New eComment for Planning Commission Hearing

Kathleen Lippitt submitted a new eComment.

Meeting: Planning Commission Hearing

Item: E. Public Communication: Opportunity for members of the public to speak to the Commission on any subject matter within the Commission's jurisdiction, but not an item on today's Agenda.

eComment: Community stakeholders (county planning groups and residents) need to be provided information from the experts to help them learn what the potential impacts from a commercial marijuana industry in their communities portends. They need to hear from environmental scientists, public health, addiction specialists, ER docs, U.S. Fish /Wildlife reps, or environmental damage restoration expert on MJ cultivation, NOT marijuana industry stakeholders, including district supervisors carrying their water.
