New eComment for Planning Commission Hearing

Kathleen Lippitt submitted a new eComment.

Meeting: Planning Commission Hearing

Item: C. Public Communication: Opportunity for members of the public to speak to the Commission on any subject matter within the Commission's jurisdiction, but not an item on today's Agenda. If you would like to speak on this item call (619) 343-2539 and use ID 962 531 675#

eComment: The marijuana industry's activities are socially, academically, environmentally, and economically destructive to existing community friendly businesses and sensitive uses. Their political influence is corrosive and detrimental to the public good. County residents are not served by granting drug dealers permission to exploit our unincorporated communities. Attempts to cloak this Cannabis Equity for the Future in the ideological language of equity makes it no less destructive and inequitable.
