## New eComment for Planning Commission Hearing

Justin Schlaefli submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 2. Update on Vehicle Miles Traveled Analysis in the Unincorporated Region

eComment: I request that the Planning Commission continue this item to a future date certain. As many Commissioners know, there is a critical vote at SANDAG scheduled at the same time as this meeting. The SANDAG meeting will be deciding the Regional Transportation Plan (RTP) for the indefinite future which has serious implications for any discussion of Vehicle Miles Traveled (VMT). It would be prudent for the Commission to consider the outcome of Friday's SANDAG vote in making their recommendations.

Hello,

On behalf of the San Diego Regional East County Chamber of Commerce, I respectfully request that Friday's Planning Commission meeting be continued to a future date certain to avoid a conflict with the critical SANDAG decision on the Regional Transportation Plan scheduled for the same date and time. Our members would like to be represented at both hearings and would love the opportunity to testify at both hearings but cannot. As the SANDAG decision has a direct bearing on Vehicle Miles Traveled decisions at the County and the future availability of alternative transportation options in many regions of the County, it is imperative that the Commissioners understand the outcome and implications of the SANDAG vote in making their decision as well as offering all interested parties an opportunity to testify on this important subject. A continuance will avoid this conflict and ensure the best possible information is available to the Commissioners.

Respectfully,

Rick
