## New eComment for Planning Commission Hearing

Barry Jantz submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 2. Update on Vehicle Miles Traveled Analysis in the Unincorporated Region

eComment: I request that Friday's discussion of the Vehicle Miles Traveled (VMT) issue be continued, to avoid a conflict with tomorrow's SANDAG decision on the Regional Transportation Plan. The SANDAG issue has a direct impact on the VMT matter. It is important the Commissioners first know and take into account the outcome and implications of the SANDAG vote. A continuance will avoid this conflict and assist the Commissioners in having all of the information required for a full discussion of VMT.

Ms. Jimenez:

I respectfully request that Friday's County Planning Commission discussion of the Vehicle Miles Traveled (VMT) issue be continued to a future date to avoid a conflict with tomorrow's SANDAG decision on the Regional Transportation Plan.

The SANDAG issue has a direct impact on the Vehicle Miles Traveled matter. It is important the Commissioners first know and take into account the outcome and implications of the SANDAG vote prior to taking up the VMT discussion, while allowing all interested parties an opportunity to testify on both subjects.

A continuance will avoid this conflict and assist the Commissioners in having all of the information required for a full discussion of VMT.

Thank you,

Barry Jantz

Ms. Jimenez; I would urgently request the Planning Commission to consider continuing Item 2 on the Commission agenda (December 10, 2021) until a convenient date in January 2022. As you may know SANDAG is having a hearing on the Regional Transportation Plan which in many ways will likely impact any decision made by the County of San Diego.

I believe it is in the public's best interest that the Commission be fully apprised and informed of decisions or actions by SANDAG that might come out of their hearing *before* the Commission considers this matter. I had planned on attending this Commission hearing and testifying regarding the County's approach to this matter, however I will of necessity be attending the SANDAG hearing and will be sorely disappointed if the Commission were to go forward on this matter without considering the regional policy implications of the SANDAG board.

Yours truly

Lee Vance
