New eComment for Planning Commission Hearing

Cynthia Morgan-Reed submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 1. Socially Equitable Cannabis Program; PDS2021-POD-21-001 (Summary Ordinance Updates to Enable Ongoing Operation of Existing Medical Marijuana Collective Facilities)

eComment: I am a land use attorney representing the cannabis operators operating legally in the County of San Diego as Medical Marijuana Collective Facilities ("Operators"). We support the County's endeavors however, there are three issues the Operators ask you to direct staff to change. First, they urge you to include CEQA Exemption 15304. Second, they do not support capping the total expansion allowed under the exemptions at 10,000 square feet. Third, do not restrict water usage to municipal water.

New eComment for Planning Commission Hearing

Joe Eberstein submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 1. Socially Equitable Cannabis Program; PDS2021-POD-21-001 (Summary Ordinance Updates to Enable Ongoing Operation of Existing Medical Marijuana Collective Facilities)

eComment: Please consider these facts when moving forward. Marijuana is the primary drug of choice for youth ages 12-17 in San Diego County drug treatment programs. THC is an intoxicant which can lead to crashes and ER visits. Prior to expanding access to marijuana, measures need to be implemented to safeguard our youth and community from these adverse outcomes. The sale of marijuana products has a definite impact on neighborhoods and due to these facts a full environmental review should be conducted.
