

2.7 Significant Irreversible Environmental Changes Resultant from Project Implementation

CEQA Guidelines Section 15127 requires irreversible changes be evaluated in EIRs prepared for projects that would involve: (a) the adoption, amendment, or enactment of a plan, policy, or ordinance of a public agency; (b) the adoption by a Local Agency Formation Commission of a resolution making determinations; and (c) the requirement for preparing an environmental impact statement pursuant to the National Environmental Policy Act. None of these circumstances applies to the Proposed Project; therefore, analysis of significant and irreversible environmental changes is not required.
