and exit at each location to make it a seamless as possible. They are also respectful of the neighborhood. We need the high school here so that our children can continue their excellent education. Liberty HS is much much smaller than Vahalla with far fewer students.

eComment: I strongly support the building of LCHS & ask the Commission approve their application. The students currently attending the 3 LFCS K8 campuses (including my own) need a LOCAL high school to feed into. I have read the studies conducted by LFCS regarding, traffic, safety, and everything else, and I can tell you as a staff member and parent of 2 children who will attend and currently attend LCHS, and a resident of El Cajon/La Mesa, that I do not have concerns of traffic or safety. Thank you!

eComment: If the county moves to approve this high school project they need to be willing to do some serious proactive traffic safety changes in the surrounding neighborhoods. Many streets around this area have uncontrolled intersections and drivers ignore speed limits (Horizon Hills Dr.) Without stop signs and consistent traffic enforcement this high school will negatively affect the neighborhood. However, if the county takes our traffic concerns seriously and makes changes I would support this project

eComment: Literacy First charter schools have been there for us offering an education we could not have received elsewhere. My oldest child attended the Literacy First Charter High School and I believe it was the unique individual attention he received that will allow him to be the first in our family to graduate college. He is currently at USD and on track to graduate this Nov. LFCS has always been a community asset and with a focus on leadership and service the students will only add value to the area.

eComment: While other schools delay in offering parent choice, our school has been at the forefront of helping students become better people, not just better readers or mathematicians, but people who can have healthy relationships and contribute positively to our community. We need your support to help Liberty Charter High School give more high school students the opportunity to become better people. Doesn't this world need more of people like that? That's what literacy looks like. That's what LCHS does!

eComment: One criticism of others is traffic. I now drive 14 miles round trip twice per day to LCHS in Lemon Grove, adding to traffic on the 8 and 125 or the 94. We pass Chase/Jamacha 4 times per day on this trip so putting the school there won't increase traffic. On the contrary, moving the school closer to student homes will reduce aggregate traffic congestion on roads and hiways, cutting our daily miles from 28 to 2. Extrapolating that to 400 cars and 180 days, that's 1.8 million fewer miles per year.

eComment: I fully support LFCS new campus. I've had two children in their school and know they care about children, staff and families. They have a lot to offer! The decision and place to open a new campus was not an overnight decision; It's been in the works for 5 yrs! They have already considered all the issues that opposers have mentioned (traffic, speed, danger, etc) and know this not be true. Give LFCS a chance to prove they are an asset to the community!

Floriana Vogan submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: I support the building of Liberty Charter High School for the following reasons. This is a quality school providing an education not available in any of the schools in the surrounding area. LCHS offers small class sizes, personal attention and a proven record of excellence for testing. Moving the school closer to their existing grade/middle schools necessity for the families. I've lived in the area for 40 years, and the traffic of this small high school is not comparable to a large high school.

eComment: I am a freshman at Liberty. I live a half mile from this new school and can walk to school. I have been at this great school since kindergarten. My teachers gave me lots of extra help when we were doing online school. Could not have finished 8th grade without the extra help. Please vote for my school.

eComment: I strongly support the building of LCHS & ask the Commission approve their application. The students currently attending the 3 LFCS K8 campuses (including my own) need a LOCAL high school to feed into. I have read the studies conducted by LFCS regarding, traffic, safety, and everything else, and I can tell you as a parent of 4 children who will attend LCHS, and a resident of El Cajon, that I do not have any concerns regarding traffic, or the safety of MY children at the new location. Thank you.

eComment: I strongly support this plan and request that you approve the building of this facility. The LFCS has three campuses in El Cajon for K - 8th grade and desperately needs a High School campus. This location will improve traffic for many El Cajon families that will no longer have to drive from El Cajon to Lemon Grove to drop off students. These students are instilled with values of integrity and respect and will not be a nuisance to the surrounding neighborhood or businesses.

eComment: I support building Liberty Charter High School. My kids love attending Literacy First. The education is amazing, both in academics & character. The school has spent months planning, getting consultations, addressing traffic concerns, environmental impact, & many other aspects so that this school can be safe & an asset to the community. This location would benefit & reduce drive time for families whose kids attend Literacy's K-8 & want to attend the HS as well. Please approve this plan.

eComment: Please approve the plan for the building of Liberty Charter High School. While there are other schools nearby, LCHS is the best choice for my family and my students. Parents deserve the option to choose the best place for their child to be known, to grow, to receive a quality education, and to thrive. This is what LCHS does. Time and again the Literacy First schools have proven to be a huge asset to the city of El Cajon. This high school will improve our city.

eComment: As a parent of 2 High School students, I fully support Liberty Charter High School's relocation to Chase/Jamacha. I have read the plans and studies and know that traffic improvements will be made, and that every detail has been thought about and planned intentionally and carefully. Because not all students learn the same way, El Cajon's students need to have options to help students reach their fullest potential and this location services student's who need school choice the most!

eComment: I support Liberty Charter High School being built at the proposed site, just minutes away from our home. Environmental and traffic studies HAVE been done, and the school will be paying to improve the road in that area. I also live across the street from one of the elementary schools, and I know the staff works very hard to minimize traffic issues. My daughter is a sophomore at the current campus, and the new site would help the environment in that much less gas will be used to get there!

eComment: I 100% support the school plan for this area. There is a lot of pushback here from people who claim there have been no studies done for a high school at this site or that the school has offered no solutions to create a safer traffic situation, and that is absolutely false information being pushed by a specific group. I highly encourage you all to look into the extensive planning process that has been ongoing for years at this point, as well as the modifications that are planned for the area.

eComment: I support this plan to build LCHS. As a LFCS teacher for 15 years, I have seen students who were my first graders, graduate as Seniors. The life changing result that our K12 program has on students has created a community of involved parents. Our students are involved community members and patriotic citizens - as these are important parts of our school values.

eComment: I strongly support the building of Liberty Charter High & ask the Commission approve their application. For 1.5 years, I drove through this intersection 5x a week at the exact time schools are let out. I have NEVER seen an accident or even near miss. The traffic is no worse than any other intersection & better than most. Further, the impact that may occur here is offset by fewer cars traveling from the other LFCS campuses & communities over to Spring Valley currently.

New eComment for Planning Commission Hearing

Kristi Sebela submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: I strongly support the proposed plan to build LCHS at this location. Literacy First Charter Schools, has earned an excellent reputation over the past 20 years serving their students and families in the El Cajon and surrounding areas. This location would allow students to continue their education with Literacy First into high school.

eComment: I totally support. I am a mother of an eight years old boy who is studying at the Literacy First Charter School. Now I have the news that we can have the LIBERTY CHARTER HIGH SCHOOL close to home, that will make easier our life as a worker family. I, my family and parents like me, will be very grateful to you to approve LIBERTY CHARTER HIGH SCHOOL in El Cajon City, that means one more dream to come true for the developing of my son and many more children. Thank you so much in advance.

Meeting: Planning Commission Hearing

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: I strongly support the building of Liberty Charter High School. My daughter has attended LFCS since kindergarten and is now a senior at their high school. The school as a whole has always been extremely organized with traffic, and I have personally never seen an accident caused by pick up/drop off lines. In addition, the high school population is small, so pick up/drop off lines never block general traffic. LFCS has always been able to come up with organized, convenient traffic systems.

eComment: Dear commissioners, Thank you for your consideration of this item. As someone who lives in the immediate vicinity of this proposed site, I am writing to express my and my family's firm support for this project. The site is perfect for a high school and kids throughout our community will benefit from a quality program in the area. We would look forward to having this establishment in nearby. After reading about the project, we have no concerns about view, traffic, safety, VMT or other impacts.

eComment: my kids have been with LFCS for 12 years , it's a great school with high-quality education. It's a family where they know each child and they take the time to make sure no child is left behind. The high school in El Cajon is a great addition to this school system, it has an average of less that 400 student total and the drop off and pick up of students goes smoothly. Please let our high-quality education high school be become a reality.

eComment: I support Liberty Charter. My children have benefited from a smaller school environment both academically and socially. The school is small has minimal traffic in its current location. The High School is committed to staying small with small class sizes, and will not bring in the traffic that a large high school would. It has also committed to road improvements. All three of my sons have attended since kindergarten. One is now a Senior. I believe this school is an asset to the community.

eComment: This would be a positive for the community! Literacy First charter school not only gives quality education to students (compared to the regular public schools), they teach morals and respect along with patriotism. You won't find that in your neighborhood public school. I know This because my children went to them before attending literacy first. As far as traffic goes the staff always has the traffic Flow down to a science. I have faith they would run this school the same way!

eComment: I've driven this part of Chase Avenue enough to know it needs some improved infrastructure if they're going to put a high school there. West Hills High School in Santee put in desperately needed stoplights after a student lost their life. I'd like some guarantee that Liberty Charter will prevent a tragedy, not just react to one.

eComment: I 100% support the building of this high school. I've attended Liberty since first grade, and the character and community that define this school continue to astound me. We have minimal impact on traffic at our current place; given the high number of siblings and carpoolers, the additional traffic will be less than 400 cars. There are no night football games, and given the amount of students in after-school sports, many people leave later than release time, making traffic more spread out.

eComment: I strongly support the building of LCHS & ask the Commission approve their application. The students currently attending the 3 LFCS K8 campuses (including my own) need a LOCAL high school to feed into. I have read the studies conducted by LFCS regarding, traffic, safety, and everything else, and I can tell you as a parent of 4 children who will attend LCHS, and a resident of El Cajon, that I do not have any concerns regarding traffic, or the safety of MY children at the new location. Thank you.

eComment: I strongly support the Commission approving the application for LCHS and the new high school. I live in the very near vicinity and believe that the traffic at the intersection of Chase & Jamacha will be no issue with the solutions that are provided. I know LFCS schools to be good neighbors and that LCHS will be an asset to the community. This school that places strong emphasis on character for our children will provide a choice for quality education in our neighborhood.

eComment: I strongly support the Liberty Charter High School project. Most people who are opposed to this plan are concerned about traffic. With only 400 students, traffic impact would be minimal based on the schools plan for ingress and egress. Think about this, how much would traffic be affected with 400+ residential units and the cars associated with them. Liberty is a safe and valuable asset for the community.

eComment: I am currently a senior at LCHS and I support this plan because of the great opportunities it will provide for the students behind me. I had a great experience all the way through the LFCS system and I wish for the students behind me to have it even better. This new school will bring many more classrooms, and with that more possible teachers and students to get a great education.

eComment: Liberty Charter High School has worked effortlessly to serve and support its students and families. This new facility is the next step in its ability to best educate, serve, and support. Additionally Literacy First Charter School has been an east county staple for 20 years. This school system is highly vested in the success of its community and allowing LCHS (an LFCS school) to build this school will only increase its investment in east county as a whole.

eComment: I support the decision to build LCHS at this location. My children attend one of the K-8 campuses and LFCS does an amazing job of building students of character who are respectful, contributing members of their community. It would be a good choice to have this school local to El Cajon. I realize traffic is a concern, however, LFCS has conducted surveys and developed a well thought out plan for arrival and dismissal in an effort to make a minimal impact on the current traffic situation.

eComment: LFCS is a school that thoughtfully and intentionally serves its families and community. All studies have been done regarding the tragic impact. It is a high performing and long standing school and El Cajon would only benefit from having such a high quality high school built. As a parent of an incoming High Schooler- having the school in the neighborhood would allow us to continue the education we love with the school community we adore.

eComment: I have lived in Rancho for 30 years, I drive in this area regularly during high traffic times and I have also read the report about the improvements the school will make to the road that it has desperately needed for a long time. I am also aware of this school's great reputation. It serves so many students who are in need of greater resources. I fully support this project.

Subject: PLEASE VOTE FOR LIBERTY CHARTER
Date: Friday, September 11, 2020 3:26:37 PM

I urge you to support our fabulous school. It will be an asset to the community with minimal increase in traffic.

My three children have attended LIBERTY since 2005. My oldest daughter is now graduating from UCSD thanks to the fine education she received. I currently have a senior and a freshman attending Liberty Charter. Liberty Charter provides a small personalized educational setting for my children which the neighborhood schools do not provide. My kids will walk to the new school as we are .5 miles from the new site.

I have heard the concerns of the residents about traffic. They compare our school to Valhalla and Steele Canyon which enrolls 2,000 - 3,000. We currently have 320 students, which is a fraction of these schools. Our senior class is only 75 students. Less than ten of these seniors drive.

The morning traffic is very light as the students are dropped off from 7:30 to 8:10 a.m. There is no heavy influx of traffic or back up onto the road at the present site in Lemon Grove. Many of the students are involved in sports which further staggers the traffic as they leave later in the day.

Liberty has devised an ingenious traffic pick up system where all cars are pulled into a wide driveway along the curb on each side. As the child is picked up, the car exits via the middle lane. The pick up process takes less than 15 minutes.

Several Liberty staff, including Mr. Robinson (the VP) and a security person monitor the pick up process at all times to ensure student safety and that traffic flows smoothly.

Our Charter School is a partnership between the school, parents and students. Should a student fail to abide by guidelines such as parking or leaving campus it is quickly addressed by Liberty staff. The parents abide by the drop off/pick up protocol.

We have four schools in the El Cajon area and work hard to be good neighbors. I invite you to visit our high school during the drop off and pick up time.

We currently only have a 50% transfer from our Junior Academy on E. Bradley to the high school. Many of the parents do not want to commute to Lemon Grove so the El Cajon location would be ideal. Many parents over the years have developed car pools due to the drive and I would expect that the car pools would continue serving to reduce traffic.

The residents seem to lose sight of the fact that this valuable lot will be developed with some impact on traffic regardless of what is built.

A small charter school would have much less impact on traffic than houses or apartment complexes. The impact on traffic would be minimal.

PLEASE VOTE TO SUPPORT LIBERTY CHARTER.

Thank you,

Eileen Bottenberg

Subject: Liberty Charter High School: The BEST kind of impact
Date: Friday, September 11, 2020 11:07:41 AM

I strongly advocate for Liberty Charter High School to have a home in El Cajon. I went to the LFCS program from K-12, and this school has fundamentally formed my character, integrity, and grit as a student to be as successful as I am at UCSD.

I live across the street from Valhalla high school, so of course I understand the concern of implementing another high school. Valhalla is a nightmare with loud football games, band practice, and commencement ceremonies. I could tell you the score of the soccer game from my own backyard. However, Liberty Charter is one of the few schools in the district comprised of the most uplifting staff, hardworking students, and welcoming community. The impact of Liberty Charter would be not only beneficial for El Cajon, but absolutely necessary for the rising generation. The next generation deserves to have the choice of attending a school that makes them feel known, cared for, and recognized. With Liberty Charter's small population of 400 students, students and alumni feel empowered to reach their potential.

Liberty Charter does not host obnoxious sporting events or even have prison-sounding bells to guide students to class. Liberty Charter advocates for taking responsibility of the impact that they make in their community, and they demonstrate this with the wonderful relationships they have with their other campuses on Mollison/Washington, Bradley/1st, and the Lemon Grove community. They are intentional with the work that they do, and they ensure that every aspect of their program is efficient and effective for students, families, and their neighbors.

I urge you to think about the incredible impact Liberty Charter will have for the El Cajon community, and take a stand with me to fight for schools that truly invest in their students.

Best,

Elizabeth Bottenberg

Subject: Approval of Literacy First Charter High School
Date: Thursday, August 27, 2020 1:13:11 PM

Dear Commissioners:

I am writing today to request you approve the plans for the new Literacy First Charter High School. I have been with Literacy First for nine years. My son recently graduated from the high school, and my daughter will attend in Fall 2021. My son was in a good public grade school, but we decided to move to Literacy because their curriculum and teaching methods align with our family values. I have lived in East County my entire life so I know these areas well. The surrounding area of the current location of the high school has a lot of criminal activity. We frequently saw police activity coming to and from school. LCHS did an amazing job keeping the kids safe while on campus, but my son was in cross country and I worried every day when they ran through the surrounding neighborhood. He also played basketball and volleyball, but the current school does not have a gym. I would have to pick him up to drive him to the Lemon Grove Rec center daily for practice because I didn't feel safe to letting him walk near the skateboard park which has frequent police activity. I could have put Kenny in a high school closer to our safe neighborhood, but I believe LCHS provides a better education and values I believe in so I did the extra work to keep him safe.

A new school near Jamacha and Chase would mean when Stacia gets to high school I could drop her off and feel safe she can go to basketball practice on campus or run through a safe neighborhood for cross country. LCHS is an amazing school, and all their teachers and staff work so hard to give my kids the best education. I understand the position of people in the area of not wanting increased traffic, but the school is a quarter of the size of a public high school, and having driven my kids to all four existing campuses I know the traffic is no more than 15 minutes during pick up and drop off. It is the equivalent of the elementary school down the street from my house. While I am sympathetic to the neighborhood grievances, I don't feel 15 minutes of traffic outweighs my need to keep my child safe. Therefore, I am respectfully requesting you approve LCHS's request to build the high school at the new location.

I appreciate you time to consider my request.

Sincerely,
Floriana Vogan

To Whom it May Concern,

I am writing to ask you to approve Liberty Charter High School at your next meeting on September 18th. I have been an employee of Literacy First Charter School for 15 years and now and I know first hand the high quality education our students receive. We are a family of educators and parents who work together for our students. Our high school students deserve to have a campus of their own and to continue to grow the LFCS family all the way up through 12th grade. Thank you for your attention and work regarding our school. Please vote to approve our school on September 18th.

Subject: SUPPORT for Liberty Charter High School
Date: Friday, August 21, 2020 10:37:01 PM

Dear Ms. Jimenez,

I am writing to you today to voice my SUPPORT for the building of Liberty Charter High School near the intersection of Chase and Jamacha.

I have two children enrolled at LFCS, and two coming up. LFCS is a home, a family, and a community to us. LFCS is uncommon among places that are uncommon. The staff is attentive, and the children are known.

I know the opposition had dubbed themselves 'Save Our Students.' Unfortunately this group that is worried about Saving Our Students (none of which have students) has NEVER set foot in one of our schools. NEVER called our school admin or board to set up a meeting to discuss our school building, philosophy, or even to see for themselves what we do. Ironically, I think if they had taken any of these less extreme actions, instead of jumping straight to litigation (one of the group's main leaders happens to be a neighbor and CEQA attorney....) our board and admin would have been able to reassure fo them of the great lengths we go to daily to protect our students, and we probably could have reached agreements on some of their concerns.

For reference, during AM student drop off LFCS has several staff members standing in the parking lot. These are the SAME faces everyday, all year. They say hello to my child each morning. At PM pick-up, EVERY tacher stands outside with their class until the last child is picked up. My child's teacher WALKS my child from their class line to my car door each day. THIS IS NOT COMMON PRACTICE. It should be, but it is not. LFCS is uncommon. It is a place where kids are known, seen, and safe.

Please support the building of our High School. We live here, we go to school here, our people are here, our community is here, our home is here.

Thank you,

Heather Beyer

Planning Commission Members,

As a parent of grade school and high school students and adjacent neighbor to this property being considered for development. I would like to to express my support for the APPROVAL of development for Liberty Charter High School.

I am a local business owner and I have extensive experience working with youth as both a Police Officer and Public School Teacher. In my observation, this Charter School has raised the bar in public education in regards to academic and personal development standards. Fantastic Teachers and invested parents who are actively involved in their children's education.

Thank you for your support of this project and for your support of quality education. This school will be a great asset to our neighborhood.

Hello!

My name is Jen Burr. I have two children who attend Literacy First Charter Schools, and I am writing to ask that you please approve the proposed plan for the new Liberty Charter High School.

We love Literacy First Charter Schools! My boys are going into 4th and 8th grade, and we have had a wonderful experience. Both have attended since Kindergarten, and we love how the school focuses not only on education, but just as equally on character. Students not only score very well in testing, but also learn to work well with others and show respect to those around them. One of my boys at times has trouble focusing in class, while the other tends to finish his work very quickly. Over the years, the teachers have consistently offered individualized options to challenge and engage both of them. The teachers are amazing, and I know the priorities continue all the way through 12th grade. The smaller school size allows each child to be known, not just by their primary teacher, but by multiple teachers and staff. No student struggles without getting the help they need. My older son would like to go to Liberty High, and the El Cajon location would be a much more convenient location to our home, reducing our drive time to and from school.

I know some have expressed concerns about how it will affect the community, traffic, and other aspects. I also know from experience that the staff at Literacy First care very much about being respectful neighbors and a positive influence in the surrounding community. They have put countless hours into developing a plan for the High School that will alleviate these concerns and provide a wonderful new school for our high school students.

Thank you so much for your time and attention, and the work you are putting into the Liberty Charter High School project!

Thank you,
Jen Burr

Subject: Liberty Charter High School Support
Date: Tuesday, August 25, 2020 9:25:05 AM

Dear Planning Commission,

I am writing to you in support of the construction of Liberty Charter High School. I have two daughters that attend LCHS, and the school has been a blessing for us. The small class sizes and limited student enrollment has helped my student who has social anxieties flourish and grow into an amazing young woman. LCHS gives her ample opportunities to develop leadership skills. Both of my daughters have excelled with LCHS's academic rigor, and this is attributed to being a Charter School and having the ability to limit class sizes and keep a smaller enrollment, allowing for each student to be known and their education to be customized.

Currently as a family that has two working parents, the current LCHS location is a hardship for us because it is very much out of the way of the other LFCS school campuses. As my daughters grow and receive their driver's licenses, the transitions between the 8, 125 and 94 freeways are challenging and dangerous for new drivers. The new location for LCHS will provide safer driving conditions, and a better commute experience for families traveling between all of the LFCS campuses on a daily basis.

Thank you,

Jennifer Gillespie

Subject: Please approve Liberty Charter High School
Date: Monday, August 24, 2020 11:15:37 AM

Hello,

We have been part of the literacy first charter schools for 12 years. I am writing to ask you to approve the new Liberty Charter High School in El Cajon. The staff and teachers really care for the students and families of our school. Currently we are at 2 different campuses which makes for about 3 hours of driving just dropping of and picking up kids. The administration has done all the impact studies for the new location. Having the high school closer to the other campuses will enable more students to participate and cut down on drive time for parents. The teachers really get to know the students and teach not only the main subjects but also focus on character, being a good citizen and the privileges we have here in America. My son really excels in math and has received the highest possible scores on the standard state tests multiple times, which shows they have great teachers as well.

Thank you for your attention and work regarding our school.

Jenny Spigelmire

San Diego Planning Commission,

I am supportive of the Liberty Charter High School's new proposed location on Jamacha Rd. I live within a mile of this location and welcome this school into our community. Our grandchildren have been in the Literacy First Charter system since kindergarten and as a former elementary school teacher, I know their education has been excellent. To have the presence of this proposed high school will be an asset to our community.

Sincerely,
Jere Carlson

From: [Jessica Banks](#)
To: [Jimenez, Ann](#)
Subject: Please Approve Liberty Charter High School's Plan
Date: Sunday, August 23, 2020 10:05:35 AM

Hello,

I am writing to share with you the reasons why Liberty Charter High School should be approved for building in the community. We have three children enrolled with Literacy First Charter Schools currently, a senior 8in HS, 8th grader, and 4th grader. We are looking forward to having a permanent high school for your younger children to attend.

LFCS has provided amazing opportunities for our kids and in addition to a focus on a strong education student character has also been of utmost importance. Our 8th grade son has some learning disabilities, and LFCS has been able to provide him the support needed to succeed in school and attain or exceed grade level standards.

Quality schools in a community benefit everyone. Literacy is a CA distinguished school and scores 9/10 on the Great schools site. Having this school in your community would benefit many families that desire school choice while also raising home values. Liberty Charter High School also is focused on community and has done many service projects in their current area to benefit the community. This would also be a benefit to the new school site area.

Please approve the liberty Charter High School plan.

Sincerely,

Jessica Banks
Proud parent of three LFCS students

From: [Jessica Ealson](#)
To: [Jimenez, Ann](#)
Subject: Liberty charter high School
Date: Monday, August 24, 2020 4:50:15 PM

I am writing to ask you to approve Liberty Charter High School's construction plan. Two of my sons are currently enrolled at the high school, and I have two younger children who eventually will attend Liberty. We carefully evaluated the other high schools in our area, and chose Liberty because we love their intentionality in truly getting to know the students and mentoring them as individuals, the quality of the education, and the size of the school. Liberty is small enough to maintain relationships and be a wholesome environment for our kids, but large enough to offer programs and sports that are usually only seen at larger high schools. The teachers and coaches have been so generous with their time and concern for my boys. I am sure that Liberty will be a great asset to the community.

Thank you for your time and care and evaluating this proposal. Our family hopes that you choose to approve Liberty Charter High School.

Sincerely,
Jessica Ealson

I want to request that you support the construction of the Liberty Charter High School campus.

Liberty Charter is the ONLY, small, comprehensive high school in east county. As such we are a campus where EVERY CHILD IS KNOWN.

Thank you for your work on this commission, and your support for education in east county.

John Luzzi

From: [Kaitlyn](#)
To: [Jimenez, Ann](#)
Subject: Liberty Charter Highschool approval
Date: Saturday, August 22, 2020 1:09:15 PM

To Whom it May Concern:

My name is Kaitlyn Woods and I hope that you will approve Literacy Charter High School.

I attended both public school and Charter school, and am currently attending Liberty Charter High School this school year. Last school year, my freshman year of high school, my parents let me choose my school of choice and I decided to go to West Hills High School in Santee, CA. I was excited to do theater and to go to high school. When school started I had a lot of anxiety and found that I wasn't liking public school after having been in Charter School for several years. Class sizes at the high school were around 40 kids per class. My teachers were very impersonal. I felt like a number....my teachers didn't know me, nor did they attempt to ever build a relationship with me, unlike Literacy First Charter Schools did. This made me feel alone. I experienced bullying, I saw drug and alcohol use, inside of the classroom and out. I was teased for the clothing I wore, and I just didn't feel safe.

This Fall, I'm proud to say that I am returning to Liberty Charter High School even though it's in Lemon Grove, CA. and not close to where I live. This is why I write this letter to you! I hope you will approve Liberty Charter High School in El Cajon on Chase Avenue. It will not only make it easier for my family, but for many families that the school already helps. A lot of the kids I go to school with are Chaldean and Arabic, amongst others, who wouldn't have the chance to go to such a great high school.

Please approve our school. We do great things! We have small class sizes and our teachers LOVE us and know us by name! We are not just another number here and I can learn and thrive!

Thank you,

Kaitlyn Woods

Date: Friday, August 21, 2020 5:47:10 PM

Dear Commissioners,

I am writing to you in hopes you will approve of the new location for the LCHS in El Cajon. We chose to send our son to LCHS because of the quality of education we knew he could receive. The only disadvantage is the school is located in Lemon Grove, whereas our home is located in El Cajon. There are huge advantages of this new location: 1) the proximity to our home, 2) the new site in general is in a much safer neighborhood than the current location, and 3) will allow our children to have a sense of community with the school they attend.

Relocating the High School to El Cajon will serve to keep more students moving from the middle school up to the high school. It's a challenge when your child moves to a new school in a different area where there are no children they know from the previous school. Having the high school in closer proximity to the elementary and middle schools creates a family environment where they can build relationships that last a lifetime.

Thank you for your attention and work regarding the new school, it is much appreciated.

King regards,
Liberty Bock-Heers

Good evening Commision members,

My name is Lori Benitez and my son has gone to the Literacy First Charter Schools since kindergarten. He has been given an amazing education and made lifelong friends. The education is amazing, but so is the character building.

My hope is that you will see that building this High school will be a gift, not only to our students, but to the community, as they will be blessed with young adults that have been taught character.

Thank you for your time!

Lori Benitez

Dear Commissioner,

I'm requesting that your office considers Literacy Charter High School for approval.

As a parent and resident in the community I value the great education Literacy provides. There high level of education will only make our community better as it instructs young people how to be better citizens and members of our society.

As a parent with 2 children in their school and a third on her way, I appreciate the care they have for my son, who is on the autism spectrum, and thier quality of education - for teaching values of respect, honor and integrity...as an officer in the Navy I trust them with the care of my children's minds - emotionally, socially and intellectually. That is hard to find anywhere but that makes this school unique and an asset to our community.

Thanks for your consideration!

Sincerely,

Marc Kitsko

August 22, 2020

San Diego County Planning Commission,

I am a parent at Literacy First Charter School and I am writing to ask you to please approve the construction of the new Liberty Charter High School in El Cajon.

My daughter Kaylan in 4th Grade and Chloe in 8th Grade have been at LFCS since kindergarten and it's our hope that they will continue their education at LCHS.

LFCS does not only have a quality education for our children but their core values align with the values we teach at home and that is very important for us as a family. The new location would make a great positive impact for us since our kids go to two different campuses, having all campuses in el Cajon would save us precious time in the mornings and afternoons.

Thank you for time, attention and hard work regarding LCHS.

Sincerely,

Maria Cornejo

Dear Commission members:

I am a mother of an eight years old boy who is studying at the Literacy First Charter School. My request is for you to authorize LIBERTY CHARTER HIGH SCHOOL in El Cajon.

Since my son was born, I heard from my friends and some members of my family that their children attended the schools assigned to them according to their address. I did not stay with that idea, I have always looked for the best school for him, and I got it. This past year was his first in second grade in this school. Now I see that it was worth the wait. I see him happy and keeps his excellent grades and better yet, he is improving them.

Now I have the news that we may have the LIBERTY CHARTER HIGH SCHOOL close to home, that will make easier our life as a worker family. I, my family and parents like me, will be very grateful to you to approve LIBERTY CHARTER HIGH SCHOOL in El Cajon City, that means one more dream to come true for the developing of my son and many more children.

Thank you so much in advance for your attention and work regarding our school.

Maria Enriquez.

We have only had our son at Liberty Charter High School, and it has been amazing. It was exactly what he needed. He found motivation in the staff, other students, and clubs. He joined the robotics team and for the first time ever they made it to the finals!

With a new campus, the school will be able to grow and help countless other kids like mine, with a modern campus and facilities to support the programs our youth really need.

Please approve this project and support a program that has made dreams possible for so many.

Thank you for your time.

Hello Ms. Russell,

I support the building of the Liberty Charter High School. I grew up in that area and graduated from the nearby Valhalla High School. This charter high school is a great educational opportunity for families that prefer charter schools... My daughter and I would have loved the option to go to this charter school on Chase Ave!

My children grew up in the Liberty academy since kindergarten. It is a special school, like no other. It is a large family of intelligent people who respect and care about each other and expect very high standards of learning and character.

Please support the students, staff, and families of present and future.

Thank you,

Iris Olivares-Searcy

Subject: The Proposed Liberty Charter HS in El Cajon
Date: Sunday, August 23, 2020 9:51:59 PM

To the Members of the San Diego County Planning Commission,

I am writing to encourage you to approve the proposed Liberty Charter High School in El Cajon. My two daughters (in 10th and 6th grade) have received an excellent education in this charter school system, and my older daughter has truly thrived through the greater personal connection that the small size of the high school provides.

In regards to the benefits of the new location, having the high school in El Cajon with the rest of the Literacy First schools would cut down travel time and gas usage significantly for our family. While I know a few other El Cajon residents are unhappy with the proposed location, the school has put considerable time and money into alleviating traffic problems, etc., that might arise. Our family lives across the street from the Literacy First Primary Academy, and while my daughters no longer go there, I don't mind the little bit of additional traffic during the drop off and pick up times. These schools are a tremendous asset to our community, and are well worth any minor inconvenience.

Thank you for taking the time to read this letter, and for all you do to help our community. I hope you will see how the Liberty Charter High School will greatly benefit El Cajon and approve the new location.

Sincerely,

Paige O'Neal
(An El Cajon resident for most of my life!)

This email is to kindly and respectfully request your approval of the Liberty Charter High School plan.

My son has been part of Literacy Charter school since 2015. He currently attends the Liberty Academy location. The building of the Liberty Charter High School is extremely important to me because my son's future depends on it. My son has mild autism and speech delay since age 3. Choosing the right school for him was extremely important to me. I took extreme caution in choosing a school for him to attend. They have met all my expectations and continue to do so. The special ed department in particular has been amazing since he started Kindergarten in 2015. Due to his condition my son needs a consistent educational structure. He does not adapt to changes as a normal student his age would. Having him enrolled in the same Charter school from Elementary to Junior High and to High school would only benefit him and enable him to succeed in school. That is why it is extremely important that you support the building of Liberty Charter High School. Please support my son!

Lastly, I am proud to say that Literacy First Charter School is the best school for my son. I made the right choice in enrolling my son into Liberty Academy.

Sincerely,
Pamela Perez

August 24, 2020

San Diego County Planning Commission,

I have two students at Literacy First Charter School and I am writing to ask you to please approve the construction of the new Liberty Charter High School in El Cajon.

At LFCS they go above and beyond in children's education, they teach citizenship and community values that go along with the ones we teach at home. They teach our kids to be a responsible part of our community and to care for others.

For our family it is very important that our kids continue their education at LCHS.

The new location would make a great difference for our family since we have our kids in two different campuses It will be of great help having all campuses in El Cajon and at such a short distance.

Thank you for your hard work regarding LCHS.

Sincerely,

Pedro Hermosillo

To the San Diego County Commissioners:

I am writing you today to ask that you please approve Liberty Charter High School.

As a grandmother of a 3rd grade student and longtime friend of the Literacy First Charter Schools (LFCS) community, I humbly ask that you support our efforts for a seamless educational program by giving us the opportunity to house our own high school students in close proximity to our other campuses. A choice of a preferred educational model through senior graduation is the desire of all LFCS's families. Unfortunately, that ideal has been greatly sacrificed not having a high school campus close to our other LFCS campuses and the neighborhoods we serve.

Many of our families have been waiting for the new high school but have to make the tough decision to either stay with LFCS and make the roundtrip trek to where we currently house our high school students OR attend a neighboring high school, within walking distance from their homes, eliminating their commute outside the greater El Cajon area.

Building a high school has been the goal and vision of LFCS for far longer than the six years this process has taken to garner approval to build the high school. It is my hope that long before my granddaughter completes 8th grade that many of the students before her will have the opportunity to be in the new Liberty Charter High facility and able to continue the educational benefits of LFCS, as desired.

Thank you for your kind consideration and diligence in reviewing the materials related to this project. I believe this project will serve the community well while fulfilling the vision and needs of the students and families of LFCS and Liberty Charter High.

Respectfully,
Priscilla Schreiber

From: [Randolph Houts](#)
To: [Jimenez, Ann](#)
Subject: Liberty Charter High School
Date: Monday, August 24, 2020 6:20:48 PM

Ms. Jimenez,

I'm writing to express my support for the approval of Liberty Charter High School's new location. Although my wife and I have had some exposure to other schools in the area, we've put two girls through Liberty Charter from Kindergarten through high school; one will graduate this year, one is an entering Sophomore.

The new location will cut our commute by about 65%, a very significant savings of mileage and time and it will mean that we don't have to drive down into the Highway 94 and Lemon Grove areas at all, removing our vehicles from a rather busy corridor for commuters. It's also nice to have quicker access to campus for any number of reasons, as you might imagine. That would put me in a better mood and I'm less likely to honk at you, for one thing!

While I'm aware there are some traffic concerns expressed by opponents of the location, I have rarely experienced an organization so diligent about vehicle/traffic control and flow patterns than the Literacy First/Liberty crew. I don't know of a single school that doesn't represent some inconvenience to traffic during drop-off and pick-up times. I'd put Liberty's plans and efforts well ahead of the type of free-for-all most established schools represent now that it's so common for parents to drive children rather than having them walk, bike, or take a bus as was common in my school years. You won't please everyone on this issue, but I see the increased traffic levels as a minor sacrifice to good education and a potential boon to businesses in the area. There are also adequate ways for commuters to divert in the area.

My final comment is perhaps the most important one. While you may hear from people, and vociferously so, who oppose Liberty moving to this new location, you will never hear it from anyone who's ever had a child in the school and experienced the wonderful, committed faculty and exceptional learning environment that Mrs. Beyer and the administrators of Liberty have achieved. The waiting list for this school says all you need to know from the people with skin in the game on the schools in the Valley area. Liberty has helped us raise and educate girls who are excelling in all categories of academics. They experienced an orderly learning environment, received instruction in civics and history that is so tellingly missing elsewhere, and learned to be moral and of good character. Some might say that, if tomorrow's children are fortunate, schools like Liberty will be their future. The irony of it is that Liberty is, in fact, a school attempting to use modern educational method to provide a straightforward, classical education. It's the best of the past with an eye on the future and no, Mrs. Beyer didn't feed me that line. I'll bet she wishes she'd thought of it, actually! My parting suggestion then is that, when you consider the opposition voices here; please understand that some of them are opponents of Charter Schools and/or competitors, and I respectfully submit that such considerations are not appropriate bases on which the Commission may deny approval to Liberty.

I appreciate the Commissioners taking a moment to review this letter and against any overwrought,

emotional hyperbole that the school represents ensured gridlock, commercial ruin, and the uncontrolled spread of COVID-19 in East County, I'd ask each of you to do everything you can to help a small school that's trying to accomplish such important things, and against the weight of huge institutional inertia. Liberty's a good thing for kids, the school's perhaps the highest use of that dusty plot that one might imagine, and it's worth any marginal inconvenience it might cause during commute times.

Best Regards,

Randolph C. Houts, Esq.

Date: Friday, August 21, 2020 10:19:54 PM

Dear Ms. Jiminez,

I am writing to you today to voice my support for the building of Liberty Charter High School (near the intersection of Chase and Jamacha.) As a lifelong community member of East County, I am well versed in the local high school options. I think that there is great value in all types of learning environments. Some students will thrive in large environments, and others will be lost. Liberty Charter High School is a small community where each child is seen and valued. I have seen that firsthand.

PLEASE vote to support the building of Liberty Charter High School, and give the 800 families who already trust LFCS with their children each day a high school location to call home, near their homes.

To whom it may concern-

Just a quick note to ask the Planning Commission to please approve the plan for Literacy First Charter School. About 7 years ago, our eldest daughter was beginning kindergarten. Our neighborhood school was a low performing school, so we sought a better education for her by entering the lottery for Literacy First Charter School. Little did we know when we were accepted via the lottery that our daughter (and future kiddos) were not only receiving the best education, they were getting a second family, where everyone knows their names, and cares about their success academically, socially, and mentally. It is important to our family, and many others that our kiddos have the choice to continue their education in this wonderful environment, in our part of town. All other LFCS schools are located in El Cajon, so it just makes sense that in order to serve the LFCS families that the high school is also in El Cajon. Our family has many reasons we'd like you to approve this plan, but in the spirit of keeping things brief in consideration of your time, I will end it here. If you'd like to hear more from me, please do not hesitate to ask.

Take care,
Sarah Wolken

Dear San Diego County Planning Commission,

I am writing to urge your support for the proposed construction and operation of Liberty Charter High School on Chase Ave in El Cajon. LCHS needs a permanent home and is the only small, public, comprehensive, five day per week classroom based, comprehensive high school in the East County. At LCHS, every student is known and families choose us for the traditional high school experience but on a smaller campus where all students are supported and where accountability is high. We serve students not well served by the large traditional high schools in El Cajon and whose parents cannot afford private school and who do not want an independent study high school program.

I have served as the vice principal since we opened our doors in the fall of 2008.

Thank you for your consideration. Please support the construction and operation of LCHS.

Hi i will approve the building the new liberty charter high school, i think it would be great to have it close to us and the use of this wonderful district. We appreciate everything that being done

[Sent from Yahoo Mail on Android](#)

Public Correspondence- Support Item 1- 2 of 2

I strongly advocate for Liberty Charter High School to have a home in El Cajon. I went to the LFCS program from K-12, and this school has fundamentally formed my character, integrity, and grit as a student to be as successful as I am at UCSD.

I live across the street from Valhalla high school, so of course I understand the concern of implementing another high school. Valhalla is a nightmare with loud football games, band practice, and commencement ceremonies. I could tell you the score of the soccer game from my own backyard. However, Liberty Charter is one of the few schools in the district comprised of the most uplifting staff, hardworking students, and welcoming community. The impact of Liberty Charter would be not only beneficial for El Cajon, but absolutely necessary for the rising generation. The next generation deserves to have the choice of attending a school that makes them feel known, cared for, and recognized. With Liberty Charter's small population of 400 students, students and alumni feel empowered to reach their potential.

Liberty Charter does not host obnoxious sporting events or even have prison-sounding bells to guide students to class. Liberty Charter advocates for taking responsibility of the impact that they make in their community, and they demonstrate this with the wonderful relationships they have with their other campuses on Mollison/Washington, Bradley/1st, and the Lemon Grove community. They are intentional with the work that they do, and they ensure that every aspect of their program is efficient and effective for students, families, and their neighbors.

I urge you to think about the incredible impact Liberty Charter will have for the El Cajon community, and take a stand with me to fight for schools that truly invest in their students.

New eComment for Planning Commission Hearing

Alejandra Wilkinson submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: Having Liberty Charter High School in the El Cajon neighborhood would be such a wonderful thing. I know from being a graduate of Liberty Charter that the school staff does their best they can to provide a good education for their students. Not only that but they teach about integrity and perseverance, teaching their students good morals. I am looking forward to the new high school building and the success that will come out of it.

Meeting: Planning Commission Hearing

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: Please support building Liberty Charter High School in El Cajon! Literacy First Charter Schools have provided this community with an invaluable service--quality education for their children in a safe, nurturing environment. Moving the high school to El Cajon will allow them to continue to provide an excellent education in a more convenient location, giving all students the chance to continue attending.

eComment: I support Liberty Charter being built. This has been a long journey & it's time for a forever home for our high school. If you know LFCS you know our families are very aware of our neighbors and try our hardest not to disrupt the neighborhood. I know that is a major concern. LFCS is the best "choice" we have made when it comes to our children's education.

Meeting: Planning Commission Hearing

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: I fully support the building of this high school. The impact on the neighborhood streets is minimal, and the impact on these high schoolers and their families is huge.

Erica Flinn submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 1. Liberty Charter High School Major Use Permit; PDS2018-MUP-15-027 To speak on this item call (619) 343-2539 and use ID 705 961 167#

eComment: This land is destined to be developed; so I support the building of a high school for a public charter school that has been established in this county for 20 years. A place where a lucky group of young adults will be known by name by the entire staff and be nurtured and molded to be outstanding human beings and members of the community. I'd much rather this, than a strip mall or more homes. I strongly support the building of Liberty Charter High School!

eComment: Literacy First Charter Schools consistently goes above and beyond to benefit their students as well as their neighbors. The staff at every campus are kind people with hearts to love on and serve others and their students. Debbie Beyer, the founder and principal of Literacy First Charter Schools, will seek to find ways to fix any issues that may arise. Also to go a step further and benefit the community. This land will be best under the care of Liberty Charter High School. They are great people.

eComment: I support Liberty Charter High School's new building plan! Our three children have been enrolled for years in the Literacy First Charter and are now in 12th, 8th and 4th grade. The school will provide additional options to more families and communities through this new High School. LFCS is a great school and provides outstanding education to the communities of San Diego. Vote yes to the building plan!

eComment: I support the building of Liberty Charter High School! This school has been such a blessing for our family. Our son wasn't getting the help he needs in a traditional public school. He is thriving at Literacy First Charter School and has nothing but positive things to say about the teachers, staff & students. Both of our kids need to continue through 12th grade here and without this new location, would not be able to do that. Not all schools are equal for all kids.

New eComment for Planning Commission Hearing

Kathleen Dulawan submitted a new eComment.

Meeting: Planning Commission Hearing

Item: Regular Agenda Items

eComment: My granddaughters have attended Liberty Charter since kindergarten, the oldest is now in high school. This school would be a godsend for them as well as all the other students because of the quality education that it affords it's students. We have lived in this area for 35+ years, above Valhalla High School, so we know of and have put up with the traffic situation. This much smaller school site would not affect the traffic to the extent that the detractors claim.

Please vote YES!

eComment: The Liberty Charter High School's building plans go far beyond the aesthetic design, these buildings will afford East County students opportunities to pursue learning through intentional academic programs, character development, and extracurricular activities. The plans, joined by fiscal responsibility, experienced leadership, and dedicated faculty, provide evidence that this facility adds community value. Vote to approve LCHS building plans and join in developing the next generation of leaders.

eComment: We have been a Literacy First family for over 8 years. Next year, our oldest will enter high school. Our school has proven time and again to be reliable and intentional in decision-making, consistently prioritizing the best interests of students and their families over the politics or the opportunity for financial benefit. Our school families support LFCS and LCHS because our school succeeds and excels at education. The results speak for themselves. Please approve our new high school!

eComment: I live across the street from the proposed site, and I fully support this project! The studies have shown there to be hardly any additional traffic delays, in fact, it will actually improve that intersection. I also support increased school choice for the children. LFCS has a great reputation for bringing value to their communities, and this high school will impact our neighborhood in a positive way. My husband and I are excited about the opportunities it will create for more youth in our area!

eComment: I strongly support the building of Liberty Charter High School and it's location. This will only strengthen our community by providing a safe environment for our children. We need to focus on what is best for the children and not our personal gains or personal lifestyles. IT'S FOR THE CHILDREN. They will benefit from this 1000%!

eComment: I write in strong support of the plan to construct Liberty Charter High School, a Literacy First School. For two decades, Literacy First has provided a quality education to all comers, serving predominantly children of otherwise underserved areas. Its leadership is exemplary--visionary, competent and stable--and creating a permanent home for this school program is a necessity. Please approve this plan. Please approve this plan without delay, for the children and for the community at large.

eComment: This is an amazing school. My youngest daughter is currently attending. Both of my older daughters graduated from here and both are attending California public universities. They both frequently remark on how prepared they were for college. In this school every child is known, loved, and supported by teachers and staff. This high school needs a permanent home, so that the great programs like Robotics can continue, and young minds grow.

eComment: As a former teacher and administrator in the Grossmont district for 40 years, I can unequivocally state that Liberty Charter is a fantastic school. The El Cajon/RSD area should be thrilled to have them in their neighborhood. If my four kids were still in school they would be attending here. The traffic situation that is being mentioned by the opposition is an easy fix especially with the small size of the student population and the fact that most of the students come from the El Cajon area.

eComment: I strongly support the plan to build Liberty Charter High School. Literacy First has been providing quality education to its students for decades as proven by it's track record. A permanent home for this school in this district is very important for the students, so that they do not have to leave the district for their educational growth . The traffic calming, directing and safety solutions can be addressed during the master planning and design phase. I request you to Please approve.

eComment: My wife and I support building this charter high school. Our daughter has been with Literacy First since Kindergarten and is now in 11th Grade. Though she will graduate before she can enjoy this new school, we feel that so many others will benefit from it's construction. Our experience with Literacy First has been outstanding and we have had no complaints. The Literacy First Charter School system (K-12) is well managed, has excellent teachers and contributes to thoughtful and productive adults.

eComment: I strongly oppose Liberty Charter HS for the following reasons: Within 5 miles of the proposed site there are 8 high schools, including Valhalla approximately 1 mile away and another charter HS is Steele Canyon also close by. Traffic is already congested, it's next to establishments that sell liquor and a hookah lounge. A single entrance/exit would be difficult and extremely dangerous to the community. Additionally the history of purchase and inspection raises serious ethical questions. OPPOSE

September 16, 2020

Esteemed Planning Commissioners,

The comment below we believe to be fraudulent. In our records search of Liberty Charter High School students, we have no record of any student with the name "John Onza". There was a similar comment by a CC as well.

We consider this comment to be a fraud with the intent of defaming our school and moreover, the project before you.

Please consider that as you view the comments made regarding the Liberty Charter High School project.

[John Onza](#) at September 14, 2020 at 8:35pm PDT

Oppose

I unfortunately attended this horribly-managed and underfunded high school all four years, and I believe it should stay exactly where it is. It would be horribly disruptive for students that live near the campus to now commute all the way from LG to RSD. Moreover, Valhalla is WALKING distance from the proposed site for this new campus (and traffic is bad as is!). They should work on improving their current campus and not ruin our local community.

Thank you. ~db

Debbie Beyer

Executive Director

Literacy First Charter Schools

I Support the Students of Liberty Charter High School

Published by Heather Beyer on 25th Jul 2020

We, at Literacy First Charter Schools excitedly await the approval of our NEW HIGH SCHOOL location at 1530 Jamacha Rd. in El Cajon.

We have completed several environmental impact studies that range all the way from traffic to archaeology regarding the site of our proposed high school. We have revised our plan under the guidance of the San Diego County Planning and Development Services, as well as several specialty firms including Hamann Companies.

We are now ready to ask for YOUR SUPPORT! Will you sign this petition in support of building Liberty Charter High School at 1530 Jamacha Rd in El Cajon??!!

To the community - We would like to emphasize that Literacy First Charter Schools values community involvement as a key tenant of our educational model. We believe that good citizenship includes being good neighbors. Our student body, our families, and our faculty and staff are committed to this goal with us. We value ownership, and we conduct our school day and events with integrity. We expect that our staff and students conduct themselves in the same respectful manner. Per our commitment to being good citizens, and per our proposed agreements with the San Diego County planning department: lighting, traffic, noise, environmental impact, and the safety of our families and yours have been carefully studied. The results of these studies have yielded several positive changes to our plan over the course of many many months of careful revision.

Literacy First Charter Schools will be celebrating its 20th year this fall. Our enrollment has grown every single year that we have existed, along with our waiting list that sometimes includes over 1,000 eager families. Our proposed high school will serve a maximum of 450 students. At Literacy First, every child is known. We believe that education is not a one size fits all endeavor. Some students thrive in large schools, and some thrive in small schools. Shouldn't we give our families a choice when it comes to the place where their child will spend seven or more hours per day? We do not seek to replace or detract from any school that is presently operating. We currently have over 1,000 students enrolled in our K-8 programs within the boundaries of El Cajon. These students will funnel into our high school year by year.

Literacy First Charter schools exists to NURTURE the whole child from Kindergarten through high school graduation by IGNITING a passion for comprehensive literacy, and EQUIPPING them to wholeheartedly participate in their community.

Regarding traffic concerns - Per the 122 page Focused impact Traffic Study prepared by Kimley-Horn and Associates for Liberty Charter High School, the average control delay for the intersection at Chase and Jamacha will increase by 0-5 seconds during peak commuting time. To put in perspective the impact, the amount of cars during peak times on Jamacha Rd (Chase Ave to Penasco Rd) will increase from 26,170 to 26,363. The actual maximum capacity of this type of roadway is 37,000 cars. The section of roadway on Chase Ave (Jamacha Rd to Dwy 1) being widened as part of the construction will go from a current maximum capacity of 16,200 vehicles to an improved maximum capacity of 25,650 vehicles.

Regarding community safety -In the evaluation of environmental impacts in our Initial Study, the

potential for adverse direct or indirect impacts to human beings were considered in the response to certain questions in: Aesthetics, Air Quality, Geology and Soils, Hazards and Hazardous Materials, Hydrology and Water Quality, Noise, Population and Housing, and Transportation and Traffic. As a result of this evaluation, there is no substantial evidence that there are adverse effects on human beings associated with this project.

PLEASE JOIN US BY SIGING AND SHARING THIS PETITION TO SHOW YOUR SUPPORT FOR THE NEW HOME OF THE LCHS LIONS! For the Pride!!! Thank you so much for your support. You can visit us online at www.lfcsinc.org

We, the undersigned, support building Liberty Charter High School at the location 1530 Jamacha Rd in El Cajon.

59		Alesha	Miller	alyjmiller@hotmail.com	7172 Hybeth Drive	91941	Jul 26, 2020
This is an exemplary school. My boys have been in this charter family going on 12 years. We have been hoping for and excited about building this high school, and the kids have been waiting patiently for years. Please consider this amazing opportunity for our kids to continue their education with friends and educators who are a family. They care, we care and we know that every measure has been taken in order to consideration the concerns of community. Give our kids a chance. Many thanks!

177	Mrs	Nada	Hermiz	sandiego68@cox.net	2044 California springs court	Spring valley, ca 91977	Jul 27, 2020
	Large public schools are not for everyone. They were perfect for my two older sons but not my third child. Without Liberty first charter high school my son would've been a high school dropout. Rather he graduated And is on his way to a four-year college. Keep students choice. High school is preparing children to make decisions. Allowing them to choose the high school they wanna attend it's a first step. Not all children can adapt to a large environment. Again my son is a perfect example of a successful charter high school.

393	MS	April	Schroeder	anphoop24@yahoo.com	10229 Gaul Way	91977	Jul 29, 2020
	This school has been such a great experience. Our kids learn to think about what they portray, in the classroom, on the field, in the gym and at events. Often people give compliments TM our students on their citizenship, sportsmanship and respect. The new campus will just add value to these students!						
394	Ms	Susan	Scott	sscott@cox.net	4217 Blackton Drive	91941	Jul 29, 2020
	Liberty Charter High School has been a very good experience for my grandkids. I would like to see as many other kids as possible to have an equally good experience. The teachers are excellent and have helped so much in giving my grandkids opportunities to develop their skills. They have both graduated now, but I would help in any way I could to encourage as many kids as possible to attend this school.

	LCHS offers families who cannot afford private school tuition a comprehensive 5 day per week on site high school learning environment that prioritizes academics and character development on a campus where every student is known. This is unique to the El Cajon area and serves students who do not thrive in the large traditional public high schools.

	Please allow this excellent charter school the opportunity to serve the community where most of its' students already live. Right now, they have to drive to Lemon Grove which is highly inconvenient. This will be a huge blessing to many families.						
511	Mr	Gerardo	Zaragoza	gznunez40@gmail.com	12505 Total Road, space 79. El Cajon, CA	92021	Aug 04, 2020
	This is a great institution. My children have studied in this school. Please allow them to build the new school in this area. Thanks.

	I am requesting that you approve Liberty Charter High School. Both of my children attended Literacy First Charter School from kindergarten on, and my son will be a 2021 graduate. I was a parent chaperone for many of the field trips, and was able to see firsthand the quality of teachers and importance of student relationships. My son has an autism spectrum disorder but was able to mainstream into a regular classroom with limited support and has blossomed into a very social young man. A lot of my children's classmates opted for other schools because the current high school is located in Lemon Grove. I believe situating it in El Cajon will increase enrollment and student retention.

The new location for the Literacy First Charter School is much closer to the other Literacy First Charter Schools: Junior Academy, Primary Academy and Liberty Academy. This would make it much easier for parents to drop off and pick up their children, especially for families who have children at multiple LFCS schools. I fully support the new High School location at 1530 Jamacha Rd in El Cajon, CA.
